countries in Europe address the foundations including definitions core issues measurement assessment research methods psychodynamic psychology and religion and evolutionary psychology as a foundation for the psychology of religion religious and spiritual development across the lifespan and the neural and cognitive bases of religion and connections to emotion personality culture and social behavior They discuss religious practices and rituals conversion experiences prayer spiritual struggles fundamentalism forgiveness values and morality and implications for individual and collective well being in terms of health mental health coping psychotherapy workplace spirituality research terrorism and other areas New topics in this edition include cross cultural issues spiritual goals emotional values and mindfulness Most chapters have been redesigned or rewritten with 25 new and eight revised chapters The main themes of the book are more integrated and the introductory and concluding chapters argue that the application of religious meaning systems and the multilevel interdisciplinary paradigm can allow reconceptualization of the field and expand research Annotation 2013 Book News Inc Portland OR booknews com

Essential Psychology R.B. Burns,1991-04-30 While this book is concerned with psychology let no reader believe that after studying it he or she will be a budding psychologist Only those elements of psychology which are central to the adequate functioning of the professional in the health and allied caring services are covered Many popular topics such as intelligence memory concept formation will not be found within the covers of this book The objective of this book is to enable those professionals who have responsibility for the well being health and care of others to develop insight into and to become more empathetic to the needs motivations feelings and behaviour of their charges An ancillary objective is that the readers too might come to understand a little more about their own behaviour particularly in relation to their work situation Patients in hospital children in residential care the elderly in the old folks home are all perceiving and thinking organisms not merely interesting medical cases a classical set of symptoms a collection of statistics or a bulging case file Every person whether professional or client is affected by the way others respond to them by the feelings each has for the other by the non verbal signals of eye contact smile and voice tone etc

Why Motivating People Doesn't Work...and What Does, Second Edition Susan Fowler,2023-05-16 Leaders who want to amp up employee morale should take a look Publishers Weekly What if the answer to motivating people is to stop trying to motivate them The second edition of this bestseller reveals how motivation science is essential for solving the most vexing leadership issues from hybrid work and retention to employee engagement Leaders face a motivation dilemma Traditional command and control management styles and carrot and stick motivation techniques have been proven ineffective Motivation researcher and leadership consultant Susan Fowler expands on her groundbreaking Spectrum of Motivation model in this updated post pandemic edition New chapters tackle motivation science s role in managing remote and hybrid work expose overused tactics such as gamification and tokens and tell the fascinating backstory behind the great resignation and quiet quitting Fowler s approach to leadership is fresh pragmatic and inspiring But it s also empirically sound Her framework builds on Self Determination Theory equipping leaders with skills to

encourage choice deepen connection and build competence Leaders who mastered this method have experienced breakthroughs with higher retention lower turnover greater acceptance of DEIJ initiatives and a more vital creative and resilient workforce Through her experiences working with organizations and leaders around the world Fowler reminds us that motivation is at the heart of everything people do and everything they don't do but wish they did When managers integrate motivation science into their everyday leadership practice an evolutionary truth emerges people can be highly productive and flourish simultaneously
