Adman's Dilemma Paul Rutherford,2018-01-01 The Adman s Dilemma is a cultural biography that explores the rise and fall of the advertising man as a figure who became effectively a licensed deceiver in the process of governing the lives of American consumers Apparently this personage was caught up in a contradiction both compelled to deceive yet supposed to tell the truth It was this moral condition and its consequences that made the adman so interesting to critics novelists and eventually filmmakers The biography tracks his saga from its origins in the exaggerated doings of P T Barnum the emergence of a new profession in the 1920s the heyday of the adman s influence during the post WW2 era the later rebranding of the adman as artist until the apparent demise of the figure symbolized by the triumph of that consummate huckster Donald Trump In The Adman s Dilemma author Paul Rutherford explores how people inside and outside the advertising industry have understood the conflict between artifice and authenticity The book employs a range of fictional and nonfictional sources including memoirs novels movies TV shows websites and museum exhibits to suggest how the adman embodied some of the strange realities of modernity *Jesus and the Adman* Rhidian Brook,1998 The Last Historian in Galilee M. M. Silver,2025-04-17 What do the history and cultures of Judaism and Christianity have to say about the most urgent and complicated problems and crises of our times Is it a logical outcome of relations between these faiths that Israel is increasingly accused of colonialism or genocide and also vociferously defended against these charges by Christians and Jews in America and elsewhere Is the widespread sense that truth in politics and public life has become an endangered species also a logical outcome of how Jewish and Christian relations and affairs have evolved since the period of Jesus and the Second Temple through to the start of the twentieth century and up to today And what about these religions and their histories and the glaringly unequal distribution of wealth in democracies today The three essays in The Last Historian in Galilee examine the three broad issues laden within such questions money truth and power Branching out from the Galilee

region of Jesus youth where fracture between the two religions first erupted these readable lively essays survey how the two religions have related to these topics for two thousand years They end with a no holds barred discussion of the three topics contemporary expressions as in debates about Zionist colonialism **Educating the Consumer-citizen** Joel

Spring,2003-05-14 In *Educating the Consumer Citizen A History of the Marriage of Schools Advertising and Media* Joel Spring charts the rise of consumerism as the dominant American ideology of the 21st century He documents and analyzes how from the early 19th century through the present the combined endeavors of schools advertising and media have led to the creation of a consumerist ideology and ensured its central place in American life and global culture Spring first defines consumerist ideology and consumer citizen and explores their 19th century origins in schools children s literature the commercialization of American cities advertising newspapers and the development of department stores He then traces the rise of consumerist ideology in the 20th century by looking closely at the impact of the home economics profession on the education of women as consumers and the development of an American cuisine based on packaged and processed foods the influence of advertising images of sports heroes cowboys and the clean shaven businessman in shaping male identity the outcomes of the growth of the high school as a mass institution on the development of teenage consumer markets the consequences of commercial radio and television joining with the schools to educate a consumer oriented population so that by the 1950s consumerist images were tied to the Cold War and presented as the American way of life in both media and schools the effects of the civil rights movement on integrating previously excluded groups into the consumer society the changes the women s movement demanded in textbooks school curricula media and advertising that led to a new image of women in the consumer market and the ascent of fast food education Spring carries the story into the 21st century by examining the evolving marriage of schools advertising and media and its ongoing role in educating the consumer citizen and creating an integrated consumer market This book will be of wide interest to scholars professionals and students across foundations of education history and sociology of education educational policy mass communications American history and cultural studies It is highly appropriate as a text for courses in these areas **History of the Development of the**
