The story of Ireland its graces and shortcomings triumphs and sorrows is told by ballads dirges and humorous songs of its common people Music is a direct and powerful expression of Irish folk culture and an aspect of Irish life beloved throughout the rest of the world Incredibly the largest single gathering of Irish folk songs had been almost inaccessible because originally newspaper based it was available in only three libraries in Belfast Dublin and Washington D C Sam Henry s Songs of the People makes the music available to a wider audience than the collector ever imagined Comprising nearly 690 selections this thoroughly annotated and indexed collection is a treasure for anyone who performs composes studies collects or simply enjoys folk music It is valuable as an outstanding record of Irish folk songs before World War II demonstrating the historical ties between Irish and Southern folk culture and the tremendous Irish influence on American folk music In addition to the songs themselves and their original commentary Sam Henry s Songs of the People includes a glossary bibliography discography index of titles and first lines melodic index index of the original sources of the songs and information about them geographical index of sources and three appendixes related to the original song series in the Northern Constitution

**The Life and Letters of Charles Samuel Keene** George Somes Layard,1892      Railway People George Turner Smith,2017-01-24 A railway is not just a collection of machines rails and buildings it is also about people Railway People tells of the wayward Bront brother Branwell and his extraordinary but short lived career as a station master It recounts some little known episodes in the lives of the great railway engineers including one concerning Isambard Brunel whose barmy army of navvies took part in the last pitched battle to be seen on British soil There are tales drawn from the diaries of the first railway police by turns humorous and gripping Much relate to railway s early days and describe the steep learning curve required of the world s first railwaymen as they engage with the novel technology By turn the stories are funny tragic and often surprising There is heroism in the mix the heroism of men such as 16 year old John Hackworth who led an expedition in winter across the snowy wastes of Russia to

deliver the country's first steam locomotive to its purchaser Tsar Nicholas I fighting off packs of hungry wolves on the way. There are twenty stories in total and all highlight some aspect of the lives of railway people with all their quirks, faults, mistakes, genius and enterprise. Much original research went into the production of these interesting, informative stories. Most of what appears was originally published in railway magazines such as Michael Blakemore's *Backtrack* and some was also published in an earlier incarnation of the book titled *Those Railway People: Local Records; Or Historical Register of Remarkable Events. ... Commencing with the Year 1833 to the End of 1866, (1867-75) Being a Continuation of the Work Published by the Late Mr. John Sykes*. T. Fordyce (Printer, of Newcastle-upon-Tyne.), 1876. *The Biograph and Review*, 1881. *Notes and Queries*, 1888. *Northumbrian Minstrelsy*, John Collingwood Bruce, John Stokoe, 1882. *The Students' Journal, and Hospital Gazette*, 1881.
