Rethinking Rhetorical Theory, Criticism, and Pedagogy Antonio de Velasco, John Angus Campbell, David Henry, 2016-10-01 What distinguishes the study of rhetoric from other pursuits in the liberal arts From what realms of human

existence and expression of human history does such study draw its defining character What in the end should be the purposes of rhetorical inquiry And amid so many competing accounts of discourse power and judgment in the contemporary world how might scholars achieve these purposes through the attitudes and strategies that animate their work Rethinking Rhetorical Theory Criticism and Pedagogy The Living Art of Michael C Leff offers answers to these questions by introducing the central insights of one of the most innovative and prolific rhetoricians of the twentieth century Michael C Leff This volume charts Leff s decades long development as a scholar revealing both the variety of topics and the approach that marked his oeuvre as well as his long standing critique of the disciplinary assumptions of classical Hellenistic renaissance modern and postmodern rhetoric Rethinking Rhetorical Theory Criticism and Pedagogy includes a synoptic introduction to the evolution of Leff s thought from his time as a graduate student in the late 1960s to his death in 2010 as well as specific commentary on twenty four of his most illuminating essays and lectures Transatlantic Reflections on the Practice-Based PhD in Fine Art Jessica Schwarzenbach,Paul Hackett,2015-08-11 Once the US was the only country in the world to offer a doctorate for studio artists however the PhD in fine art disappeared after pressures established the MFA as the terminal degree for visual artists Subsequently the PhD in fine art emerged in the UK and is now offered by approximately 40 universities Today the doctorate is offered in most English speaking nations much of the EU and countries such as China and Brazil Using historical political and social frameworks this book investigates the evolution of the fine art doctorate in the UK what the concept of a PhD means to practicing artists from the US and why this degree disappeared in the US when it is so vigorously embraced in the UK and other countries Data collected through in depth interviews examine the perspectives of professional artists in the US who teach graduate level fine art These interviews disclose conflicting attitudes toward this advanced degree and reveal the possibilities and challenges of developing a potential doctorate in studio art in the US
