How many Christian school teachers are fully familiar with God's biblical mandates for their vocation? School teachers inherently hold a powerful influence over students for good or bad. This sobering reality should motivate all school administrators especially in Christian schools to ensure that their teachers are spiritually qualified. Academic qualifications for teachers are essential but spiritual qualifications are critical for meeting the biblical goals of education. In fact it is the spiritual motivation and qualification of teachers that should be the greatest area of concern during the process of selecting faculty members to serve in Christian schools. Veteran teacher and Christian counselor Hooper offers twenty one defining principles that separate Christian teachers from those who are not Christian. Do today's school teachers make the grade? This book is a must read for all who aspire to serve God effectively in the school classroom. Duane Hooper is a school teacher, principal, ordained minister and board certified Christian counselor. His ministry was providentially redirected from the pastorate to education in 1990 when he began serving as teacher at Bay Area Christian School in League City, Texas. While serving as teacher and junior high principal, his passion for Christian education intensified. Concerning the influence held by teachers especially in light of Christ's love for children, Duane was burdened regarding the need for Christian teachers to model not just spiritual fruit but Christ's express love for children. Duane's love for students is manifested in his several nominations to Who's Who Among America's Teachers. With both masters and doctoral degrees in Christian education and a Ph.D. in Christian Counseling, Duane has an ardent passion to share what he believes to be a Bible-based vision for the ministries of Christian school teachers, whether serving in Christian or public schools.
