[Translated by Bernard Frechtman and Others]. Antonin Artaud, 1972 No More Masterpieces Lucy Bradnock, 2021-01-01 This groundbreaking account of postwar American art traces the profound influence of Antonin Artaud Proposing an original reassessment of art from the 1950s to the 1970s No More Masterpieces reveals how artistic practice in postwar America was profoundly shaped by the work of the rebellious French poet and dramatist Antonin Artaud 1896 1948 A generation of artists mobilized Artaud's countercultural ideas to imagine new forms of representation and to redefine the relationship between artist and audience The book shows how Artaud's radical writings inspired the experimental theatrical work of John Cage Rachel Rosenthal and Allan Kaprow the attack on artistic and social conventions launched by assemblage artists Wallace Berman and Bruce Conner and the feminist work of Carolee Schneemann and Nancy Spero Lucy Bradnock traces the dissemination of Artaud's writings in America and demonstrates how his interest in political and cultural disorder the dangers of authority and the unreliability of representation found fertile ground in the context of the Cold War disillusionment with the ideals of Abstract Expressionism and the early years of identity politics **Delirious** Kelly Baum, Lucy Bradnock, Tina Rivers Ryan, 2017-09-12 Can postwar art be understood as an exercise in calculated insanity Taking this provocative question as its basis this book explores the art and history of delirium from 1950 to 1980 an era shaped by the brutality of World War II and the rapid expansion of industrial capitalism Skepticism of science and technology along with fear of its capability to promote mass destruction developed into a distrust of rationalism which profoundly influenced the art of the times Delirious features work by more than sixty artists from Europe Latin America and the United States including Dara Birnbaum Le n Ferrari Gego Bruce Nauman Howardena Pindell Peter Saul and Nancy Spero Experimenting with irrational subject matter and techniques these artists forged new strategies that directly responded to such unbalanced times Disturbing and challenging the works in this book in multiple media and often counterintuitively

incorporating highly ordered and systematic structures upend traditional notions of aesthetic harmony Three wide ranging essays and a richly illustrated plates section investigate the degree to which delirious times demand delirious art inviting readers to think crazy p p1 margin 0 0px 0 0px 0 0px 0 0px font 14 0px Verdana

Antonin Artaud's Alternate Genealogies John C. Stout, 2006-01-01 Most readers know Antonin Artaud as a theorist of the theatre and as a playwright director and actor manqué Now John C Stout's highly original study installs Artaud as a writer and theorist of biography In *Alternate Genealogies* Stout analyzes two separate but interrelated preoccupations central to Artaud's work the self portrait and the family romance He shows how Artaud in several important but relatively neglected texts rewrites the life stories of historical and literary figures with whom he identifies for example Paolo Uccello Abelard Van Gogh and Shelley's Francesco Cenci in an attempt to reinvent himself through the image or life of another Throughout the book Stout focusses on Artaud's struggles to recover the sense of self that eludes him and to master the reproductive process by recreating the family in and as his own fantasies of it With this research John C Stout has added considerably to our understanding of Artaud His book will be much appreciated by theatre scholars Artaud specialists Freudians Lacanians and both theorists and practitioners of life writing

Deleuze and the Schizoanalysis of Visual Art Ian Buchanan, Lorna Collins, 2014-09-25 The concept of schizoanalysis is Deleuze and Guattari's fusion of psychoanalytic inspired theories of the self the libido and desire with Marx inspired theories of the economy history and society Schizoanalysis holds that art's function is both political and aesthetic it changes perception If one cannot change perception then one cannot change anything politically This is why Deleuze and Guattari always insist that artists operate at the level of the real not the imaginary or the symbolic Ultimately they argue there is no necessary distinction to be made between aesthetics and politics They are simply two sides of the same coin both concerned with the formation and transformation of social and cultural norms *Deleuze and the Schizoanalysis of Visual Art* explores how every artist good or bad contributes to the structure and nature of society because their work either reinforces social norms or challenges them From this point of view we are all artists we all have the potential to exercise what might be called a *aesthetico political* function and change the world around us or conversely we can not only let the status quo endure but fight to preserve it as though it were freedom itself Edited by one of the world's leading scholars in Deleuze Studies and an accomplished artist

curator and critic this impressive collection of writings by both academics and practicing artists is an exciting imaginative tool for a upper level students and academics researching and studying visual arts critical theory continental philosophy and media
