Moore** Frank Moore,1864 **Songs and Ballads of the Southern People: 1861-1865** Anonymous,2020-09-28 This collection has been made with the view of preserving in permanent form the opinions and sentiments of the Southern people as embodied in their Songs and Ballads of 1861 1865 which better than any other medium exhibit the temper of the times and popular feeling The historical value of the productions is admitted Age will not impair it The editor has endeavored to give the best of the inspirations A desire to announce the authorship of the pieces has been gratified in most instances Where requests have been made not to give names and places and circumstances by whom and where they have been written they have been regarded the spirit meaning and intent not being affected nor in the least abated by such a course To those who have assisted in collecting the editor returns his thanks After this volume reaches

those who are interested should any of them desire to correct mistakes that may have crept into it he will be glad to make the changes required Should any one into whose hands the volume may fall know of copies of songs or ballads or of letters and incidents upon which such are founded songs and ballads letters or incidents not already collected in book form the editor will be glad to be advised that means may be taken for their permanent preservation which he is using every endeavor to secure A postal card giving name and residence addressed to him in the care of his publishers D Appleton and Company New York City will receive immediate attention The essence of history exists in its songs Those that are carried in the memory are earliest forgotten It is a praiseworthy plan that saves all Will those who know them by heart and have sung them in camp and in battle help to rescue them from oblivion *Allan's Lone Star Ballads* ,1874 *The Louisiana Book* Thomas M'Caleb,1894

War Poetry of the South Various Authors, Several considerations have prompted the editor of this volume in the compilation of its pages It constitutes a contribution to the national literature which is assumed to be not unworthy of it and which is otherwise valuable as illustrating the degree of mental and art development which has been made in a large section of the country under circumstances greatly calculated to stimulate talent and provoke expression through the higher utterances of passion and imagination Though sectional in its character and indicative of a temper and a feeling which were in conflict with nationality yet now that the States of the Union have been resolved into one nation this collection is essentially as much the property of the whole as are the captured cannon which were employed against it during the progress of the late war It belongs to the national literature and will hereafter be regarded as constituting a proper part of it just as legitimately to be recognized by the nation as are the rival ballads of the cavaliers and roundheads by the English in the great civil conflict of their country The emotional literature of a people is as necessary to the philosophical historian as the mere details of events in the progress of a nation This is essential to the reputation of the Southern people as illustrating their feelings sentiments ideas and opinions the motives which influenced their actions and the objects which they had in contemplation and which seemed to them to justify the struggle in which they were engaged It shows with what spirit the popular mind regarded the course of events whether favorable or adverse and in this aspect it is even of more importance to the writer of history than any mere chronicle of facts The mere facts in a history do not always or often indicate the true animus of the action But in poetry and song the emotional nature is apt to declare itself without reserve speaking out with a passion which disdains subterfuge and through media of imagination and fancy which are not only without reserve but which are too coercive in their own nature too arbitrary in their influence to acknowledge any restraints upon that expression which glows or weeps with emotions that gush freely and freshly from the heart With this persuasion we can also forgive the muse who in her fervor is sometimes forgetful of her art And yet it is believed that the numerous pieces of this volume will be found creditable to the genius and culture of the Southern people and honorable as in accordance with their convictions They are derived from all the States of the late Southern Confederacy and will be found truthfully to exhibit the sentiment and opinion

prevailing more or less generally throughout the whole The editor has had special advantages in making the compilation Having a large correspondence in most of the Southern States he has found no difficulty in procuring his material Contributions have poured in upon him from all portions of the South the original publications having been in a large number of cases subjected to the careful revision of the several authors It is a matter of great regret with him that the limits of the present volume have not suffered him to do justice to and find a place for many of the pieces which fully deserve to be put on record Some of the poems were quite too long for his purpose a large number delayed by the mails and other causes were received too late for publication Several collections from Louisiana North Carolina and Texas especially are omitted for this reason Many of these pieces are distinguished by fire force passion and a free play of fancy Briefly his material would enable him to prepare another volume similar to the present which would not be unworthy of its companionship He is authorized by his publisher to say that in the event of the popular success of the present volume he will cheerfully follow up its publication by a second of like style character and dimensions Rebel Rhymes and Rhapsodies Frank Moore,1864 For Christ And Country John Thomas Nall,2007-07-16 History and the understanding of what true liberty is I could not bring to light of its real meaning without the wisdom of our God I shall share with you as I see the world from my perspective with philosophies and poetry and political views You will also read other statements from other people that are worth reading So let s begin our journey **Civil War Short Stories and Poems** Bob Blaisdell,2013-04-10 Compiled by an expert on Civil War literature this anthology offers an outstanding selection of short works Includes stories and poems by Whitman Melville Longfellow Bierce Alcott Twain Whittier and many others **Young folk's history of the War for the Union** John D.
