Reaching the Marginalized, 2010-01-01 Children at risk of marginalization in education are found in all societies At first glance The lives of these children may appear poles apart The daily experiences of slum dwellers in Kenya ethnic minority children in Viet Nam and a Roma child in Hungary are very different What they have in common are missed opportunities to develop their potential realize their hopes and build a better future through education A decade has passed since world leaders adopted the Education for All goals While progress has been made millions of children are still missing out on their right to education Reaching the marginalized identifies some of the root causes of disadvantage both within education and beyond and provides examples of targeted policies and practices that successfully combat exclusion Set against the backdrop of the global economic crisis The Report calls for a renewed financing commitment by aid donors and recipient governments alike to meet the Education for All goals by 2015 This is the eighth edition of the annual EFA Global Monitoring Report The Report includes statistical indicators on all levels of education in more than 200 countries and territories Reading: what can be measured? Roger Farr, 1969 *Adult Literacy Programs in Uganda* Anthony Okech, Roy A. Carr-Hill, 2001-01-01 The policy of the World Bank has been to focus on universal primary education rather than supporting adult literacy programmes But slow progress in Sub Saharan Africa has convinced the Bank that adult literacy especially amongst women is a key factor in promoting economic and social development This study of programmes in Uganda shows that adult literacy programmes can be more effective than was previously thought that government run programmes can be as effective as those run by non governmental organisations and that there is a large unsatisfied demand among Ugandan adults for more education
