Chosen For Death:

A Chosen Death Lonny Shavelson,1995 Featuring moving accounts of terminally ill people who have faced the choice of ending their own lives this book adds a profound human dimension to the debate over assisted suicide **The Chosen Dead** Matthew Hall,2014 When Bristol Coroner Jenny Cooper investigates the fatal plunge of a man from a motorway bridge she little suspects that it has any connection with the sudden death of a friend s 13 year old daughter from a deadly strain of meningitis But as Jenny pieces together the dead man s last days she s drawn into a mystery whose dark ripples stretch across continents and back through decades In an investigation which will take her into the sinister realms of unbridled human ambition and corrupt scientific endeavor Jenny is soon forced to risk the love and lives of those closest to her as a deadly race to uncover the truth begins *The Anticipatory Corpse* Jeffrey P. Bishop,2011-09-19 In this original and compelling book Jeffrey P Bishop a philosopher ethicist and physician argues that something has gone sadly amiss in the care of the dying by contemporary medicine and in our social and political views of death as shaped by our scientific successes and ongoing debates about euthanasia and the right to die or to live *The Anticipatory Corpse* Medicine Power and the Care of the Dying informed by Foucault s genealogy of medicine and power as well as by a thorough grasp of current medical practices and medical ethics argues that a view of people as machines in motion people as in effect temporarily animated corpses with interchangeable parts has become epistemologically normative for medicine The dead body is subtly anticipated in our practices of exercising control over the suffering person whether through technological mastery in the intensive care unit or through the impersonal quasi scientific assessments of psychological and spiritual medicine The result is a kind of nihilistic attitude toward the dying and troubling contradictions and absurdities in our practices Wide ranging in its examples from organ donation rules in the United States to ICU medicine to spiritual surveys to presidential bioethics commissions attempting to define death and to high profile cases such as Terri Schiavo s *The Anticipatory Corpse* explores the historical political and philosophical underpinnings of our care of the dying and finally the possibilities of change This book is a ground breaking work in bioethics It will provoke thought and argument for all those engaged in medicine philosophy theology and health policy **The Tragedies of Vittorio Alfieri: Complete, Including His Posthumous Works: Philip. Polynices. Antigone. Virginia. Agamemnon. Orestes. Rosmunda. Octavia. Timoleon. Merope. Mary Stuart** Vittorio Alfieri,1876

The Practical Works of Richard Baxter: with a Life of the Author and a Critical Examination of His Writings by William Orme: A treatise of self-denial. Obedient patience Richard Baxter,1830 **Lethal Injection** Jonathan R. Sorensen,Rocky LeAnn Pilgrim,2006-05-01 Few state issues have attracted as much controversy and national attention as the application of the death penalty in Texas In the years since the death penalty was reinstated in 1976 Texas has led the nation in passing death sentences and executing prisoners The vigor with which Texas has implemented capital punishment has however raised more than a few questions Why has Texas been so fervent in pursuing capital punishment Has an aggressive

death penalty produced any benefits Have dangerous criminals been deterred Have rights been trampled in the process and most importantly have innocents been executed These important questions form the core of Lethal Injection Capital Punishment in Texas during the Modern Era This book is the first comprehensive empirical study of Texas s system of capital punishment in the modern era Jon Sorensen and Rocky Pilgrim use a wealth of information gathered from formerly confidential prisoner records and a variety of statistical sources to test and challenge traditional preconceptions concerning racial bias deterrence guilt and the application of capital punishment in this state The results of their balanced analysis may surprise many who have followed the recent debate on this important issue

Chinese Women Writers and the Feminist Imagination, 1905-1948 Haiping Yan,2006-11-22 *Chinese Women Writers and the Feminist Imagination 1905 1948* provides a compelling study of leading women writers in modern China charting their literary works and life journeys to examine the politics and poetics of Chinese transcultural feminism that exceed the boundaries of bourgeois feminist selfhood Unlike recent literary studies that focus on the discursive formation of the modern Chinese nation state and its gendering effects Haiping Yan explores the radical degrees to which

Chinese women writers re invented their lives alongside their writings in distinctly conditioned and fundamentally revolutionary ways The book draws on these women s voluminous works and dramatic lives to illuminate the range of Chinese women s literary and artistic achievements and offers vital sources for exploring the history and legacy of twentieth century Chinese feminist consciousness and its centrality in the Chinese Revolution It will be of great interest to scholars of gender studies literary and cultural studies and performance studies The Message of Jeremiah Christopher J. H. Wright,2023-11-14 In this BST volume Christopher Wright shows that Jeremiah is a book about the victory of God s love and grace Jeremiah s portrait of the future is one that is fulfilled in the life death and resurrection of Jesus the Messiah and ultimately in God s dwelling with his with his redeemed people forever in the new creation *Breaking the Thread of Life* Robert Barry,2017-07-28 Suicide and how civilized people should respond to it is an increasingly controversial topic in modern society In Holland suicide is the third leading cause of death of people between the ages of fifteen and forty In the United States it is the second leading cause of death among older teenagers Laws prohibiting assisted suicide are being directly and boldly confronted by activists in the United States most notably Jack Kevorkian Meanwhile the American Civil Liberties Union has publicly declared suicide a fundamental human right that should be protected under the Constitution The Hemlock Society has introduced referenda in California Washington and Oregon to legalize suicide and assisted suicide The most vocal opposition to these initiatives has come from the Roman Catholic church *Breaking the Thread of Life* marshalls philosophical moral medical historical and theological arguments in support of the Roman Catholic position against suicide In a comprehensive study of the history of suicide Barry shows that Christian civilization was one of only a few early societies that was able to bring suicide under control He counters claims that Catholicism and the Bible endorse rational suicide Barry also analyzes arguments in support of the rationality of suicide and illuminates their biases inadequacies and dangers Barry presents the rationale for the Roman Catholic church s strong extensive and articulate opposition to efforts to gain legal and social endorsement of suicide and assisted suicide His book represents the most complete study of the classical Roman Catholic view of rational suicide to date and it will be of significant interest to philosophers theologians physicians and lawyers **Dignified Dying** Boudewijn Chabot,2015-07-24 Methods for a humane and self chosen death The aim of this book is to stimulate communication between very ill or very old persons and their relatives The hope is to give them some peace of mind when they have a well considered and unwavering wish to die even after discussing this wish with loved ones This peace of mind will come from the knowledge that they can take control of such an intimate process as their own death **The Passion of Charles Moore** Jeff Hood,2019-05-24 Everything was quiet Small towns are known to move a little slower Grand Saline Texas was no different In the midst of such a pace United Methodist pastor Rev Charles Moore got out of his car at Dollar General doused his body with gasoline and torched himself In time it became apparent that Charles died due to a deep concern about issues of social justice The notes are very explicit In the midst of great evil Charles knew that

resurrection is not possible without death The hope of resurrection pushed him on How far will we let such hope push us The world is on fire and Charles stands ready to guide us through the flames Nothing is quiet The Dream of Christian Nagasaki Reinier H. Hesselink, 2015-12-21 Nagasaki on the west coast of the Japanese island of Kyushu is known in the West for having been the target of an atomic bomb attack on August 9 1945 Less well known is that the city was founded by Europeans Jesuit missionaries who arrived in the area in the second half of the 16th century The Jesuits had come to convert the Japanese After baptizing a Japanese lord or daimyo of the area they established Nagasaki in 1571 to provide the Portuguese a safe harbor in his domain Profits for the daimyo and the Japanese who converted to Christianity soon followed This book is the first comprehensive history in any language of the rise and fall of Christian Nagasaki 1560 1640 The author provides a narrative of the city's early years from both the European and Japanese perspectives Living to Die, Dying to Live Michael W. Shirey, 2019-10-03 Christianity is dying in parts of the world it is already dead Yet there is hope but it will require radical surgery that many are unprepared to accept as necessary The vast behemoth that calls itself institutional Christianity must die if the Jesus Movement upon which it was founded is to live The essential message of the Christian gospel is that death leads to new life Is Christianity ready to embrace this truth and die so that it can live **The Practical Works of the Late Reverend and Pious Mr. Richard Baxter ...
