Blue Dragon Reckoning In The South China Sea:

Blue Dragon Robert Thomas Collins, 2002 *Blue Dragon Reckoning in the South China Sea* an account of the effort by Mobil to return to Vietnam is a behind the scenes account of a politically sensitive oil project that many believed would be a key to the political balance of power in the South East Asia *Recent Developments in the South China Sea Dispute* Wu Shicun, Nong Hong, 2014-05-30 The South China Sea region contains potentially huge deposits of petroleum and natural gas important shipping lanes and fishing areas and is subject to a number of maritime territorial disputes This edited volume analyzes the most recent development in the South China Sea dispute looking at the positions taken by China the ASEAN countries and the US In recent years maritime joint development zones have emerged as an important means to overcome deadlock in relation to maritime jurisdictional claims This book tests the applicability of joint development regime in this region and explores the prospect of joint development of resources as a way to successfully manage the conflict in the South China Sea Eminent scholars in the field of South China Sea studies have contributed original chapters to the volume covering such issues as the legal framework for joint development how joint development might work in practice the challenges faced by and the prospects arising from joint development and the way forward for the region The South China Sea Bill Hayton, 2014-10-28 China's rise has upset the global balance of power and the first place to feel the strain is Beijing's backyard the South China Sea For decades tensions have smoldered in the region but today the threat of a direct confrontation among superpowers grows ever more likely This important book is the first to make clear sense of the South Sea disputes Bill Hayton a journalist with extensive experience in the region examines the high stakes involved for rival nations that include Vietnam India Taiwan the Philippines and China as well as the United States Russia and others Hayton also lays out the daunting obstacles that stand in the way of peaceful resolution Through lively stories of individuals who have shaped current conflicts businessmen scientists shippers archaeologists soldiers diplomats and more Hayton makes understandable the complex history and contemporary reality of the South China Sea He underscores its crucial importance as the passageway for half the world's merchant shipping and one third of its oil and gas Whoever controls these waters controls the access between Europe the Middle East South Asia and the Pacific The author critiques various claims and positions that China has historic claim to the Sea for example overturns conventional wisdoms such as America's overblown fears of China's nationalism and military resurgence and outlines what the future may hold for this clamorous region of international rivalry Security Dynamics in the South China Sea Howard M Hensel, 2024-05-16 This volume examines the South China Sea's regional security dynamics highlighting the challenges and opportunities for both littoral and non littoral states The South China Sea is a vital pathway for the great container ships and tankers as well as for the naval vessels of today Indeed the security of the contemporary global economy is reliant more than ever upon the dependability of freedom of navigation through the waters of the South China Sea This volume concentrates on the security of the South China Sea sub region It is

designed to help illuminate the contemporary security dynamics within this important sub region by highlighting its development the contemporary challenges and opportunities confronting both the littoral states and the non littoral powers that are active in the sub region and the policy responses of those states as they seek to defend and promote their national interests This book is composed of 16 chapters and is organized into five thematic sections Part I of the book is designed to set the historical context Part II examines some of the contemporary challenges and opportunities that present themselves in the sub region while Part III focuses on Chinese policy in the South China Sea sub region Parts IV and Part V analyse and evaluate the contemporary policies of the various littoral and non littoral powers that are active in the South China Sea sub region The collective analyses and assessments of the contemporary perceptions and policies of the various littoral and non littoral powers active in the South China Sea in response to the traditional and non traditional challenges within the sub region that are examined in the chapters contained in Parts III IV and V framed against the material presented in Parts I and II provides the basis for observations concerning areas of conflicting and coinciding interests in the concluding chapter of the book This book will be of interest to students of the South China Sea maritime security Asian politics and international relations
