Art Of The Third Reich:

Art of the Third Reich Peter Adam, 1992 Nearly 50 years after the collapse of Hitler's Third Reich the officially sanctioned art of his National Socialist regime remains largely unknown Many were destroyed or stored away in inaccessible locations Now a documentary film producer offers a thoroughly researched engrossing examination of the art of National Socialist Germany 324 illustrations 33 in full color The Cult of Art in Nazi Germany Eric Michaud, Janet Lloyd, 2004 The Cult of Art in Nazi Germany presents a new interpretation of National Socialism arguing that art in the Third Reich was not simply an instrument of the regime but actually became a source of the racist politics upon which its ideology was founded Through the myth of the Aryan race a race pronounced superior because it alone creates culture Nazism asserted art as the sole raison d'être of a regime defined by Hitler as the dictatorship of genius Michaud shows the important link between the religious nature of Nazi art and the political movement revealing that in Nazi Germany art was considered to be less a witness of history than a force capable of producing future the actor capable of accelerating the coming of a reality immanent to art itself Art, Culture, and Media Under the Third Reich Richard A. Etlin, 2002-10-15 This work explores the ways in which Nazi Germany used art and media to portray their country as a champion of Kultur and civilization Revealing how multiple domains of cultural activity served to conceptually dehumanize Jews this work shows how the seeds of the Holocaust were sown **Art of Suppression** Pamela M. Potter, 2016-06-28 One thinks of the arts in Nazi Germany as struggling in an oppressive system yet evidence has repeatedly shown that conditions were far more favourable than we assume Potter conducts a historiography of Nazi arts examining writings from the last seven decades to demonstrate how historical moral and intellectual conditions have sustained a distorted characterization of cultural life in the Third Reich Showing how past research has revealed the decentralized nature of Nazi arts policies Potter argues that the insulation of academic disciplines allowed outdated presumptions about Nazi micromanagement of the arts to persist *The Nazification of Art* Brandon Taylor, Wilfried van der Will, 1990 This book raises the question to what extent Nazi culture prefigured the Post Modernism of today Hitler's Last Hostages Mary M. Lane, 2019 The story of art is integral to the story of the rise of Nazi Germany Adolf Hitler an artist himself was obsessed with art in particular the aesthetic of a purified regime scoured of degenerate influences that characterized Germany during the 1920s and 1930s When they came to power in 1933 Hitler and Goebbels set their aesthetic vision into motion and removed degenerate art from German life artists fled the country museums were purged and great works disappeared only a fraction of which were rediscovered at the end of the Second World War Most remained in garrets and cellars the last hostages of the era of the Reich In 2013 1290 works by Chagall Picasso Matisse Otto Dix Max Beckmann and others were rediscovered In Hitler's Last Hostages Mary Lane brilliantly tells the story of art and the Third Reich and the fate of Germany's great artists as they fought to survive the Nazi era The Third Reich Sourcebook Anson Rabinbach, Sander L. Gilman, 2013-07-10 This book is a collection of documents mostly translated from the German
