Bevis Hillier, Stephen Escritt

Art Deco:

Art Deco 1910-1939 Victoria and Albert Museum, 2003 Art Deco the style that swept across the globe during the 1920s and 1930s and created the defining look of the interwar years Its influence was ubiquitous it touched the design of everything from cinemas and Hollywood films to the packaging of cigarettes from evening wear and accessories to luxury liners and locomotives Deco was the ultimate synthesis of styles it borrowed from European craft traditions as eagerly as it appropriated aspects of the exotic from the cultures of Ancient Egypt Meso America the oriental East and black Africa Its use of rare and unashamedly precious materials was a reminder of the wealth of empires whilst its geometric imagery celebrated urban modernity and the experience of modernity worldwide This lavish and erudite book brings together nearly 40 essays from leading experts in the field to discuss the phenomenon that was Art Deco in the most wide ranging survey of what created such an utterly distinctive iconography its sources its varied forms of expression and the way it refined and redefined itself as it spread throughout the world With breathtaking illustrations and essays both thought provoking and scholarly it will stand as the definitive book on what was arguably the most popular style of the twentieth century Art Deco Style

Bevis Hillier, Stephen Escritt, 1997 Characterized by geometric shapes stylized natural forms and the use of luxurious materials Art Deco originated in France and spread quickly all over the globe during the 1930s Interest in the style was revived in the 1960s partly as a result of the work of Bevis Hillier who recalls his triumphs and mistakes in writing the first book on the subject and co organizing the Minneapolis exhibition in 1971 Stephen Escritt's text deals with recent scholarship and changing attitudes towards Art Deco by charting its various worldwide manifestations he demonstrates that the style although retrospectively labelled a movement had a coherence that led to its international spread The text is illustrated with examples from all over the world ranging from liners to letterboxes and from radios to lampposts **Art Deco** Alastair Duncan, 1988 Art Deco is one of the most exciting chapters in the history of the decorative arts Conceived in France before the First World War it spread throughout Europe and had its greatest and most spectacular success in the United States Myriad influences shaped the style Cubism Constructivism Orientalism the Ballets Russes the Bauhaus and its exponents included many of the century's most celebrated artists designers and craftsmen Art Deco Eva Weber, 2003 Filled with extraordinary illustrations Art Deco explores the origins of the movement explaining how elements as disparate as neoclassicism and Cubism came together to create this distinctive and elegant style A visual celebration beautiful pictures and informative text will delight Deco lovers

Essential Art Deco Ghislaine Wood, 2003 Essential Art Deco captures the essence of the style which swept across the globe in the 1920s and 1930s altering the skyline of cities from Shanghai to Rio and adding an exotic vibrant edge to everything from cinema and fashion to ocean liners and automobiles Beautifully illustrated throughout the book explores the extraordinary visual language of the style Skilful juxtaposition of source material and iconic Deco pieces shows how designers borrowed from the exotic cultures of Ancient Egypt Meso America the oriental East and Africa and from the man

made world of skyscrapers and machines developing in the process a new and highly distinctive iconography Images inspired by the natural world of plants and animals sunbursts and fountains contrast with the geometric forms of avant garde painting and design culminating eventually in the symbolic idiom of streamlining Deeply eclectic and highly decorative Art Deco was all about fantasy fun and glamour themes that are celebrated in this attractive book and which still strike a popular chord today
