Anne-Laure,Richard Abigaëlle,2019-11-26 This catalogue of the Coptic Textiles in the Collection of Mediterranean Antiquities
at the Montreal Museum of Fine Arts provides a detailed analysis of 64 textiles from both historical and weaving practice
points of view This approach provides a fuller understanding of the cultural situation in which such textiles were produced
and circulated Dr Landry s experience of over 40 years of weaving and scholarship highlights the elements of knowledge and
skill held and applied by weavers in Antiquity This perspective complements and expands on the focus on imagery usually
provided by art historians regarding textiles of this period This catalogue shows how much more cultural information can be
