Choices And Other Poems Pb 1981:

Paperbound Books in Print ,1992 A Short History of English Literature Harry Blamires,2013-02-28 First published in 2012 This work of introduction is designed to escort the reader through some six centuries of English literature It begins in the fourteenth century at the point at which the language written in our country is recognizably our own and ends in the 1950s It is a compact survey summing up the substance and quality of the individual achievements that make up our literature The aim is to leave the reader informed about each writer s main output sensitive to the special character of his gifts and aware of his place in the story of our literature as a whole *Books in Print* ,1994 *Current Book Review Citations* ,1983 **Choice** ,1994 *Fanfare* Joel Taxel,1992 *Fanfare* ,1993 **Books Ireland** ,1994 **Uniform Trade List Annual** ,1989 **Canadian Literary Landmarks** John Robert Colombo,1984-01-01 Here is a list of three dozen of the top literary locales in the country The selection of sites is necessarily subjective yet it attempts to represent geographical historical social and cultural concerns as well as strictly literary interests Had this list been prepared by the editors of Michelin Guide they would have added asterisks or stars to the entries Interesting Worth a detour Worth a journey It is the opinion of the author of Canadian Literary Landmarks that all thirty six sites are Worth a journey It is recognized that the average person is unlikely to visit No 1 not to mention No 36 but as these sites happen to be the first and last entries in the book they mark a convenient and symbolic beginning and ending No 1 being L Anse aux Meadows Epaves Bay Nfld and No 36 being the North Pole NWT *The Romantic Legacy of Charles Dickens* Peter Cook,2018-08-29 This book explores the relationship between Dickens and canonical Romantic authors Blake Wordsworth Coleridge Byron Percy and Mary Shelley and Keats Addressing a significant gap in Dickens studies four topics are identified Childhood Time Progress and Outsiders which together constitute the main aspects of Dickens s debt to the Romantics Through close readings of key Romantic texts and eight of Dickens s novels Peter Cook investigates how Dickens utilizes Romantic tropes to express his responses to the exponential growth of post revolutionary industrial technological culture and its effects on personal life and relationships In this close study of Dickensian Romanticism Cook demonstrates the enduring relevance of Dickens and the Romantics to contemporary culture *Critical Survey of Short Fiction: James T. Farrell - W.W. Jacobs* Charles Edward May, Frank Northen Magill,2001 Profiles more than four hundred authors of short fiction from around the world presenting biographical and bibliographic information and summaries of major works Also includes a reference volume with a chronology a bibliography lists of major award winners twenty nine essays on short fiction history theory and world cultures and three indexes *Ireland, India and Nationalism in Nineteenth-Century Literature* Julia M. Wright,2007-04-19 In this innovative study Julia M Wright addresses rarely asked questions how and why does one colonized nation write about another Wright focuses on the way nineteenth century Irish writers wrote about India showing how their own experience of colonial subjection and unfulfilled national aspirations informed their work Their writings express sympathy with the

colonised or oppressed people of India in order to unsettle nineteenth century imperialist stereotypes and demonstrate their own opposition to the idea and reality of empire Drawing on Enlightenment philosophy studies of nationalism and postcolonial theory Wright examines fiction by Maria Edgeworth and Lady Morgan gothic tales by Bram Stoker and Oscar Wilde poetry by Thomas Moore and others as well as a wide array of non fiction prose In doing so she opens up new avenues in Irish studies and nineteenth century literature *Mary Shelley's Literary Lives and Other Writings* Nora

Crook,2022-07-30 This collection covers the lyrical poetry of Mary Shelley as well as her writings for Lardner s Cabinet Cyclopaedia of Biography and some other materials only recently attributed to her **Ernest Newman** Paul Watt,2017

English Translation Peter France,2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a

selective bibliography for each entry and an index of authors and translators *Rethinking British Romantic History, 1770-1845* Porscha Fermanis, John Regan, 2014 *Rethinking British Romantic History 1770 1845* brings together a team of leading scholars to examine the interactions between history and literature in the Romantic period focusing on practical as well as theoretical interconnections between the two genres and disciplines **Christianity and “the World”** David Martin, 2020-01-15 David Martin was one of the world's leading commentators on secularization theory He was also a committed and lifelong reader of English poetry The present book develops Martin's argument against simplistic secularization narratives with reference to the history of poetry a topic with which few social theorists have been concerned Martin shows the enduring but ever changing centrality of Christian thought and practice in its many different forms to English poetry Always mindful that the most important aspects of poetry's history can be captured only by attending to the minutest particulars of individual poems and poets Martin's study sheds unexpected light on a wide range of English poets from Spenser and Shakespeare to T S Eliot and Geoffrey Hill The result is a study at once informed by an authoritative sociological perspective on secularization and richly colored by the singular intensity of Martin's own reading life
