

The background of the slide is a photograph of a person sitting on a rocky ledge, looking out over a vast, hazy landscape with mountains in the distance. The person is wearing a blue jacket and is seen from the back. The landscape is filled with rolling hills and mountains, some of which are shrouded in mist or haze. The sky is a pale, hazy blue.

Key Concepts in the Study of Religions in Contact Knut Martin Stünkel, 2024-12-19 There is no religion lest there are two religions Therefore it is only possible to examine the history of religions by taking the crucial situations of contact into account Contact needs concepts Not only scholars but also participants in situations of contact are forced to conceptualize themselves and the other Taking its point of departure from the contact based approach to the study of religion the present volume examines and reassesses a selection of concepts and models attraction dynamics and stability tradition

transcendence immanence senses secret space used to come to terms with the phenomenon of contact as the dynamizing element of the history of religions **Religion: Key Concepts in Philosophy** Brendan Sweetman, 2007-06-23 An

introduction to the philosophy of religion for undergraduates *Religious Ideas, Feelings and Their Interrelationship* Theo van der Zee, 2007 Religious education seeks to help students acquire religious ideas by interpreting religious and other stories in accordance with their life world Schools pursue this goal by organising religious learning activities The question is whether the acquisition of religious ideas is possible for young students considering the difficulties such as the complex and not readily understandable religious stories and social developments as de institutionalisation de traditionalisation and pluralisation What are the possibilities for primary schools of teaching their students knowledge about religious ideas What is the influence of feelings on the acquisition What possibilities in the form of learning arrangements can be created for primary school students with their diverse religious backgrounds to acquire religious ideas optimally That is the cardinal problem explored in this study Philosophy of Religion: The Basics Samuel Lebens, 2022-09-13 This book introduces students and

other interested readers to the philosophy of religion a vibrant and growing field of academic philosophy Readers will be guided through an exploration of classic and contemporary arguments for and against theism In addition to this crucial but standard fare this book looks to probe deeper into the nature and value or dis value of religion itself Philosophy of religion is becoming more diverse both in terms of the religious traditions it examines and the issues that it addresses This book reflects that fact engaging with religious traditions from Quakerism to Jainism Questions and topics covered include What is religion What philosophical problems arise for the practices of prayer worship and meditation How might multiple religions co exist in peace If there s a God would it be the sort of thing that language could describe When and how might it be rational to wager that a particular religion is true With a glossary of key terms and suggestions for further reading Philosophy of Religion The Basics is an ideal starting point for anyone seeking a lively and accessible foray into the study of religion or philosophy Ritual: Key Concepts in Religion Pamela J. Stewart, Andrew Strathern, 2014-01-16 Ritual has emerged as a

major focus of academic interest As a concept the idea of ritual integrates the study of behavior both within and beyond the domain of religion Ritual can be both secular and religious in character There is renewed interest in questions such as Why do rituals exist at all What has been and continues to be their place in society How do they change over time Such questions exist against a backdrop of assumptions about development modernization and disenchantment of the world Written with the specific needs of students of religious studies in mind Ritual Key Concepts in Religion surveys the field of ritual studies looking at it both historically within anthropology and in terms of its contemporary relevance to world events **The Basic**

Ideas of Science of Mind Ernest Holmes, 2025-06-03 A brief account of the Science of Mind by the man who formulated it Ernest Holmes has condensed the wisdom of his classic Science of Mind into this warm yet penetrating statement The Science of Mind is the study of Life and the nature of the laws of thought in a spiritual Universe This philosophy believes there is One Infinite Mind that includes all there is whether it be human intelligence or the invisible Presence of God and is built upon the premise that we are living in a spiritual universe whose sole government is one of harmony where the use of right ideas is the enforcement of its law In 1927 a teacher writer and lecturer by the name of Ernest Holmes defined and established the Science of Mind philosophy by uncovering a clear and simple method he discovered while researching the wisdom of the ages from many disciplines This newfound practical and spiritual approach to living an abundant life evolved into what is now the Science of Mind Textbook which has been the cornerstone to Religious Science churches and Centers for Spiritual Living around the world Over the course of his life the textbook became a beacon of light to millions of readers and followers but to others the 600 page tome presented itself as an obstacle to beginners simply because of its intimidating size In what turned out to be one of his last books before his death in 1960 Holmes published this introduction after its initial release as an article in the Science of Mind Magazine to help individuals easily understand the concepts before taking the first steps of their new spiritual journey **The Critical Analysis of Religious Diversity** Lene Kühle, Jørn Borup, William Hoverd, 2018-06-19 Drawing on international and thematic case studies The Critical Analysis of Religious Diversity asks its

readers to pay attention to the assumptions and processes by which scholars religious practitioners and states construct religious diversity The study has three foci theoretical and methodological issues religious diversity in non Western contexts and religious diversity in social contexts Together these trans contextual studies are utilised to develop a critical analysis exploring how agency power and language construct understandings of religious diversity As a result the book argues that reflexive scholarship needs to consider that the dynamics of diversification and homogenisation are fundamental to understanding social and religious life that religious diversity is a Western concept and that definitions of religious diversity are often entangled by and within dynamic empirical realities Contributors are Martin Baumann Peter Beyer Jørn Borup Paul Bramadat Marian Burchardt Henrik Reintoft Christensen Andrew Dawson Mar Griera Anna Halafoff William Hoverd Lene Kühle Mar Marcos Stefania Travagnin and Andreas Tunger Zanetti **Key Ideas in Sociology** Martin Slattery, 2003 Key Ideas

in Sociology provides a tour d horizon of the great sociological thinkers of the last two centuries their lives their main ideas and their influence on further thinking and practice in sociology Fifty key thinkers in sociology are represented both to give a sense of history to the development of the discipline and to exemplify the range of issues that have been covered Each essay concludes with an annotated Suggested Readings list and a General Bibliography is also provided

Anthropology of Religion: The Basics James Bielo, 2015-04-10 Anthropology of Religion The Basics is an accessible and engaging introductory text organized around key issues that all anthropologists of religion face This book uses a wide range of historical and ethnographic examples to address not only what is studied by anthropologists of religion but how such studies are approached It addresses questions such as How do human agents interact with gods and spirits What is the nature of doing religious ethnography Can the immaterial be embodied in the body language and material objects What is the role of ritual time and place in religion Why is charisma important for religious movements How do global processes interact with religions With international case studies from a range of religious traditions suggestions for further reading and inventive reflection boxes Anthropology of Religion The Basics is an essential read for students approaching the subject for the first time

The Anthropology of Religion, Magic, and Witchcraft -- Pearson eText Rebecca L Stein, Philip Stein, 2015-08-07 This book emphasizes the major concepts of both anthropology and the anthropology of religion and examines religious expression from a cross cultural perspective while incorporating key theoretical concepts It is aimed at students encountering anthropology for the first time

Religion and International Relations in the Middle East Sotiris Roussos, 2020-12-10 The volume has a twofold purpose first to question main presuppositions and perceptions regarding religion and international politics in the Middle East and second to reflect on the role s of religion in the regional order The first part deals with the contribution of religion to a post Western turn in International Relations in the Middle East and beyond It discusses the postsecular conceptual framework in order to expand their approaches to the analysis of the Middle East and addresses the search for religion s suitable place within International Relations taking as a starting point the social changes in the world and the postulated Mesopotamian turn in International Relations The second part focuses on the role of state like non state actors ISIS challenged the international order because contrary to revolutionary states in the past it negates the foundations of the Westphalian system At the same time the rise of ISIS had a tremendous impact on the jihadi sub system The third part studies the impact of religion on foreign and security policy Israel UAE UK and Saudi Arabia It explores how religion has been shaping each stage of the decision making process the position that religion holds in

perceptions of stability in the post 2011 era and the politics of moderate Islam arguing that even though moderate Islam has been devised for creating soft power it serves sharp power as well **Religion and the Workplace** Douglas A.

Hicks,2003-10-30 Table of contents **The Evolution of Everything** Brian Villmoare,2022-11-24 This book explores the underlying forces that have shaped the history and prehistory of the earth and humanity Psychology, Religion, and Spirituality James M. Nelson,2009-02-27 Over a century ago psychologists who were fascinated with religion began to study and write about it Theologians and religious practitioners have responded to this literature producing a fascinating dialogue that deals with our fundamental und standings about the human person and our place in the world This book provides an introduction to the important conversations that have developed out of these interchanges The dialogue between psychology and religion is difficult to study for a number of reasons First it requires knowledge of both psychology and religion People with a background in psychology often lack a solid understanding of the religious traditions they wish to study and theologians may not be up to date on the latest developments in psychology Second it requires conceptual tools to organize the material and understand the basic problems involved in any attempt to connect the science of psychology with religion These concepts can be found in many places for instance in the writings of philosophers of science but they are complex and often hard to follow for those without a proper theological and philosophical ba ground Finally authors who write on the topic come to the study of psychology and religion from a variety of academic and personal backgrounds This makes for wonderful diversity in conversations but it makes understanding and mastery of the material quite difficult Ethico-religious Concepts in the Qur__n Toshihiko Izutsu,2002 A revelation of the guiding spirit of the Islamic moral code Minds and Gods Todd Tremlin,2006-03-02 Around the world and throughout history in cultures as diverse as ancient Mesopotamia and modern America human beings have been compelled by belief in gods and developed complex religions around them But why What makes belief in supernatural beings so widespread And why are the gods of so many different people so similar in nature This provocative book explains the origins and persistence of religious ideas by looking through the lens of science at the common structures and functions of human thought **The Future of Value Inquiry** ,2021-12-28 This book explores the nature of values and the status of value studies at the turn of the millennium The contributors nineteen philosophers from fourteen countries introduce and defend an enriching variety of views regarding the present state and future prospects of value inquiry
