Thomas G. Gunning

Basic Reading K:

Guided Reading Basics Lori Jamison Rog, Lori Jamison, 2003 Provides a model for Guided Reading that can help teachers meet the varied needs of their K 3 students

Research-Based Methods of Reading Instruction for English Language Learners, Grades K-4 Sharon Vaughn, Sylvia Linan-Thompson, 2007-08-15 What can we do to help ELL students understand English In Research Based Methods of Reading Instruction for English Language Learners Grades K 4 Sylvia Linan Thompson and Sharon Vaughn provide over 60 field tested classroom lessons for ensuring English fluency among young nonnative speakers Each chapter focuses on research and activities in one of the following areas Phonemic awareness Phonics and word study Fluency Vocabulary Comprehension In addition to the many step by step activities and lesson plans the book includes in depth explications of linguistic concepts a glossary of terms and lists of relevant online resources The sooner students grasp the principles of English language acquisition the better off they are In this book you will find everything you need to get elementary level ELLs reading and learning successfully in English

Applied Cognitive Research in K-3 Classrooms S. Kenneth Thurman, Catherine A. Fiorello, 2014-04-04 This volume summarizes research on important topics in cognitive research and discusses what must be done to apply this research in early elementary classrooms Purposefully it focuses on areas of cognitive research that have only recently begun to be studied in early elementary classrooms or that based on educational and psychological theory appear to have the greatest implications for early classroom learning Part 1 Cognitive Applications in Early Elementary Classrooms examines topics germane to the cognitive functioning of young children working memory executive functioning theory of mind phonemic awareness and neuropsychological processing in the context of early elementary classrooms Part 2 Considerations for Further Research Methods Policy and Issues looks at practical and methodological issues of which applied cognitive researchers must remain cognizant methodology research designs the gap between science and policy and means by which this gap can be diminished and the need to consider how issues like ecological validity individual differences treatment integrity and the relation between assessment and intervention are integral to designing applied cognitive research studies The current emphasis on empirically supported treatments and research based teaching and intervention in the schools and legislation such as No Child Left Behind and the Individuals with Disabilities Education Improvement Act have focused attention on the scientific basis of educational practice However applying research to the environment of the schools is not an automatic process Bridging the gap has several prerequisites researchers must attend to the ecological validity of their studies universities must incorporate the results of research into their pre professional training programs and schools must support their inservice staff in developing new knowledge and skills Applied Cognitive Research in K 3 Classrooms contributes strongly to these goals not only by providing researchers professionals and graduate students in the fields of cognitive psychology school psychology educational psychology educational research and early elementary level education with current understanding

but also helping to set an agenda for further research that applies cognitive psychology in early elementary classrooms

Comprehensive Evaluations Nancy Mather, Lynne E. Jaffe, 2010-11-11 An invaluable collection of sample case reports from experts in child and adolescent assessment With contributions from authorities in the fields of psychology and special education including Dawn Flanagan Elaine Fletcher Janzen Randy Kamphaus Nadeen Kaufman George McCloskey Jack Naglieri Cecil Reynolds and Gale Roid Comprehensive Evaluations provides over fifty sample case reports to help you draft carefully planned goal directed and comprehensive evaluations that clearly explain the reasons for a student's school related difficulties from preschool to postsecondary level A wellspring of information for educational professionals Comprehensive Evaluations provides models for writing diagnostic reports to accompany the tests most frequently administered in the evaluation of children adolescents and adults including the BASC 2 KABC II WAIS IV WISC IV and WJ III The reports reflect various disciplines within psychology and education different theoretical perspectives and paradigms and span a broad spectrum of disabilities The diagnostic reports found within Comprehensive Evaluations will help Expand your familiarity with widely used test instruments Enhance your understanding of the interpretation of test scores Improve your ability to tailor written reports to the purposes of the evaluation Translate assessment results into meaningful treatment recommendations Recognize the differences in what evaluators from various school districts agencies and private practices consider to be a comprehensive evaluation Appreciate how your theoretical perspective and choice of tests can influence diagnostic conclusions Determine a report writing style that meets your needs Comprehensive Evaluations deftly illustrates how thorough assessments help empirically pinpoint the reasons a student is struggling in school which then allows an evaluator to select the most appropriate accommodations and interventions to help the student succeed
