Baskets and Basketmaking Alastair Heseltine, 1982-01-01 While many traditional arts have become revitalised in recent years basketmaking remains largely unexploited It seems very often that appreciation for a subject arrives only when it is all but lost and it is hoped that this should not be the case with what has been called the most ancient craft This book describes the craft as it exists in Britain today from the cultivation of the willow to a detailed description of simple basketmaking It aims to give instruction to amateurs in a field that lacks reliable written information At the same time the illustrations show a selection of the types of baskets made by British craftsmen **Learning Basket Weaving - Traditional and Modern Techniques and Methods** Dueep Jyot Singh, John Davidson, 2016-03-20 Table of Contents Introduction Materials for Making the Baskets Cane Base Traditional Patterns Stakes By stakes Weavers Foot border Waling Upsetting Simple Randing Pairing Joining Weavers Trimming the Ends Maintaining the Finished Articles Some Traditional Patterns And Projects Making a Base Materials You Will Need Examples Cross design Popular Traditional Latticework Design Cane Fruit Basket Plaiting Handles Chair Seat Conclusion Willow Basket Fish trap Smaller baskets Author Bio Publisher Introduction Traditional cane basket weaving Basket work basket weaving or making containers out of cane is possibly one of the earliest crafts known to man Archaeologists have found traces in digs more than 7 000 years old in the Middle East and anywhere where ancient civilizations settled These vestiges of baskets showed that these people used baskets as the molds for clay cooking pots That was because the imprint of the basket weave showed clearly on the clay Plaited basket work has also been found in the Nile Delta some of which date back as early as 8000 BC Many museums all over the world have a priceless collection of engine basket work usually shown along with ancient and early poetry and the common factor seems to be that baskets have always been made of any material available that is pliable native and the design and the type is going to be largely dependent on the availability of the material The moment anybody talks about a basket you subconsciously associated with bringing home the shopping as these are nearly always used for carrying or holding things In fact I would not be surprised if you have one or 2 of these woven examples in your own house in the shape of lobster pots especially if you are a looking fisherman potato baskets to hold vegetables especially if you are a farmer decorative baskets for crediting a wine bottle containers to hold flowers and fruit containers for your table to hold bread rolls wicker baskets waste paper baskets work baskets lampshades baby cribs pet baskets picnic campers and houseplant holders The uses of such baskets are global and infinite bound only by your creativity and imagination This book is going to tell you all about how you can introduce yourself to this new satisfying craft and start basket weaving when you have some leisurely time and energy over the weekend You are definitely not going to be disappointed at the really attractive and soul satisfying final product and who knows this may be a start of a beautiful new business *Pomo Basketmaking* Elsie Comanche Allen, 1972 Baskets in Europe Maurice Bichard, 2008 Europa Tradition Korb Korbflechten Technik Rohmaterial ethnografische Quellen Holz Zweige
