Choosing Cases In Moral Decision Making

Dolores L. Christie

Choosing Cases In Moral Decision Making:

Deciding as a Christian Brian Singer-Towns, 1999-12-31 The older teens in your parish want a youth ministry program that exposes them to relevant real world topics in an active engaging way Horizons is an innovative comprehensive approach to religious education Its foundation is teacher led creative learning strategies that give students ample opportunities for discussion reflection and fun Designed for grades 9 12 Horizons utilizes a module system so that you can combine courses and topics to meet the specific needs of your parish Seven core courses set the stage for discussing central and foundational themes Then choose from a wide selection of age appropriate minicourses to round out your curriculum and craft summer courses retreats and youth group activities The Youth Ministry Strategies component features more than 65 creative youth activities to complement the Horizons curriculum And on top of all that Horizons includes outstanding training resources You ll be able to create the most engaging and relevant youth ministry program for senior high that is available anywhere

Decision-Making Experiments under a Philosophical Analysis: Human Choice as a Challenge for Neuroscience Gabriel José Corrêa Mograbi, Carlos Eduardo Batista de Sousa, 2015-10-15 This introduction just aims to be a fast foreword to the special topic now turned into an e book The Editorial Decision Making Experiments under a Philosophical Analysis Human Choice as a Challenge for Neuroscience alongside with my opinion article Neurophilosophical considerations on decision making Pushing up the frontiers without disregarding their foundations play the real role of considering in more details the articles and the whole purpose of this e book What I must highlight in this foreword is that our intention with such a project was to deepen into the very foundations of our current paradigms in decision neuroscience and to philosophically moot its foundations and repercussions Normal Science a term coined by Philosopher Thomas Kuhn works under a research consensus among a scientific community A shared paradigm consolidated methods widespread convictions Pragmatically winning formulas must be kept although not at any cost What differentiates a gifted and revolutionary scientist from a more bureaucratic colleague is the capacity and willingness of constantly reevaluating depurating and refining his her own paradigm That is best strategy to avoid that a paradigm itself would gradually come under challenge In my view some achievements in this sense were brought about in our project The e book will be inspiring and informative for both neuroscientists that are concerned with the very foundations of their works and for philosophers that are not blind to empirical evidence Kant once said Thoughts without content are empty intuitions without concepts are blind Paraphrasing Kant we could say Philosophy without science is empty science without philosophy is blind *Moral Acquaintances and Moral Decisions* Stephen S. Hanson, 2009-09-18 The potential of modern medicine in a pluralistic world leads to the potential for moral conflict The most prevalent bioethical theories often either overestimate or underestimate the amount of shared moral belief that can be used to address those conflicts This work presents a means for taking seriously the pluralism in the modern world while recognizing the likelihood of moral acquaintance between persons with differing views It criticizes moral

theories that overstate the extent of the problem of pluralism as well as those that imply too much agreement between reasonable moral persons yet it locates a means for the resolution of many moral conflicts in moral acquaintanceship Drawing from the work of H Tristram Engelhardt Jr casuists and principle based theorists and Erich Loewy and Kevin W Wildes s initial development of the concept of moral acquaintanceship *Moral Acquaintances and Moral Decisions* is philosophically indepth work with direct applications for decisionmaking in real medical settings A work in moral theory as well as a source of real world guidance clinically oriented bioethics professionals as well as students of bioethical theory should find the theory of moral acquaintanceship provided here important to their work

The Human Use of Animals : Case Studies in Ethical Choice Kennedy Institute of Ethics F. Barbara Orlans Senior Research Fellow, Kennedy Institute of Ethics both at Georgetown University Tom L. Beauchamp Professor of Philosophy and Senior Research Scholar, Center for Biomedical Ethics Case Western Reserve University School of Medicine Rebecca Dresser John Deaver Drinko-Baker and Hostetler Professor of Law, David B. Morton Professor of Biomedical Science and Ethics University of Birmingham Medical School, John P. Gluck Professor of Psychology University of New Mexico, 1997-12-31 The first set of case studies on animal use this volume offers a thorough up to date exploration of the moral issues related to animal welfare Its main purpose is to examine how far it is ethically justifiable to harm animals in order to benefit mankind An excellent introduction provides a framework for the cases and sets the background of philosophical and moral concepts underlying the subject Sixteen original previously unpublished essays cover controversies associated with the human use of animals in a broad range of contexts including biomedical behavioral and wildlife research cosmetic safety testing education the food industry commerce and animal use as pets and in religious practices Scientific research is accorded the closest scrutiny The authors represent a wide range of expertise within their specialized areas of research physiology public policy ethics philosophy law veterinary science and psychology The careful analysis of each case makes it possible to elevate the discourse beyond over simplified positions and to demonstrate the complexity of the issues The *Human Use of Animals* will be welcomed by students and faculty in law philosophy ethics public policy religion medicine and veterinary medicine It will also interest activists in the animal protection movement and members of animal protection organizations and Institutional Animal Care and Use Committees

Our Right to Choose Beverly Wildung Harrison, 2011-11-07 Endorsements Wipf and Stock is to be congratulated for making Beverly Wildung Harrison s *Our Right to Choose* newly available Recognized as a classic in its field from its publication in 1983 *Our Right to Choose* is as compelling and needed today as it was then Nyla Rasmussen RN Maternal Child Health Larry Rasmussen Reinhold Niebuhr Professor Emeritus of Social Ethics Union Theological Seminary New York City This historic book is as incisive pertinent timely and morally compelling as it was twenty eight years ago Harrison has both ethical purchase and feminist vision on The Issue of Our Age Read it learn be convicted and act Rev Dr Serene Jones President of Union Theological Seminary Decades after its initial publication Beverly Wildung Harrison s sex positive justice

and social welfare affirming study of abortion remains a unique and trailblazing contribution to the field of Christian ethics. From the treatment of women's procreation in the history of Western Christianity to the rhetoric of 1970s abortion politics, she offers meticulous critiques and constructive feminist Christian ideas sorely needed in today's debates about abortion rights. Traci C. West, author of *Disruptive Christian Ethics: When Racism and Women's Lives Matter*. About the Contributor's Two years after *Our Right to Choose* appeared in 1983, the world of Christian ethics was again impacted by Beverly Wildung Harrison's second groundbreaking book *Making the Connections: Essays in Feminist Social Ethics*, edited by Carol S. Robb (Beacon, 1985). Over the next fifteen years, until retiring in 1999 as the Carolyn Williams Baird Professor of Christian Ethics at New York's Union Theological Seminary, Harrison continued to teach and shape a methodology in feminist social ethics which attracted scores of graduate students, both men and women, who currently occupy professorships in ethics throughout the United States and elsewhere in the world. Her former students also include pastors in the United States and Europe and around the globe in countries as diverse as Australia, New Zealand, South Africa, Kenya, and Korea. Since her retirement, Beverly Harrison has continued to consult with former and current graduate students. In 2004, six of her former students worked with Harrison in publishing a commentary on her methodology, *Justice in the Making: Feminist Social Ethics* (Westminster John Knox Press). Since 1999, Beverly Harrison has lived in an intentional community in the mountains of western North Carolina, where, along with her longtime companion Carter Heyward and several other friends, she continues to work for justice in every venue possible, including active involvement in the Democratic Party and in movements for racial, economic, sexual, and gender justice. She has been particularly devoted to pro-choice work and LGBT justice efforts in the Presbyterian and Episcopal churches and in society at large. Harrison delights in the companionship of several dogs, cats, and horses.

Practical Decision Making in Health Care Ethics Raymond J. Devettere, 2009-12-04. For nearly fifteen years, *Practical Decision Making in Health Care Ethics* has offered scholars and students a highly accessible and teachable alternative to the dominant principle-based theories in the field. Devettere's approach is not based on an ethics of abstract obligations and duties but, following Aristotle, on how to live a fulfilled and happy life. In short, an ethics of personal well-being grounded in prudence, the virtue of ethical decision-making. This third edition is revised and updated and includes discussions of several landmark cases, including the tragic stories of Terri Schiavo and Jesse Gelsinger, the first death caused by genetic research. Devettere addresses new topics such as partial birth abortion, law, embryonic stem cell research, infant euthanasia in The Netherlands, recent Vatican statements on feeding tubes, organ donation after cardiac death, new developments in artificial hearts, clinical trials developed by pharmaceutical companies to market new drugs, ghostwritten scientific articles published in major medical journals, and controversial HIV/AIDS research in Africa. This edition also includes a new chapter on the latest social and political issues in American health care. Devettere's engaging text relies on commonsense moral concepts and avoids academic jargon. It includes a glossary of legal, medical, and ethical terms, an index of cases, and

thoroughly updated bibliographic essays at the end of each chapter that offer resources for further reading It is a true classic brilliantly conceived and executed and is now even more valuable to undergraduates and graduate students medical students health care professionals hospital ethics committees and institutional review boards and general readers interested in philosophy medicine and the rapidly changing field of health care ethics *E-book: Ethical Obligations and Decision-Making in Accounting: Text and Cases* Mintz,2016-04-16 E book Ethical Obligations and Decision Making in Accounting Text and Cases **Health-Care Ethics** James R. Thobaben,2010-02-26 Founded on in depth biblical studies and perceptive theological perspective James Thobaben s book has given us a comprehensive treatment of the myriad ethical issues involved in health care He addresses topics such as the nature of evangelical faith understanding illness family caring the role of health care providers institutional considerations ethical issues related to reproduction death and dying Thobaben guides us into the realm of ethical discernment and decision making by grasping the interconnections between health care in its various dimensions with the whole of true Christian living If you are a student or pastor or serving in the health care professions this monumental resource is for you Neuroscience and the Economics of Decision Making Alessandro Innocenti,Angela Sirigu,2013-06-19 In the last two decades there has been a flourishing research carried out jointly by economists psychologists and neuroscientists This meltdown of competences has lead towards original approaches to investigate the mental and cognitive mechanisms involved in the way the economic agent collects processes and uses information to make choices This research field involves a new kind of scientist trained in different disciplines familiar in managing experimental data and with the mathematical foundations of decision making The ultimate goal of this research is to open the black box to understandthe behavioural and neural processes through which humans set preferences and translate these behaviours into optimal choices This volume intends to bring forward new results and fresh insights into this matter Developing a Virtue-Imbued Casuistry for Business Ethics Martin Calkins,2014-05-08 Casuistry Virtue and Business Ethics brings together three important processes for business ethics casuistry virtue ethics and the business case method In doing so it considers the overlap and synergy of casuistry and virtue ethics the similarities and differences of casuistry and the business case method and the relationships between emerging and well established cases The goal of the book is twofold to provide a distinctly practical method for moral decision making within the context of business and to illustrate how contemporary vexing issues are similar to those of the past and how they might be resolved satisfactorily

Abortion and Woman's Choice Rosalind Pollack Petchesky,2024-03-12 The best book I have read on the politics of reproduction It raises complex theoretical and strategic questions in a clear and accessible way and represents an important breakthrough in feminist thinking Leslie Doyal author of What Makes Women Sick This prize winning study is the definitive work on the politics of abortion and fertility Rosalind Pollack Petchesky provides overwhelming evidence against the anti abortion forces and in the process takes up issues of teenage sexuality the politics of eugenics and women s relationship to

medical technology The book's continuing relevance is a tribute to the author and a sad indictment of contemporary politics

A New Approach to Utilitarianism C.L. Sheng, 2012-12-06 1 1 Utilitarian Theories This book is a monograph on moral philosophy and social philosophy particularly the part of the philosophy of economics that is related to the general distribution problem It presents a comprehensive ethical theory together with an application of the theory to distributive justice The viewpoint of this theory is utilitarian However this theory is different in some crucial points as well as in minor details from all existing forms of utilitarianism Moral philosophy deals essentially with the moral judgment of actions i e whether a moral action is right or wrong good or bad The judgment is usually based on a line of logical reasoning which can be traced to a final reason called the justification or ultimate principle An ethical theory is a self consistent system built upon a basic or ultimate principle An ultimate principle can never be rigorously proven and is not unique Different philosophers establish different ethical theories upon different principles Therefore in the history of development of moral philosophy there have been a large number of ethical theories and schools Even within the same school having the same ultimate principle different philosophers may have different versions of the theory because of small variations in the interpretation of the ultimate principle or in the elaboration of the details *Moral Choice* Dolores L. Christie, 2013 This survey text for Christian ethics through a Catholic lens traces the sources and traditions of contemporary ethical principles rules and norms It uses narrative in reaching out to students who seek to understand themselves as they face ethical decisions Stories are employed to reflect one's own life and its meaning as well as to prompt moral decision making The book gives full treatment to criteria needed for ethical decision making that students use in evaluating a series of contemporary issues including abortion end of life torture and others The book includes numerous pedagogic features including boxes questions key terms suggested readings and a glossary Publisher description The Moral Case for Abortion Ann Furedi, 2022-01-27 This revised and updated edition of the 2016 bestselling work sets out the moral arguments for a woman's right to decide the future of her pregnancy Drawing on traditions of philosophical and sociological thinking it presents the case for recognizing autonomy in personal private decision making about reproductive intentions Further it argues that to prevent a woman making this decision according to her own values is to undermine the essence of her humanity The author explores how true respect for human life and regard for individual conscience demands that we support a woman's right to decide and that support for her right to terminate her pregnancy has moral foundations and ethical integrity This second edition features a foreword by US abortion provider and reproductive justice advocate Dr Willie Parker as well as additional chapters that consider the rights of doctors and nurses to withdraw from abortion provision on grounds of conscience Furedi also surveys the rapidly changing landscape of the abortion debate including the rights of women in the aftermath of Trump's presidency debates politics and religion in Northern Ireland and the Republic of Ireland and the differing levels of provision across Europe **Moral Conflicts of Organ Retrieval: A Case for Constructive Pluralism** Charles C. Hinkley II, 2019-11-11 In this revised edition

of Moral Conflicts of Organ Retrieval A Case for Constructive Pluralism Charles Hinkley elaborates on his moral philosophy of constructive pluralism and updates the literature on organ retrieval strategies Hinkley challenges a deeply entrenched moral triad 1 moral values are comparable 2 the weighing metaphor helps us conceptualize decisions regarding conflicting values and 3 there is a single best discoverable response to a moral decision This book offers an alternative cases of incomparability a constructing or making metaphor and multiple permissible responses to some moral questions Constructive pluralism has important implications for organ transplantation health and ethics *Supreme Court Decision-Making* Cornell W. Clayton, Howard Gillman, 1999 What influences decisions of the U S Supreme Court For decades social scientists focused on the ideology of individual justices Supreme Court Decision Making moves beyond this focus by exploring how justices are influenced by the distinctive features of courts as institutions and their place in the political system Drawing on interpretive historical institutionalism as well as rational choice theory a group of leading scholars consider such factors as the influence of jurisprudence the unique characteristics of supreme courts the dynamics of coalition building and the effects of social movements The volume s distinguished contributors and broad range make it essential reading for those interested either in the Supreme Court or the nature of institutional politics Original essays contributed by Lawrence Baum Paul Brace Elizabeth Bussiere Cornell Clayton Sue Davis Charles Epp Lee Epstein Howard Gillman Melinda Gann Hall Ronald Kahn Jack Knight Forrest Maltzman David O Brien Jeffrey Segal Charles Sheldon James Spriggs II and Paul Wahlbeck **Thinking and Deciding** Jonathan Baron, 2006-10-22 Beginning with its first edition and through subsequent editions Thinking and Deciding has established itself as the required text and important reference work for students and scholars of human cognition and rationality In this fourth edition first published in 2007 Jonathan Baron retains the comprehensive attention to the key questions addressed in the previous editions how should we think What if anything keeps us from thinking that way How can we improve our thinking and decision making and his expanded treatment of topics such as risk utilitarianism Baye s theorem and moral thinking With the student in mind the fourth edition emphasises the development of an understanding of the fundamental concepts in judgement and decision making This book is essential reading for students and scholars in judgement and decision making and related fields including psychology economics law medicine and business Growing in Christian Morality Julia Ahlers, Barbara Allaire, Carl Koch, 1996 A Christian morality course designed to be part of the religion curriculum within a Catholic high school The course focuses on character development Moral Development, Self, and Identity Daniel K. Lapsley, Darcia Narv ez, 2004-04-26 Long dormant the field of moral development is experiencing a comeback This book will appeal to scholars developmental theorists and grad students interested in issues of moral development moral education moral behavior cognitive developmental theor **Handbook of Risk Theory** Rafaela Hillerbrand, Per Sandin, Martin Peterson, 2012-01-12 Risk has become one of the main topics in fields as diverse as engineering medicine and economics and it is also studied by social scientists psychologists and legal scholars But the topic

of risk also leads to more fundamental questions such as What is risk What can decision theory contribute to the analysis of risk What does the human perception of risk mean for society How should we judge whether a risk is morally acceptable or not Over the last couple of decades questions like these have attracted interest from philosophers and other scholars into risk theory This handbook provides for an overview into key topics in a major new field of research It addresses a wide range of topics ranging from decision theory risk perception to ethics and social implications of risk and it also addresses specific case studies It aims to promote communication and information among all those who are interested in theoretical issues concerning risk and uncertainty This handbook brings together internationally leading philosophers and scholars from other disciplines who work on risk theory The contributions are accessibly written and highly relevant to issues that are studied by risk scholars We hope that the Handbook of Risk Theory will be a helpful starting point for all risk scholars who are interested in broadening and deepening their current perspectives

Right here, we have countless books **Choosing Cases In Moral Decision Making** and collections to check out. Choosing Cases In Moral Decision Making Introduction

In the digital age, access to information has become easier than ever before. The ability to download Choosing Cases In Moral Decision Making has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Choosing Cases In Moral Decision Making has opened up a world of possibilities. Downloading Choosing Cases In Moral Decision Making provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Choosing Cases In Moral Decision Making has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Choosing Cases In Moral Decision Making. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Choosing Cases In Moral Decision Making. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Choosing Cases In Moral Decision Making, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Choosing Cases In Moral Decision Making has transformed

the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Choosing Cases In Moral Decision Making Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Choosing Cases In Moral Decision Making is one of the best book in our library for free trial. We provide copy of Choosing Cases In Moral Decision Making in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Choosing Cases In Moral Decision Making. Where to download Choosing Cases In Moral Decision Making online for free? Are you looking for Choosing Cases In Moral Decision Making PDF? This is definitely going to save you time and cash in something you should think about.
