Choosing Peace:

Choosing Peace Bridget Moix, 2019-04-24 Despite deep roots in local community organizing and peace activism the peacebuilding field over the past two decades has evolved into a stratified and often disconnected community of academics policymakers and practitioners While the growth into a more recognized and professionalized field has led to significant improvements in how decision makers and influential thinkers accept peace and conflict resolution theory and practice it has also left certain communities behind Individual activists community based groups and locally led civil society organizations in other words the people most directly experiencing the results of violent conflict and striving to overcome and transform it remain notably on the margins of what has become the more recognized international peacebuilding field As a result the inherent links between policies and practices of the global North particularly the United States where much of the professional peacebuilding community is concentrated and the daily realities of rising violence and collapsing order experienced by communities in the global South are glossed over or apportioned to the fields of political science or international affairs Similarly the daily community level efforts of people and groups within the United States and other global North countries seeking to address drivers of violence and injustice in their own communities are largely disconnected from the struggles of communities living inside recognized war zones for a more peaceful and just future These disconnects within the peacebuilding field have increasingly become obstacles to its further evolution and improvement Without a serious shift in direction toward more integrated interconnected and intersectional understanding and approaches the peacebuilding field threatens to become just another Western driven industry in which powerful decision makers politicized funding and large international bureaucracies sustain themselves Reconnecting the field with its roots of community based activism organizing and courageous leadership is urgently needed and a necessary step to improving our collective efforts to build a more peaceful just and sustainable world Drawing on the voices and experiences of community based peace leaders around the world this book envisions a new way of working together as a truly local and global peacebuilding field one in which undoing the roots of violence and injustice is not something that takes place in the field but in the streets of our own neighborhoods and in solidarity with others around the world

Peace Anonymous - the 12 Steps to Peace Johnny F, 2012-06-26 Well intentioned people such as Bono and John Lennon have for years implored us to stop killing each other in much the same manner family members have begged alcoholics to stop drinking Perhaps we are addicted to war and violence and like

alcoholics we need more than to simply stop we needed to find a new design for living The 12 Steps have been instrumental in changing the lives of over 3 million alcoholics in over 77 countries regardless of religious faith Those who once knew only chaos pain and suffering have discovered peace as a result of these Steps Consider the Steps as a recipe for peace Should they fail to produce the desired results we will refund your misery and you may return to killing at your leisure *The Quiet Rebellion - Choosing Peace in a World Built on Chaos* Frank Major, MAGARET ATWOOD, 2025-10-05 In a world that glorifies speed noise and endless hustle calm has become an act of defiance We chase success attention and validation yet feel more anxious angry and disconnected than ever The Quiet Rebellion is a call to arms for a different kind of revolution one fought not with noise but with stillness It's about reclaiming your inner peace in a culture addicted to chaos distraction and constant comparison Inside you'll discover Why the world keeps you overstimulated and how to break free from it The hidden cost of hustle culture on your mind relationships and identity How to master the art of stillness clarity and emotional resilience The daily practices that anchor you when life spins out of control How choosing peace can become your greatest form of power This isn't about escaping the world it's about facing it with calm strength and conscious intent The Quiet Rebellion will challenge the idea that peace is passive and show you how it can be your most radical act of self-mastery If you've ever felt overwhelmed by noise chaos or the pressure to always be on this book will remind you peace isn't weakness it's rebellion

Choose Wisely - A 31 Day Devotional: Learn How to Make Choices to Transform Your Life Debby Sibert, 2021-04-22 Have you found that some of the many choices you make on a daily basis have become habits that don't serve you well We have to become intentional about avoiding those poor choices to experience a better way of life Do you want to make a positive impact and leave the world around you a bit better than you found it Then let's choose to make wiser decisions remembering that words matter character counts and our conduct what we think say and do reveals our heart The purpose of this 31 day devotional series is to help us all focus on godly characteristics and attributes that can become a daily part of our character and equip us to make wise choices When we make wise choices based on God's Word they will bring us

the satisfaction in life that we all long for which will gradually transform our lifestyle into one that will be an example for others and point them to Christ My goal in this series is to help you fall in love with Jesus in a new and fresh way as we discuss all these character qualities that He modeled for us in the Scriptures As we focus our attention on His attributes and embrace an eternal perspective imitating what he modeled for us the more we will think and act like Him Isn't that awesome We become like those with whom we spend the most time The way we think affects how we feel and how we feel affects the way we behave If we want to change the way we act we must go back and change our thoughts and choices We are only as close to God as we choose to be Keep in mind God gives us the freedom to make choices however we have to deal with and don't get to choose the consequences of both the good and bad choices we make Jesus chose to die for us The least we can do is to choose to live for Him I am so thankful for Debby Sibert for her writing for her teaching and for her life She is the real deal She loves God's Word and she loves helping people experience abundant life according to God's good design You will be blessed encouraged challenged and ultimately changed by God's grace through her David Platt New York Times Best Selling Author Lead Pastor McLean Bible Church

Greedy Business Leonard Amattey,2015-12-04 The book GREEDY BUSINESS is a satire directed at human behaviour particularly in regards to human priorities to choose between acts of humanitarianism and greed The author notes that politics indeed is part and parcel of life but no where is it so vividly portrayed than in education and at the work place to satisfy human obsession with greed Then he admitted I cannot deny my role in that but that cannot justify it As individuals we allow Greed to Triumph Morality without humanitarian consideration for others in our efforts to improve quality of our life and that is inexcusable This book is therefore about that aspect of human thinking that can justify

individuals doing things to others that they would not like others to do them I wonder how many of us find the necessity to take a step backward to explore the choices we have made to do the things we have done to others that we would not like to be done to us because if done to us they would likely destroy our quality of life Yet some how some of us can justify some of the things we do to others as the result of the choices we have made without humanitarian consideration for them in the name of improving quality of our lives at the expense of our victims Well I did take a step backward and my observations suggest that humans obsession with Greed confirms why we do the things to others that we would not like to be done to us Our tendency to want more and more at the expense of others without humanitarian consideration for the quality of life of others has blinded our moral responsibility to be fair The purpose of writing this book is therefore to share my observations and thoughts with others in the hope that they too may find the need to take a step backward and explore the choices made in the past to do certain things to others that they would not like others to do to them 20 Things I Know for Sure Karen Casey,2019-09-01 Simple Truths for a Peaceful Life A collection of contemplations on life spirituality and peace of mind from a much loved self help author Cultivating a Path Toward Peace When Karen Casey chose to commit to a spiritual path her direction in life changed Gentle and honest she looks back at her personal experiences to help readers make sense of their world and travel down their own spiritual path Life Lessons All Around You In 20 short chapters Casey shares words of wisdom about life loss and everything in between Taking on universal themes she reveals what matters most about unconditional love the importance of peace and more Inside find inspirational life lessons like Only through relationships can we heal You are right where you are meant to be If you share their journey learn If you enjoy essay collections by Mary Oliver and Anne Lamott or books like No Time to Spare and Peace Is Every Step you ll love Karen Casey s 20 Things I Know For Sure Be sure to check out other books by Karen Casey like Each Day a New Beginning Let Go Now and Daily Meditations for Practicing the Course *Did Buddha Suffer Depression?* Dr. ARUN MAJI,2023-11-04 A friend That Heals Your Wounds Looking for a friend who can whisper healing words to you Encourage you Support you Look no further Did Buddha Suffer Depression is your silent friend ready to whisper healing to you This book delves into your hopes despair strengths weaknesses dreams failures victories and losses It s not just my voice it s yours too Combining insights from medical science philosophy and spirituality this book offers a multidimensional approach to addressing mental health which is itself a multidimensional challenge It is authored by a Sydney based doctor who has been to many battlefields around the world He has seen it all human cries amidst war and human hope and resilience in unexpected places He has even lived in the cold Himalayan caves with a monkey on his lap Yes that s his way to seek enlightenment We all know life is filled with pain From our first cries to our last sighs pain is an inescapable part of our existence If you encounter someone who claims to have never experienced pain check their pulse they may be mistaken However despite the pain we continue to breathe live and even find moments of joy This resilience is not mere existence it s courage in action Yet life isn t always easy Some days
