**Italian Film in the Light of Neorealism** Millicent Marcus, 2020-03-31 The movement known as neorealism lasted seven years generated only twenty one films failed at the box office and fell short of its didactic and aesthetic aspirations Yet it exerted such a profound influence on Italian cinema that all the best postwar directors had to come to terms with it whether in seeming imitation the early Olmi in commercial exploitation the middle Comencini or in ostensible rejection the recent Taviani Despite the reactionary pressures of the marketplace and the highly personalized visions of Fellini Antonioni And Visconti Italian cinema has maintained its moral commitment to use the medium in socially responsible ways if not to change the world as the first neorealists hoped then at least to move filmgoers to face the pressing economic political and human problems in their midst From Rossellini's *Open City* 1945 to the Taviani brothers *Night of the Shooting Stars* 1982 The author does close readings of seventeen films that tell the story of neorealism's evolving influence

on Italian postwar cinematic expression Other films discussed are De Sica's *Bicycle Thief* and Umberto D De Santis's *Bitter Rice* Comencini's *Bread Love* and Fantasy Fellini's *La strada* Visconti's *Senso* Antonioni's *Red Desert* Olmi's *Il Posto* Germi's *Seduced and Abandoned* Pasolini's *Teorema* Petri's *Investigation of a Citizen above Suspicion* Bertolucci's *The Conformist* Rosi's *Christ Stopped at Eboli* and Wertmüller's *Love and Anarchy* Scola's *We All Loved Each Other So Much* provides the occasion for the author's own retrospective consideration of how Italian cinema has fulfilled or disappointed the promise of neorealism

**Photography, Architecture, and the Modern Italian Landscape** Lindsay Harris, 2024-11-19 *Photography Architecture and the Modern Italian Landscape* explores the impact of photography at a pivotal moment in Italian architecture and culture focusing on the period between 1910 and the mid 1970s The book analyzes architectural photographs taken by Italian cultural figures who helped transform the Italian landscape into what we know today This study charts the oscillation of Italians' ideas about what progress signified For example the book demonstrates that for writers and artists familiar with ancient ideas about civilization in 1910 the Roman countryside exemplified the contradictions inherent in primitivism On the one hand their photographs praised the region's primordial beauty yet their images condemned the crudeness of local living conditions More broadly it traces the history of primitivism and photography in Italy to show how cultural leaders alarm at the nation's pre-modern living conditions their aspiration to modernize them and their grasp of photography to catalyze the process helped forge the modern Italian landscape its monuments housing infrastructure and natural environments At the same time it explores a vibrant period in photographic history when the advent of photographic reproduction as a commercial process developed into a medium with its own visual style capable of shaping ideas about modernity This new image making and reproduction technology empowered Italy's cultural leaders not simply to represent the Italian landscape through photography but to determine how it developed Of interest to researchers and students from a range of disciplines modern architecture photography and Italian studies this book demonstrates the power of art to transform society and to reformulate our ideas of progress

**Anti-Southern Racism and Education in Post-War Italy** Grazia De Michele, 2023-02-24 This book investigates the racism against Southern Italian children attending North Western primary schools between the 1950s and the 1970s Turin serves as the main case study having become the third Southern city after Naples and Palermo during the considered period Far from being a new phenomenon racism against Southern Italians gained renewed prominence in the context of the post-war mass internal migrations becoming one of the pillars of the

process of nation rebuilding However in spite of its relevance it has not received the attention it deserves By drawing on a wide range of sources printed archival photographic and oral and situating itself at the intersection of the history of racism of education of psychiatry and of psychology the book aims to fill this gap and to add to the debate on the borders that nation states establish to control the access to power of the different groups inhabiting their territories Its interdisciplinarity makes it suitable for students and researchers across a variety of subject areas Christ Stopped at Eboli the Story of a Year - Primary Source Edition Carlo Levi, 2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book *Braudel Revisited* Gabriel Piterberg, Teofilo Ruiz, Geoffrey Symcox, 2015-10-06 Fernand Braudel 1912 1985 was a leading French historian and author of among other books the groundbreaking *The Mediterranean and the Mediterranean World in the Age of Philip II* 1949 One of the founders of the Annales School in France Braudel insisted on treating the Mediterranean region as a whole irrespective of religious and national divides Braudel's new historiography rejected political history as the dominant discipline and espoused a total history or a history from below that would tell the story of the vast majority of humanity hitherto excluded from the grand narrative At the time of the book's appearance this premise was revolutionary The contributors to *Braudel Revisited* assess the impact of Braudel's work on today's academic world in light of subsequent methodological shifts Engaging with Braudel's texts as well as with his ideas the essays in this volume speak to the enduring legacy of his work on the ongoing exploration of early modern history
