A Legacy in Arms Richard C. Rattenbury,2014-10-22 The history of American firearms is inseparable from the history of the United States for firearms have played crucial roles in the nation s founding westward expansion and industrial economic and cultural development This history unfolds in compelling words and images in A Legacy in Arms a volume that draws upon the collections of the National Cowboy Western Heritage Museum in Oklahoma City to trace the business and art of gun making from the early national period to the turn of the twentieth century With more than 200 images almost all in full color A Legacy in Arms not only documents the inspiration and innovation of arms makers from individual artisans to mass producers but also describes the development of decorative expression in the gun maker s art In an account both entertaining and enlightening Richard C Rattenbury details the development of commercial arms making from the genesis of the Kentucky rifle to the arms of such iconic manufacturers as Colt Remington Smith Wesson Sharps Marlin and Winchester Into this narrative he weaves the particulars of design evolution and the impact of mass production via the American System

The accompanying photographs and illustrations stand as eloquent testimony to the range and richness of the gun maker's craft and its rightful place in the story of American industry and culture

Thomas Cole's Journey Elizabeth Mankin Kornhauser, Tim Barringer, 2018-01-29 Thomas Cole 1801 1848 is celebrated as the greatest American landscape artist of his generation Though previous scholarship has emphasized the American aspects of his formation and identity never before has the British born artist been presented as an international figure in direct dialogue with the major landscape painters of the age Thomas Cole's Journey emphasizes the artist's travels in England and Italy from 1829 to 1832 and his crucial interactions with such painters as Turner and Constable For the first time it explores the artist's most renowned paintings The Oxbow 1836 and The Course of Empire cycle 1834 36 as the culmination of his European experiences and of his abiding passion for the American wilderness The four essays in this lavishly illustrated catalogue examine how Cole's first hand knowledge of the British industrial revolution and his study of the Roman Empire positioned him to create works that offer a distinctive even dissident response to the

economic and political rise of the United States the ecological and economic changes then underway and the dangers that faced the young nation A detailed chronology of Cole s life focusing on his European tour retraces the artist s travels as documented in his journals letters and sketchbooks providing new insight into his encounters and observations With discussions of over seventy works by Cole as well as by the artists he admired and influenced this book allows us to view his work in relation to his European antecedents and competitors demonstrating his major contribution to the history of Western art
