The Writer's Body Lexicon Kathy Steinemann, 2020-06-17 Ordinary writers describe the body in order to evoke images in readers minds Extraordinary writers leverage it to add elements such as tension intrigue and humor The Writer's Body Lexicon provides tools for both approaches Kathy Steinemann provides a boggling number of word choices and phrases for body parts organized under similar sections in most chapters Emotion Beats and Physical Manifestations Adjectives Similes and Metaphors Colors and Variegations Scents Shapes Verbs and Phrasal Verbs Nouns Prompts Clichés and Idioms Sprinkled throughout you'll also find hundreds of

story ideas They pop up in similes metaphors word lists and other nooks and crannies Readers don't want every character to be a cardboard cutout with a perfect physique They prefer real bodies with imperfections that drive character actions and reactions bodies with believable skin scents and colors For instance a well dressed CEO whose infrequent smile exposes poorly maintained teeth might be on the verge of bankruptcy A gorgeous cougar with decaying teeth who tells her young admirer she's rich could spook her prey Someone trying to hide a cigarette habit from a spouse might be foiled by nicotine stains Add depth to your writing Rather than just describe the body exploit it Build on it Mold it until it becomes an integral part of your narrative a timeless resource You'll find advice prompts ideas vocabulary humor and everything in between But more importantly it will make your characters stand out from the crowd Nada Sobhi
