Choosing Simplicity A Commentary On The Bhikshuni Pratimoksha:

Choosing Simplicity Venerable Bhikshuni Wu Yin, 2001-01-01 Choosing Simplicity discusses the precepts and lifestyle of fully ordained nuns within the Buddhist tradition. The ordination vows act as guidelines to promote harmony both within the individual and within the community by regulating and thereby simplifying one's relationships to other sangha members and laypeople as well as to the needs of daily life. Observing these precepts and practicing the Buddhadharma brings incredible benefit to oneself and others. Since the nuns' precepts include those for monks and have additional rules for nuns, this book is useful for anyone interested in monastic life. As a record of women's struggle not only to achieve a life of self-discipline but also to create harmonious independent religious communities of women, Choosing Simplicity is a pioneering work.

Don't Believe Everything You Think Thubten Chodron, 2013-01-08 It can be hard for those of us living in the twenty-first century to see how fourteenth-century Buddhist teachings still apply. When you're trying to figure out which cell phone plan to buy or brooding about something someone wrote about you on Facebook, lines like "While the enemy of your own anger is unsubdued, though you conquer external foes, they will only increase" can seem a little obscure. Thubten Chodron's illuminating explication of Togmay Zangpo's revered text, The Thirty-seven Practices of Bodhisattvas, doesn't just explain its profound meaning in dozens of passages; she lets her students and colleagues share first-person stories of the ways that its teachings have changed their lives. Some bear witness to dramatic transformations, making friends with an enemy prisoner of war, finding peace after the murder of a loved one, while others tell of smaller lessons, like waiting for something to happen or coping with a minor injury.

Good Karma Thubten Chodron, 2016-08-09 Training the mind in the habit of happiness: enlightening commentary on a classic Tibetan Buddhist teaching poem by a popular modern teaching nun. Lojong, or mind training, is a practice that has gained astonishing popularity in recent years because it works in transforming hearts and minds. Here is a presentation of lojong teachings that predates the slogan practice with which people have become so familiar through the books of Pema Chodron and others, and that is every bit as powerful for imbuing the mind with intelligence and the heart with compassion. It is Thubten Chodron's commentary on a Tibetan poem with the imposing title, Wheel of Sharp Weapons. It is as the title of this book indicates, an explanation of how karma works in our lives. But in explaining how to create good karma and avoid the negative effects of bad karma, it shows us how to live our lives with kindness and honesty, which makes things better not only for ourselves but also for everyone else in the world.

Cultivating a Compassionate Heart Thubten Chodron, 2006-03-13 Chenrezig Avalokiteshvara, Kuan Yin, is not only Tibet's patron deity; he also is the embodiment of the compassion of all the Buddhas and as such is deemed the best possible contemplative gateway to the cultivation of compassion. In this book, which has received high praise from monastics and lay Buddhist scholars alike, the American-born nun Ven. Thubten Chodron lucidly and engagingly elucidates the Tibetan Buddhist yoga of Chenrezig. Her explanations are based not only on scriptural but also on oral teachings, which makes them eminently authoritative and practical.

Essentially Cultivating a Compassionate Heart is a knowledgeable highly practical and fairly extensive commentary on the Chenrezig sadhana The book starts with the Thousand Armed Chenrezig visualization and the preliminary prayers found in most sadhanas and the long mantra of Chenrezig Only then does the author proceed to explaining the various concepts that make up the theoretical underpinnings of this extraordinary practice [Working with Anger](#) Thubten Chodron,2024-08-13 A Tibetan Buddhist nun offers her insights on anger the ways that it manifests in our lives and the ways that we can skillfully work to transform it in this inspiring and humble guidebook Sharon Salzberg New York Times bestselling author Anger plagues all of us on a personal national and international level Yet we see people such as the Dalai Lama who have faced circumstances far worse than many of us have faced including exile persecution and the loss of many loved ones but who do not burn with rage or seek revenge How do they do it Working with Anger presents a variety of Buddhist methods for subduing and preventing anger not by changing what is happening but by framing it differently No matter what our religion learning to work with our anger is effective for everyone seeking personal happiness as well as world peace a kind and genuinely helpful guide to handling one of the greatest challenges in living an emotionally intelligent life Daniel Goleman author Emotional Intelligence [Encyclopedia of Anthropology](#) H. that monks and nuns would remain in contact with their families The vision of the monastic life that emerges from Clarke s close reading of monastic law codes challenges some of our most basic scholarly notions of what it meant to be a Buddhist monk or nun in India around the turn of the Common Era Not only do we see thick narratives depicting monks and nuns continuing to interact and associate with their families but some are described as leaving home for the religious life with their children and some as married monastic couples Clarke argues that renunciation with or as a family is tightly woven into the very fabric of Indian Buddhist renunciation and monasticisms Surveying the still largely uncharted terrain of Indian Buddhist monastic law codes preserved in Sanskrit Tibetan and Chinese Clarke provides a comprehensive pan Indian picture of Buddhist monastic attitudes toward family Whereas scholars have often assumed that monastic Buddhism must be anti familial he demonstrates that these assumptions were clearly not shared by the authors redactors of Indian Buddhist monastic law codes In challenging us to reconsider some of our most cherished assumptions concerning Indian Buddhist monasticisms he provides a basis to rethink later forms of Buddhist monasticism such as those found in Central Asia Ka m r Nepal and Tibet not in terms of corruption and decline but of continuity and development of a monastic or renunciant ideal that we have yet to understand fully *Taiwan's Buddhist Nuns* Elise Anne DeVido,2012-02-01 Taiwan s Buddhist nuns are as unique as they are noteworthy Boasting the greatest number of Buddhist nuns of any country Taiwan has a much greater number of nuns than monks These women are well known and well regarded as dharma teachers and for the social service work that has made them a central part of Taiwan s civil society In this the first English language book on Taiwanese women and Buddhism author Elise Ann DeVido introduces readers to Taiwan s Buddhist nuns but also looks at the larger question of how Taiwan s Buddhism shapes and is shaped by women mainly nuns but also laywomen who like their clerical sisters flourish in that country Providing an historical overview of Buddhist women in China and Taiwan DeVido discusses various reasons for the vibrancy of Taiwan s nuns orders She introduces us to the nuns of the best known of order the Buddhist Compassion Relief Foundation Ciji as well as those of the Luminary Buddhist Institute Discussing Buddhism for the Human Realm DeVido asks whether this popular philosophy has encouraged and supported the singular strength of Taiwan s Buddhism women Buddhist Nuns in Taiwan and Sri Lanka Wei-Yi Cheng,2007-01-24 Taking a comparative approach this fieldwork based study explores the lives and thoughts of Buddhist nuns in present day Taiwan and Sri Lanka The author examines the postcolonial background and its influence on the modern situation as well as surveying the main historical economic and social factors which influence the position of nuns in society Based on original research including interviews with nuns in both countries the book examines their perspectives on controversial issues and in particular those concerning the status of women in Buddhism Concerns discussed include allegedly misogynist teachings relating to women s inferior karma that they cannot become Buddhas and that nuns have to follow additional rules that monks do not Bridging the gap between feminist theory and the reality of women in religion the book makes a distinct contribution to the study of women in

Buddhism by focusing on nuns from both of the main wings of Buddhism Theravada and Mahayana as well as furthering feminist studies of Buddhism and religion in general *Buddhism for Beginners* Thubten Chodron, 2001-01-01 This easy to understand introduction to Buddhism is written for people wanting to understand basic Buddhist principles and how to integrate them into their lives H H the Dalai Lama This user's guide to Buddhist basics takes the most commonly asked questions beginning with What is the essence of the Buddha's teachings and provides simple answers in plain English Thubten Chodron's responses to the questions that always seem to arise among people approaching Buddhism make this an exceptionally complete and accessible introduction as well as a manual for living a more peaceful mindful and satisfying Life Buddhism for Beginners is an ideal first book on the subject for anyone but it's also a wonderful resource for seasoned students since the question and answer format makes it easy to find just the topic you're looking for such as What is the goal of the Buddhist path What is karma If all phenomena are empty does that mean nothing exists How can we deal with fear How do I establish a regular meditation practice What are the qualities I should look for in a teacher What is Buddha nature Why can't we remember our past lives Exile as Challenge Dagmar Bernstorff, Hubertus von Welck, 2003 This Book Is An Attempt To Document The Lives Of Members Of The Exiled Tibetan Community In Indian And Elsewhere It Thus Aims To Fill A Gap In Our Understanding The Book Focuses On Two Main Themes How Tibetans In Exile Preserve Their Culture And How The Community Prepares Itself For The Return To Tibet The Book Also Carries An Interview With His Holiness The Dalai Lama *The Secular in South, East, and Southeast Asia* Kenneth Dean, Peter van der Veer, 2018-06-13 This innovative edited collection provides a comprehensive analysis of modern secularism across Asia which contests and expands prevailing accounts that have predominantly focused on the West Its authors highlight that terms like secular secularization and secularism do not carry the same meanings in the very different historical and cultural contexts of Asia Critiquing Charles Taylor's account of secularism this book examines what travelled and what not in the imperial encounter between Western secular modernity and other traditions outside of the West Throughout the book state responses to religion at different points in Chinese and South East Asian history are carefully considered providing a nuanced and in depth understanding of post secular strategies and relations in these areas Particular attention is given to Catholicism in the Philippines Vietnam and Singapore and Hinduism and Chinese religion in Malaysia Singapore and India This theoretically engaged work will appeal to students and scholars of Asian studies anthropology religious studies history sociology and political science **Dignity and Discipline** Thea Mohr, Jampa Tsedroen, 2014-05-01 When the Buddha established his community over twenty five centuries ago he did so upon a foundation of radical equality among women and men And indeed the earliest Buddhist scriptures celebrate the teachings and inspiring influence of these path blazing female renunciants Nonetheless through much of the Buddhist world the order of nuns has disappeared or was never transmitted at all Dignity Discipline represents a watershed moment in Buddhist history as the Dalai Lama together with scholars and monastics from around the world present powerful

cases grounded in both scripture and a profound appeal to human dignity that the order of Buddhist nuns can and should be fully restored

Defining Buddhism(s) Karen Derris, Natalie Gummer, 2016-04-08 Defining Buddhism's explores the multiple ways in which Buddhism has been defined and constructed by both Buddhists and scholars In recent decades scholars have become increasingly aware of their own role in the construction of how Buddhism is represented a process in which multiple representations of Buddhism compete with and complement one another The reader brings together key essays by leading scholars to examine the central methods and concerns of Buddhism The essays aim to illuminate the challenges involved in defining historical social and political contexts and reveal how definitions of Buddhism have always been contested

The term revival has been used to describe the resurgent vitality of Buddhism in Taiwan Particularly impressive is the quality and size of the nun s order Taiwanese nuns today are highly educated and greatly outnumber monks Both characteristics are unprecedented in the history of Chinese Buddhism and are evident in the Incense Light community Xiangguang *Passing the Light* is the first in depth case study of the community which was founded in 1974 and remains a small but influential order of highly educated nuns who dedicate themselves to teaching Buddhism to lay adults The work begins with a historical survey of Buddhist nuns in China based primarily on the sixth century biographical collection *Lives of the Nuns* and stories of nuns in subsequent centuries This is followed by discussions on the early history of the Incense Light community the life of Wuyin one of its most prominent leaders and the crucial role played by Buddhist studies societies on college campuses where many nuns were first introduced to Incense Light Later chapters look at the curriculum and innovative teaching methods at the Incense Light seminary and the nuns efforts to teach Buddhism to adults The work ends with portraits of individual nuns providing details on their backgrounds motivations for becoming nuns and the problems or setbacks they have encountered both within and without the Incense Light community This engaging study enriches the literature on the history of Buddhist nuns seminaries and education and will find an appreciative audience among scholars and students of Chinese religion especially Buddhism as well as those interested in questions of religion and modernity and women and religion 繁體中文
