Blood on the Forge William Attaway, 2013-12-11 Praised by both Richard Wright and Ralph Ellison this classic of Black literature is a brutal depiction of the Great Migration from the Jim Crow South This brutally gripping novel about the African American Great Migration follows the three Moss brothers who flee the rural South to work in industries up North Delivered by day into the searing inferno of the steel mills by night they encounter a world of surreal devastation crowded with dogfighters whores cripples strikers and scabs Keenly sensitive to character prophetic in its depiction of environmental degradation and globalized labor Attaway's novel is an unprecedented confrontation with the realities of American life offering an apocalyptic vision of the melting pot not as an icon of hope but as an instrument of destruction *Blood on the Forge* was first published in 1941 when it attracted the admiring attention of Richard Wright and Ralph Ellison It is an indispensable account of a major turning point in black history as well as a triumph of individual style charged with the concentrated power and poignance of the blues

**Blood on the Forge** William Attaway, 1969 **Rethinking Social Realism** Stacy I. Morgan, 2004 The social realist movement with its focus on proletarian themes and its strong ties to New Deal programs and leftist politics has long been considered a depression era phenomenon that ended with the start of World War II This study explores how and why African American writers and visual artists sustained an engagement with the themes and aesthetics of social realism into the early cold war era far longer than a majority of their white counterparts Stacy I Morgan recalls the social realist atmosphere in which certain African American artists and writers were immersed and shows how black social realism served alternately to question the existing order instill race pride and build interracial working class coalitions Morgan discusses among others such figures as Charles White John Wilson Frank Marshall Davis Willard Motley Langston Hughes Sterling Brown Elizabeth Catlett and Hale Woodruff *Writers of the Black Chicago Renaissance* Steven C. Tracy, 2011-11-01 *Writers of the Black Chicago Renaissance* comprehensively explores the contours and content of the Black Chicago Renaissance a creative movement that emerged from the crucible of rigid segregation in Chicago's Black Belt from the 1930s through the 1960s Heavily influenced by the Harlem Renaissance and the Chicago Renaissance of white writers its participants were invested in political activism and social change as much as literature art and aesthetics The revolutionary writing of this era produced some of the first great accolades for African American literature and set up much of the important writing that came to fruition in the Black Arts Movement The volume covers a vast collection of subjects including many important writers such as Richard Wright Gwendolyn Brooks and Lorraine Hansberry as well as cultural products such as black newspapers music and theater The book includes individual entries by experts on each subject a discography and filmography that highlight important writers musicians films and cultural presentations and an introduction that relates the Harlem Renaissance the White Chicago Renaissance the Black Chicago Renaissance and the Black Arts Movement Contributors are Robert Butler Robert H Cataliotti Maryemma Graham James C

early life Powerfully enhanced by rare photographs this work draws from archives literary correspondence and interviews with Ellison s relatives friends and associates Tracing the writer s path from poverty in dust bowl Oklahoma to his rise among the literary elite Jackson explores Ellison s important relationships with other stars particularly Langston Hughes and Richard Wright and examines his previously undocumented involvement in the Socialist Left of the 1930s and 1940s the black radical rights movement of the same period and the League of American Writers The result is a fascinating portrait of a fraternal cadre of important black writers and critics and the singularly complex and intriguing man at its center *Lives of Mississippi Authors, 1817-1967* James B. **Canaan Bound** Lawrence Richard Rodgers,1997 Drawing on a wide range of major literary voices including Richard Wright Ralph Ellison and Toni Morrison as well as lesser known writers such as William Attaway Blood on the Forge and Dorothy West The Living Is Easy Rodgers conducts a kind of literary archaeology of the Great Migration He mines the writers biographical connections to migration and teases apart the ways in which individual novels relate to one another to the historical situation of black America and to African American literature as a whole In reading migration novels in relation to African American literary texts such as slave narratives folk tales and urban fiction Rodgers affirms the southern folk roots of African American culture and argues for a need to stem the erosion of southern memory
