

Basque Country A Modern History

Vito Breda

Basque Country A Modern History:

Landscape and Identity in the Modern Basque Country, 1800 to 1936 Maitane Ostolaza, 2022-12-30 Landscape and Identity in the Modern Basque Country 1800 to 1936 studies the relationship between landscape and modern identities in the Basque Country Using an interdisciplinary approach that combines cultural history and geography it analyses the process of historical construction of the Basque landscape highlighting its multiple political social and cultural meanings The book is divided into two parts the first examines the discourses images and representations of the Basque landscape the second examines landscape practices through tourism hiking and mountaineering Focusing on the Basque case but establishing numerous connections with comparable phenomena in Western Europe the book demonstrates that the landscape became a structuring element insofar as it helped shape individual identities while participating in the creation of social links This book examines the processes of identity construction from below by means of new interpretative tools such as the experience of landscape This work originally published in French brings to an English speaking audience a crucial issue in the modern history of the Basque Country namely the cultural construction of a collective identity within the framework of a nation state such as Spain confronted with multiple territorial identities Approaching this question from the perspective of landscape provides new keys to understanding the processes of nation building that occurred in Europe in the nineteenth and twentieth centuries

The History of Basque R. L. Trask, 2013-09-13 Basque is the sole survivor of the very ancient languages of Western Europe This book written by an internationally renowned specialist in Basque provides a comprehensive survey of all that is known about the prehistory of the language including pronunciation the grammar and the vocabulary It also provides a long critical evaluation of the search for its relatives as well as a thumbnail sketch of the language a summary of its typological features an external history and an extensive bibliography

The Basque Country and Navarre Stuart Butler, Murray Stewart, 2016-04-14 In this guidebook to the Spanish and French Basque Country and Navarre Murray Stewart covers the principal cities rejuvenated Bilbao beautiful San Sebastian verdant Vitoria and lively Pamplona and also delves deeper into the region's interior capturing the quirkiness that make it so special

Radical Basque Nationalist-Irish Republican Relations Niall Cullen, 2023-12-14 This volume explains the genesis and development of the nexus between radical Basque nationalists and Irish republicans how they have learnt from each other historically and how they have utilised this relationship at times to their benefit From medieval tales of shared origins to the violent conflicts largely wrought by ETA and the IRA the Basque Country and Ireland have long been associated in popular imagination Despite this little is known of historical Basque Irish relations and in particular the web of party political military and social movement connections between radical Basque nationalists and Irish republicans since the Irish Revolutionary Period 1916-23 Drawing on extensive archival research undertaken in Spain Ireland and the UK and more than 70 interviews conducted with politicians former paramilitaries and grassroots activists this is the first study to comprehensively document and analyse the

emergence evolution and implications of this mythified transnational relationship Radical Basque Nationalist Irish Republican Relations A History will appeal to students and scholars of Irish republicanism Basque nationalism terrorism studies and social movements studies as well as those interested in the contemporary history of Western Europe s two most volatile regions *Geschichtsbilder in Den Postdiktatorischen Ländern Europas* Gerhard Besier,2009 A New History of Iberian Feminisms Silvia Bermúdez,Roberta Johnson,2018-01-01 A New History of Iberian Feminisms is both a chronological history and an analytical discussion of feminist thought in the Iberian Peninsula including Portugal and the territories of Spain the Basque Provinces Catalonia and Galicia from the eighteenth century to the present day The Iberian Peninsula encompasses a dynamic and fraught history of feminism that had to contend with entrenched tradition and a dominant Catholic Church Editors Silvia Berm dez and Roberta Johnson and their contributors reveal the long and historical struggles of women living within various parts of the Iberian Peninsula to achieve full citizenship A New History of Iberian Feminisms comprises a great deal of new scholarship including nineteenth century essays written by women on the topic of equality By addressing these lost texts of feminist thought Berm dez Johnson and their contributors reveal that female equality considered a dormant topic in the early nineteenth century was very much part of the political conversation and helped to launch the new feminist wave in the second half of the century *Spain A Modern History*,1958 *Royalism, War and Popular Politics in the Age of Revolutions, 1780s-1870s* Andoni Artola,Álvaro París,2023-09-05 This book offers a ground breaking approach to royalism and popular politics in Europe and the Americas during the Age of Revolutions It shows how royalist and counterrevolutionary movements did not propose a mere return to the past but rather introduced an innovative way of addressing the demands and expectations of various social groups Ordinary people were involved in the war and adapted the traditional imaginary of the monarchy to craft new models of political participation This edited collection brings together scholars from France Spain Norway and Mexico to provide a transatlantic comparative perspective It is a must read for scholars and students looking to discover the lesser known side of the Age of Revolutions and the motivations of those who fought in the name of the king **Constitutional Crises and Regionalism** Vito Breda,2023-08-14 This informative book analyses regional constitutional crises where a large portion of residents no longer believe that the rule of law as defined by central institutions governs them Laying out a framework for effective governance in divided societies Vito Breda argues that peace and collaboration are linked to managing shared beliefs through constitutional law Inventing the modern region Talitha Ilacqua,2024-03-12 This book explores the process by which the French Basque country acquired a folkloric regional identity in the long nineteenth century It argues that despite its origins in pre modern customs this stereotypical identity was invented as part of France s process of nation building The abolition of privileges in 1789 prompted a new interest in local culture as the defining feature of provincial France shaping the transition from the pre modern province to the modern region The relationship between the region and the nation however was difficult Regional culture favoured the integration of

the French Basque provinces into the French nation state but also challenged the authority of the central state As a result Basque region building reveals the strengths and weaknesses of the unitary model of French nationhood in the nineteenth century as well as today

Three Plays of Maureen Hunter Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New

Europe Sven Tägil, 2001-01-01 This anthology gives an overview and an in depth description of Europe in historical terms providing explanation for the current period of dramatic development and integration process that has led to the increased strength of the European Union It also explores the simultaneous trend towards disintegration with an increased number of nationalist strivings of the traditional kind attempting to foresee the future structures by understanding the underlying processes through an analysis of the historical background

Enemies Within María Sierra, 2015-11-25 Can citizenship rights be denied to significant groups in a society that regards itself as civilized and self governing Is it possible to exclude such people in the name of freedom and reason Is it plausible to explain classifications that differentiate between first and second class citizens as natural This is the paradox inherent in modern politics born of the revolutions that ended the Ancien R gime in the western world Throughout the nineteenth century and at the beginning of the twentieth liberalism inspired a representative form of government that appealed to citizenship yet marginalized many social groups including natives women immigrants workers slaves and nomads In the Hispanic dimension of the Atlantic world that this book deals with modern politics was based on exclusions explained as natural and necessary In both Europe and America a distinction was made between the responsible citizen and those others in society potential enemies within who had to be controlled and supervised This book explains the success of this political operation by analysing the historical construction of figures of alterity that were fundamental to the definition of national civic identities Its basic premise is that imaginaries that were constructed in the nineteenth century can be found even today in western political conceptions The cultural complexity of enduring political images is revealed by exploring the inner workings of virtuous figures in relation to their opposites readers will find the mosaic of representations of civic alterity both recognisable and surprising The contributors to this volume provide historical perspectives on the debate on political legitimacy in open societies Reinventing democracies involves understanding the historicity of inherited formulae of governance and considering them therefore as amenable to improvement The readiness to do this is not a threat to democracy but rather a commitment to looking for it

The Archaeology of Connectivity and Complementarity Reflected Through Salt, Cod, and Sugar Gaëlle Dieulefet, Catherine Losier, 2025-08-08 This volume examines the constitutive importance of salt cod and sugar for trade networks and the associated circulation and mobility of commodities and individuals which connected the far flung territories of the Atlantic World from the 16th century onwards While these goods are traditionally associated with distinct regions of the Atlantic World each with their own diverse historical and social context this volume presents them as a triptych through which to view the transnational impact they had Topics range across the Atlantic from the importance of Caribbean and

European saltpans for the processing of cod the impact of codfish on Caribbean South American and African foodways and in return the uses of sugar and its by products for provisioning trading ships and fishing fleets The contributions collected in this volume therefore explore the nexus of entanglements between these commodities and the people who produced transported and used them In discussing the global and interrelated impact of salt cod and sugar on local contexts this book also encourages an equally transnational methodology on archaeological work in the same regions This book is of interest to scholars working in historical archaeology maritime archaeology and trans Atlantic archaeology Tribades, Tommies and Transgressives; History of Sexualities Sonja Tiernan,2009-03-26 The annual Lesbian Lives conference has been held in University College Dublin since 1993 The success of the conference held in 2006 entitled Historicising the Lesbian inspired this collection of essays From the dozens of papers delivered the chapters chosen for inclusion in this volume cover a wide period in history from the medieval to the very modern a huge range of subject areas and diverse historical interests The many subjects areas dealt with will allow a widening of our knowledge of lesbian history and encourage more in depth investigation into the many issues raised within **Before Babel** Joseba Gabilondo,2016-04-01 Before Babel A History of Basque Literatures is the first book written originally in English and directed towards a global audience It is also a new departure from traditional literary histories as it is not a philological tedious classification of centuries authors genres and books published in Basque This book addresses the historical conflict and violence that define Basque history and culture and so it defines Basque literary history as that of at least two literatures one expressed by Basque subaltern oppressed classes in their language euskara which mainly constitutes an oral tradition and the other written by Basque elites in Spanish Latin French etc The book emphasizes that this double literature remains at the core of the Basque Country s history and culture to our days Even today Basque literature in euskara Basque language plays a symbolic role to represent a Basque Country where the majority speaks and writes in other state languages Euskara used by a minority remains subordinate In this respect this book is a departure from previous Basque literary histories it redefines Spanish and French literatures advances a new theory of what a minority literature is and pays attention to texts disciplines and practices that traditional histories neglect political discourse anthropology tourism economics This history also represents a review of most literary historical discourses new historicism postcolonial theory multiculturalism subaltern studies and presents a new methodological and theoretical proposal Finally this history allows to revisit under a new light political and historical movements such as nationalism feminism modernity and globalization As a result different authors such as Sabino Arana Judah Halevi Maddalen Lujambio Axular Hugo Unamuno Itxaro Borda or Oteiza are brought together The Crucible of Francoism Ángel Alcalde,Foster Chamberlin,Francisco J. Leira-Castiñeira,2021-10-01 The July 1936 coup d tat against the Spanish Second Republic brought together a diversity of anti Republican political and social groups under the leadership of rebel Africanista military officers In the ensuing Civil War this coalition gradually came under the rule of Generalissimo Franco This volume

explores the hypothesis that the violence and combat experiences of the war were the fundamental ideological crucible for the Francoist regime. The rebels were a group of reactionary and anti liberal forces with little ideological or political coherence but they emerged from the conflict not only victorious but ideologically united under the dictator's power. Key to understanding this transition are the different political cultures of the rebel army, how the combatants' war experiences contributed to the transformation of diverse rebel groups and the role of foreign armed intervention. The contributors examine not only the endogenous Spanish political and military cultures of the Francoist coalition but also the transnational influence of foreign groups. The roots of Francoist political culture are found in the Falangist and Carlist militias and Civil Guard units that lent their support to the military rebellion. The war experiences of conscripts, colonial troops and junior officers forged the Francoist ideology. It was reinforced by fascist influences and assistance from Germany and Italy and the lesser known contributions of Swiss and White Russian volunteers. At the beginning of the conflict the rebel side was not homogeneous. But it weaved together a complex transnational web of political and military interests in the midst of a bloody and destructive war transforming itself in the process to a political and dictatorial platform that was to rule Spain for many years.

Eclectic Magazine, and Monthly Edition of the Living Age John Holmes Agnew, Walter Hilliard Bidwell, Henry T. Steele, 1864 **The Nation** , 1887 The Treasury of Geography, Physical, Historical, Descriptive, and Political: Containing a Succinct Account of Every Country in the World William Hughes, 1860

As recognized, adventure as skillfully as experience very nearly lesson, amusement, as with ease as covenant can be gotten by just checking out a ebook **Basque Country A Modern History** along with it is not directly done, you could receive even more on the subject of this life, re the world.

We offer you this proper as skillfully as simple showing off to acquire those all. We allow Basque Country A Modern History and numerous ebook collections from fictions to scientific research in any way. in the midst of them is this Basque Country A Modern History that can be your partner.
