architecture be suitable economic green and pleasing to the eye This government directive comes at a time when homegrown architecture has become increasingly self assured and reflective in its approach A new generation of architects in China in their 30s and 40s are emerging and in a wholly contemporary way they are exploring local responses to often bewildering urban and rural conditions and serious social and environmental challenges This is often expressed through a revival of interest in traditional street patterns courtyards and gardens At the same time architects are also recognising the opportunities to harness the potential of China s established manufacturing base to develop prefabricated building systems Innovative practices are employing new modes of working such as research based studio teaching and exhibitions field workshops cross disciplinary collaboration laboratory based practice design think tanks and collective projects generating a vibrant culture of design research Contributors Lu Feng Murray Fraser Xiao Fu and Wei You Xiahong Hua and Shen Zhuang Xinggang Li Yichun Liu James Shen Yehao Song Hui Wang Shuo Wang Xin Wang and Qiuye Jin Philip F Yuan and Xiang Wang Li Zhang Xin Zhang and Jingxiang Zhu Featured architects Archi Union Architects Atelier Archmixing Atelier Deshaus Atelier Li Xinggang Integrated Architecture Studio LanD Studio META Project People s Architecture Office SUP Atelier URBANUS and Zaoyuan Gardening Studio *Old-House Journal* ,1990-09 Old House Journal is the original magazine devoted to restoring and preserving old houses For more than 35 years our mission has been to help old house owners repair restore update and decorate buildings of every age and architectural style Each issue explores hands on restoration techniques practical architectural guidelines historical overviews and homeowner stories all in a trusted authoritative voice

Old-House Journal ,2004-03 Old House Journal is the original magazine devoted to restoring and preserving old houses For more than 35 years our mission has been to help old house owners repair restore update and decorate buildings of every age and architectural style Each issue explores hands on restoration techniques practical architectural guidelines historical overviews and homeowner stories all in a trusted authoritative voice **Old & New** Frank Peter Jäger,2012-11-05 Most of the buildings that will be needed in Europe in the coming decades have long since been built The building tasks of the future lie in the skillful reuse and transformation of existing building stock whether it be the redevelopment of historic city centers the building of extensions onto residential structures the expansion of public buildings or the redevelopment of entire factory areas Building in the existing fabric calls for highly specific approaches in planning construction and implementation It spans a broad range of building tasks from working within the guidelines of historic preservation and renovating carefully and cautiously all the way to the complete transformation of what exists In addition to aesthetic transformation technical aspects such as improving energy efficiency and working with contaminated building materials also play an important role This book provides a comprehensive overview of architectonic strategies of continuing to build It presents intelligent ideas and approaches for working with existing building stock and divides them into three categories according to the method selected addition transformation and reuse Presented in this volume are everyday projects such as the revitalizing of structures from

the 1950s to the 1970s for example the renovation of Siedlung Heuried in Zurich by Adrian Streich Architekten but also more specialized examples such as the open air library made of elements recycled from the facade of a department store in Magdeburg Salbke by Karo Architekten Interviews with experts provide helpful background information on selected topics
