Christ And The Cosmos:

Christ and the Cosmos Keith Ward, 2015-08-06 Keith Ward clarifies the Trinitarian doctrine in light of contemporary scientific thought offering a coherent wholly monotheistic interpretation of God *Jesus and the Cosmos* Denis Edwards, 1991-01-01 **Apocalyptic Good News** R. Dean Drayton, 2019-07-12 Remarkable studies in the New Testament have recovered the fact that the gospel the good news of Jesus Christ was apocalyptic good news God's redemptive action within history Today for more and more people the sheer scope of an evolutionary universe renders life on Earth as utterly insignificant religion as nothing more than superstition And now in the Anthropocene we on the pale blue dot live in an apocalyptic age in which cataclysmic issue after cataclysmic issue threaten the future of the planet The faith of the early church was in an apocalyptic cosmic Christ unleashing within history God's good news of a new creation Set within the world as we now know it this gives meaning to the cosmos and life wherever it is found around any star Screened from view for over a millennium during mission to non apocalyptic cultures now is the time for a new paradigm for church the apocalyptic church for an apocalyptic age to replace the denominational church What a difference this makes to faith worship and the role of the church in an apocalyptic future *Christ and the Cosmos* Gordon Strachan, 1985 *Christ and the Cosmos* E. H. Andrews, 1986 The evolutionary scenario for the origin of life is almost universally accepted and taught Yet against this stands the Christian contention for a biblical view of origins In this Professor Andrews last work he moves on from the basic evolution creation debate to examine our whole concept of the creationist position Can creationism be proved by scientific evidence Indeed how much weight should we give to scientific findings in relation to biblical teaching Professor Andrews contends that if our concept of the cosmos is to be a true one then the Christ of the Bible must be at the centre of our thinking Nay theory of origins whether scientific creationism or evolution that fails at this point is equally false Only in Christ the Creator and Sustainer of the universe can Christian faith find its ultimate and glorious fulfilment *Christ and the Cosmos* Jean-François Bonnefoy, 1965 *Christ and the Universe: Teilhard de Chardin and the Cosmos* Robert Hale (OSB.), Robert F. Hale, 1973 Based on the author's thesis Includes bibliographical references *Cosmos and Revelation* Peter R. Stork, 2021-09-30 Science and technology have profoundly altered the cosmic and societal perceptions of the world Regrettably the Christian imagination has not kept pace Most believers still adhere to pre scientific views *Cosmos and Revelation* urges the Christian community to reimagine God's creation by engaging the data of science For if God has indeed brought forth an intelligible world for us to explore through scientific research those who profess this faith ought to as a minimum allow scientific findings to expand their theological horizon Drawing on his scientific qualification and academic background in theology Peter R Stork opens several windows on God's creation from galactic star nurseries to the wonderland of living cells After rereading Genesis 1 and 2 the author interlaces examples and reflections to present a coherent yet provocative sketch of the new landscape that spreads out before us leaving it to his readers to intuit for

themselves the immensities Christians are challenged to embrace in the age of science **Christ and the Cosmos**

Research Consultation (1987: Luton),1987 **The Biblical Cosmos** Robin A. Parry,2015-04-30 Welcome to the weird and wonderful world of the Bible When we read Scripture we often imagine that the world inhabited by the Bible s characters was much the same as our own We would be wrong The biblical world is an ancient world with a flat earth that stands at the centre of the cosmos and with a vast ocean in the sky chaos dragons mystical mountains demonic deserts an underground zone for the dead stars that are sentient beings and if you travel upwards and through the doors in the solid dome of the sky God s heaven the heart of the universe Robin Parry takes the reader on a guided tour of the biblical cosmos with the goal of opening up the Bible in its ancient world He then goes further and shows how this very ancient biblical way of seeing the world is still revelatory and can speak God s word afresh into our own modern worlds *The New Testament and the Future of the Cosmos* Ryan P. Juza,2020-11-05 The New Testament and the Future of the Cosmos is an exploration into the cosmic eschatology of the New Testament It invites the reader to grapple with two interrelated questions along with the author 1 What did the writers of the New Testament teach about the fate of the cosmos and 2 can we synthesize their teachings into a coherent New Testament theology By offering a close reading of key texts that inform the topic most notably Matt 24 29 31 Mark 13 24 27 Luke 21 25 28 Rom 8 19 22 Heb 12 25 29 2 Pet 3 4 13 and Rev 21 1 5 it is argued that one can with certain qualifications ascertain a clear and coherent New Testament message pertaining to the future of the cosmos Along the way new exegetical ground is broken in several passages by identifying a previously unnoticed theme that runs throughout the New Testament concerning the future of the cosmos God s judgment of the heavenly powers of evil as a key component to the cosmic transition At present these hostile powers hold the cosmos captive to death but on the Day of the Lord they will be overthrown setting the stage for a materially transformed world to emerge from the hand of God **Being Responsible in**

a Cosmic Context Stuart Roebuck,Christ and the Cosmos Initiative,1994 **The Christian Cosmos** Edward William Grinfield,1857 *Cosmos* Louis Bouyer,1988 Louis Bouyer one of the 20th century giants of Catholic theology here addresses a breathtaking range of questions related to the world the history of origin studies from cosmogonic myth to philosophical cosmologies from magic to mysticism Science myth philosophy theology poetic experience and technology here constantly rub elbows Through it all he explores the insightfulness of Christian revelation penetrating the mystery as a reflection of the mystery of that other cosmos it reflects the inner being of God the creator Louis Bouyer is a priest theologian teacher and writer Christ and the Universe Robert Hale,1973 **Earthing the Cosmic Christ of**

Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 3 John P. Keenan,2023-05-23 As both a scholar of Buddhism and a Christian priest John P Keenan engages with the New Testament letter to the Ephesians written by a member of the Pauline school likely near the end of the first century a time when both the cultural world and the cosmos were much narrower than for us today In pondering this scripture s significance for residents of the twenty first century

Keenan looks to the work of scholars and thinkers both ancient and modern Eastern and Western scientists and philosophers Particular attention is given to Chinese Buddhist master Zhiyi's explanation of a threefold truth which resonates with an early trinitarian theme in Ephesians and suggests the riches to be discovered upon the global theological commons

Earthing the Cosmic Christ of Ephesians—The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 4 John P.

Keenan, 2024-02-26 In a Tiantai theology conventional truth is conventionally arisen which means that such truth is never set once and for all but is to be cherished and rethought in new circumstances whether interreligious or scientific but always in critical consonance with its ancient embodiments Contexts shift frameworks but life in Christ is translatable across cultures Christian faith and theology discourage the assumption that the point of it can be clearly pinned down God's appearance to Elijah out of the whirlwind is an eternal reminder of the paltriness of all human perspectives Symbolic worlds of faith and wisdom are not themselves finished products Because it has a past and a future the cosmos itself is unfinished Christian creeds ought not be defended as last word ideological positions and bastions against relativity but instead recognized in their cultural contexts and affirmed as grammars of communal and personal assent *Earthing the Cosmic Christ of*

Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 2 John P. Keenan, 2022-09-09 This is volume 2 of a wide ranging interfaith reading of the Letter to the Ephesians a New Testament text whose words have inspired and enhanced Christian spiritual life and liturgy over the centuries Unfortunately at the same time Ephesians has provided apparent scriptural support to those who would defend slavery patriarchy misogyny and the physical power of Christ over the cosmos How on earth are today's Christians to receive and understand such a text as this *Earthing the Cosmic Christ of Ephesians The Universe Trinity and Zhiyi's Threefold Truth* draws upon a broad array of scientific theological and philosophical thinkers who enable us both to marvel at today's ever expanding knowledge of our vast cosmos and to appreciate the importance of the Ephesian letter in the canon of our Christian scriptures even while we acknowledge the archaic geocentric cosmology that underlies its claims about the cosmic Christ and reject its accommodation to the patriarchal misogynistic and slaveholding norms of its first century culture Throughout this reading of Ephesians we look to Chinese Buddhist master Zhiyi and his threefold truth to enhance our understanding of trinity and the nascent trinitarian themes within this letter As a whole this work constitutes a new appreciation for Ephesians as well as a twenty first century apologetic for doctrinal humility and for theologizing within a global theological commons *Cosmic Christology in Paul and the Pauline School* Geurt Hendrik van Kooten, 2003 How did the understanding of Jesus as the universal Son of Man of Apocalyptic Judaism develop into the notion of a cosmic god the cosmic Christ George van Kooten traces the earliest encounters between antiquity and Christianity *Envisioning the Cosmic Body of Christ* Aurica Jax, Saskia

Wendel, 2019-08-19 The metaphor of the cosmos as the Body of Christ offers an opportunity to escape the aporias of standard Body of Christ imagery which has often proved anthropocentric exclusivist triumphalist and or sexist in the analyses of

classical theologies The body motif in particular contains starting points for current body discourses of gender sensitive and ecological theologies especially in their mutual overlaps This book offers a critical evaluation of the prospects and boundaries of an updated metaphor of the Body of Christ especially in its cosmic dimension The first part of the book addresses the complex tradition in which the universal dimension of cosmological Christologies is located including the thinking of the Apostles Paul and John Origen Cusanus Teilhard de Chardin McFague and Panikkar In the second part of the book representatives of various innovative concepts will contribute to the anthology This is a wide ranging study of the implications of a new cosmic Body of Christ As such it will be of interest to academics working in Religion and Gender Religion and the Environment Theology and Christology
