V. Subba Reddy, 2009 **Temples to the Buddha and the Gods** Sujatha Arundathi Meegama, 2024-09-30 *Temples to the Buddha and the Gods* analyzes the patronage of diverse image houses built in the transnational Dr vi a tradition of architecture in Sri Lanka an architectural tradition that has been adopted across the Indian Ocean from the premodern to the contemporary Although the Dr vi a tradition is generally associated with Hindu temple architecture in Sri Lanka it was deployed to build temples to the Buddha as well as to Hindu and Buddhist deities Framed along ethno religious binaries it is seen as foreign or provincial in previous studies of Sri Lanka s art histories In contrast this book argues that temples constructed in the Dr vi a architectural tradition in the medieval and the early modern periods in Sri Lanka should be understood as part of the larger transnational architectural tradition Sujatha Arundathi Meegama brings together different types of image houses built by various patrons e g monarchs monks ministers and merchants that were previously considered in isolation and rarely included in the Sri Lankan art historical canon Examining a range of evidence architecture inscriptions and poetry and synthesizing disparate scholarship on the religious cultures and the art histories of Sri Lanka the author illustrates that there was a strong presence of shared architectural traditions shared patterns of patronage and shared religious practices among the diverse communities on this island Generally scholarship on South Asian architecture focuses on the role of rulers and other secular or religious elites as agents of religious architecture in addition to these actors this study highlights the roles of architects who specialized in the Dr vi a tradition and those who experimented with it in stone brick and timber in different time periods Revealing the centrality of this architectural tradition *Temples to the Buddha and the Gods* offers a new perspective that contextualizes the cultural tradition of Sri Lanka and its place in the interconnected world of the Indian Ocean *Art and Architecture of India* Mr. Rohit Manglik, 2023-08-23 In this book we will study about India s rich architectural heritage styles and cultural expressions through monuments and art *Constructing Kanchi* Emma Natalya Stein, 2025-10-01 *Constructing Kanchi City of Infinite Temples* traces the emergence of the South Indian city of Kanchi as a major royal capital and multireligious pilgrimage destination during the era of the Pallava and Chola dynasties ca seventh through thirteenth centuries The book presents the first ever comprehensive picture of historical Kanchi locating the city and its more than 100 spectacular Hindu temples at the heart of commercial and artistic exchange that spanned India Southeast Asia and China The author demonstrates that Kanchi was structured with a hidden urban plan which determined the placement and orientation of temples around a central thoroughfare that was also a burgeoning pilgrimage route Moving outwards from the city she shows how the transportation networks river systems residential enclaves and agrarian estates all contributed to the vibrancy of Kanchi s temple life The construction and ongoing renovation of temples in and around the city she concludes has enabled Kanchi to thrive continuously from at least the eighth century through the colonial period and up

until the present **The Thief Who Stole My Heart** Vidya Dehejia,2023-10-17 The first book to put the sacred and sensuous bronze statues from India's Chola dynasty in social context From the ninth through the thirteenth century the Chola dynasty of southern India produced thousands of statues of Hindu deities whose physical perfection was meant to reflect spiritual beauty and divine transcendence During festivals these bronze sculptures including Shiva referred to in a saintly vision as the thief who stole my heart were adorned with jewels and flowers and paraded through towns as active participants in Chola worship In this richly illustrated book leading art historian Vidya Dehejia introduces the bronzes within the full context of Chola history culture and religion In doing so she brings the bronzes and Chola society to life before our very eyes Dehejia presents the bronzes as material objects that interacted in meaningful ways with the people and practices of their era Describing the role of the statues in everyday activities she reveals not only the importance of the bronzes for the empire but also little known facets of Chola life She considers the source of the copper and jewels used for the deities proposing that the need for such resources may have influenced the Chola empire's political engagement with Sri Lanka She also investigates the role of women patrons in bronze commissions and discusses the vast public records many appearing here in translation for the first time inscribed on temple walls From the Cholas religious customs to their agriculture politics and even food *The Thief Who Stole My Heart* offers an expansive and complete immersion in a community still accessible to us through its exquisite sacred art Published in association with the Center for Advanced Study in the Visual Arts National Gallery of Art Washington DC Please note All images in this ebook are presented in black and white and have been reduced in size **Objects of Translation** Finbarr Barry Flood,2022-07-12 *Objects of Translation* offers a nuanced approach to the entanglements of medieval elites in the regions that today comprise Afghanistan Pakistan and north India The book which ranges in time from the early eighth to the early thirteenth centuries challenges existing narratives that cast the period as one of enduring hostility between monolithic Hindu and Muslim cultures These narratives of conflict have generally depended upon premodern texts for their understanding of the past By contrast this book considers the role of material culture and highlights how objects such as coins dress monuments paintings and sculptures mediated diverse modes of encounter during a critical but neglected period in South Asian history The book explores modes of circulation among them looting gifting and trade through which artisans and artifacts traveled remapping cultural boundaries usually imagined as stable and static It analyzes the relationship between mobility and practices of cultural translation and the role of both in the emergence of complex transcultural identities Among the subjects discussed are the rendering of Arabic sacred texts in Sanskrit on Indian coins the adoption of Turko Persian dress by Buddhist rulers the work of Indian stone masons in Afghanistan and the incorporation of carvings from Hindu and Jain temples in early Indian mosques *Objects of Translation* draws upon contemporary theories of cosmopolitanism and globalization to argue for radically new approaches to the cultural geography of premodern South Asia and the Islamic world **Bagan and the World** Goh Geok Yian,John
