Right Search Engine Marketing Agencies & Tools Jeev Trika, 2010-07-13 In today's business world your success relies directly upon your ability to make your mark online. An effective website is one that can sell your products or services 24 hours a day 7 days a week. Many businesses turn to online marketing experts to help them navigate the choppy waters of online marketing. Web service providers can help make your website the go-to resource for you, but how do you know who to hire? Online marketing providers come in many different price categories and levels of competency. Without doing your due diligence you'll end up placing the viability of your company's website in the wrong hands. In this book, SEO services expert Jeev Trika will walk you through multiple categories of search engine marketing that your business will need in order to have an effective presence online. Each chapter looks at an industry in depth and shows you what to look for in an excellent service provider or software package. The categories covered include search engine optimization, pay per click management services, link building, content services, social media, landing page optimization, video, SEO, affiliate marketing, local SEO, mobile optimization, virtual spokesperson, site audit services, hosting, training programs, PSD to HTML conversion services, press release distribution services, SEO shopping cart software, PPC bid management software, email marketing services, web analytics software, and marketing automation software. In each chapter you'll learn the basics of each service or software and see real-world examples of how actual customers have been helped by professionals in the field. Armed with this information you'll be able to confidently hire and work with a web services professional or company to get your website where it needs to be.

Fundamentals of Advertising John Wilmshurst, Adrian Mackay, 2010-02-17. The Fundamentals of Advertising is widely recognized as the most comprehensive and informative introduction to the area for both professionals and students. The new edition has been fully revised and updated and provides a comprehensive coverage of the whole business of advertising and its associated promotional areas, including public relations, sales promotion, and sponsorship. The authors use a wide range of examples to illustrate their themes, and an informative series of guidelines and checklists of value not only to students but to those applying the various techniques. Topics the authors examine include: The role of the advertising agencies; Planning advertising campaigns; Setting budgets; The scope of below the line promotion; How advertising materials are created and produced; The issue of control in advertising; International advertising.

Direct Marketing in Practice Matthew Housden, Brian Thomas, 2012-04-27. Direct Marketing in Practice is a practical manual for all managers and marketers getting to grips with the powerful techniques available to skilled direct marketers. The book shows how to: Plan a direct marketing campaign; Integrate new technology with conventional direct marketing practice; Maximise the impact, efficiency, and return on investment of your activities; Evaluate the success of a campaign and improve on it next time. Accessible and illuminating, each chapter in the book includes review questions and exercises to help you practice what you have learnt. In addition, the authors have used their considerable experience in the field to assemble many examples of best practice worldwide. These place the theory in a practical, real-world context and demonstrate what a dramatic effect direct marketing can have on sales and profitability. Those contemplating or starting a career in direct marketing will find Direct Marketing in Practice an invaluable guide to contemporary practice. It is essential reading for all undergraduate students of marketing and business, as well as those undertaking professional examinations in this area.
