Art Of Armed Robbery:

The Art of Armed Robbery Terence George Michael Smith, Terry Smith, 2005 It's a profession where the dynamics of fear, fast cars, faster money and spontaneous yet controlled violence need to be properly understood. You must balance brute force with intelligent instinct, know every escape route blindfolded and spot the trouble makers before they make their move. Because when you're leaving the scene of a crime at 100mph, just one forced error can spell death. This is the phenomenal autobiography of one of the most daring armed robbers of his generation. He reveals the secrets of his success and tells how while on the run he came to be Britain's most wanted criminal, leading to the gripping chain of events that led to his last ill-fated job. It was a job that nearly cost him his life and left him facing a 20-year stretch. Blaggers Inc - Britain's Biggest Armed Robberies Terry Smith, 2012-04-19 From piracy on the high seas to the recent Securitas depot robbery in Kent, Britain has a long and inglorious tradition of armed robbery as a way of life. In this uniquely compelling history, reformed career criminal Terry Smith brings the benefit of hard-won wisdom to his analysis of all the major cases. Casting a sharp eye over both the dangerously devil-may-care blagger and the more organised professional villain, he brings an insider's point of view to the most high-profile armed robberies of the past 50 years. Each chapter has a full and comprehensive account of the robbery in the words of those who participated in it, including some exclusive interview material, the media, police and court records, starting from the initial spark through to the planning, organisation and execution of the crime and how it came to be solved by law enforcement. The International Criminal Court and Africa Charles Jalloh, Ilias Bantekas, 2017 This book considers the legal and political dimensions of the relationship between the International Criminal Court and Africa, looking at the role of the European Union, African Union and African diplomacy on the issue of sovereignty and impunity for international crimes. **Art Heist** Susie Hodge, 2024-10-10 An intriguing investigation into over 50 elusive artworks that were stolen and never recovered: Mona Lisa, Starry Night, Birth of Venus. People travel for hundreds of miles to observe these breathtaking paintings with their own eyes. Now discover the artworks that nobody can ever see and the fascinating stories behind their disappearance. In this collection of daring heist stories, read about Michelangelo's Mask of a Faun, Caravaggio's Nativity, Rembrandt's Portrait of the Artist as a Young Man, Cézanne's View of Auvers-sur-Oise, Van Gogh's The Parsonage Garden at Nuenen in Spring. With meticulous research and engaging storytelling, this book uncovers the mysteries surrounding the thefts of these valuable artworks and many more. Each fated work will be discussed to reveal why it and the artist who made it was significant. Gain a deeper appreciation for these artists and the lasting impact they've had on the art world. This book also answers key questions about each missing piece, including: Why and how was it stolen? What attempts have been made to recover it? Leads, red herrings and suspects. Whether you're passionate about art or drawn to the thrill of solving mysteries, this book offers a compelling narrative that will keep you engaged from cover to cover. It's a must-read for anyone curious about the intersection of art, crime and history. **An Introduction to Transnational Criminal Law** Neil

understanding of the law of the sea in light of the changing dynamics of exclusive and inclusive claims to ocean use More flexibility may be required in the interpretation and application of the UN Convention on the Law of the Sea if appropriate responses to ensure maritime security are to be allowed *Piracy at Sea* Maximo Q.
