Of The Orchid:

The Orchid Book J. Cullen, 1992-11-12 The rich and often bizarre variety of form exhibited by orchids has long provided a fascination for amateur and professional botanists alike Once seen as a hobby exclusively for the rich the cultivation of orchids is now widespread and the need for an accurate and simple guide to the identification of species in cultivation has become apparent This book aims to fulfill that need by providing botanically correct yet easily accessible information about this unique and exceptionally diverse group of plants The main part of the book is based on the text of the family Orchidaceae published in the second volume of The European Garden Flora with the information fully updated and displayed in a revised format Simple keys to the genera and to the species allow access to descriptions of 900 individual species which also include references to published illustrations and other useful information Numerous line drawings of diagnostic features help to make the keys and descriptions easy to understand and use A brief introduction covers the structural features of orchids important in identification and gives some information on cultivation and a list of general references

The Orchid in Lore and Legend Luigi Berliocchi, 2000 Berliocchi 1953 1999 former lecturer in garden history at the University of Reggio Calabria Italy presents a lively history of orchids including myths and legends their uses from prehistory to modern times patrons and hunters arts and customs the plants habitat and structure descriptions of the genera and basic culture Fine

period color plates and b w illustrations throughout A translation from Italian of Il Fiore Degli Dei L Orchidea dal Mito Alla Storia 1996 Nuovi Equilibri Viterbo Italy Annotation copyrighted by Book News Inc Portland OR

The Orchid Flora of Taiwan: A Collection of Line Drawings Tsan-Piao Lin, 2019-12-01 The history of written records of native orchids in Taiwan began in 1857 with a British botanist After more than 160 years of study by European Japanese and Taiwanese scholars and enthusiasts the list of native orchids increased to more than 470 species including natural hybrids and varieties The author exerted extensive efforts to include all known species in this work and arranged them based on the order of subfamilies Scientific names synonyms and relevant references are provided for each species Many of the species are provided with additional explanations in the note section The uniqueness of this book is the line drawing illustrations which emphasize the structure of the column In total 500 figures are presented to accompany the species descriptions These extensive line drawings were accumulated since 1971 and were mostly drawn by the author More than that this book also presents the gynostemium structure of more than 380 species including the stigma pollinium rostellum and column in high resolution color plates

Orchids of the Northeast William K. Chapman, 1997-06-01 Orchids No other group of plants arouses such immediate interest No other plants invoke such a strong desire to know more about them and certainly no group of plants is in such desperate need of human understanding and compassion in the northeast far too many of their kind stand poised on the brink of extinction Orchids of the Northeast is a must for orchid enthusiasts everywhere Along with innovative identification keys and a glossary of botanical terms William K Chapman includes the latest research collected on these fascinating flowers For instance to allow for current classification changes three varieties of *Cypripedium parviflorum* yellow lady's slippers are listed as well as the recently recognized species of *Platanthera huronensis* and *Malaxis bayardii* and the proposed *Platanthera pallida* The many color photographs in Orchids of the Northeast makes this book a visual as well as a botanical treasure

The Orchid Review, 1912 Grow orchids in your home. Live in the exotic magic of the most aristocratic flower. William Drake, 2019-07-02 242 PAGES ILLUSTRATED IN COLOR Many people who would like to dedicate themselves to this hobby ask themselves Will I have the chance to organize a large greenhouse Will I have enough time to look after such fragile plants Will I be able to support the necessary financial commitment These questions are wrong the main question you need to ask yourself to see if you will be a good grower is another what feeling do I have with orchids The orchid is a unique flower in its eccentric perfection it does not know the banality It does not grow in an impersonal environment it is elegant in all its aspects aristocratic in its needs It blooms only if it finds the right conditions around it In the East the perfection of the orchid is a symbol of purity In the West the orchid is related to love and sensuality therefore it becomes the symbol of passionate love In its almost black flowered varieties the orchid is also associated with the dark mystery and witchcraft People who are attracted to orchids are sensual and innocent simple and sophisticated They love luxury The roots of the

orchid can feed on air by filtering nourishment from nothing they are intricate but light Who loves the orchid is very selective in his choices he accepts to let only a small circle of people enter his life Therefore if you wish to dedicate yourself to the cultivation of orchids you should not ask yourself how much it costs The right questions are these Do I have an independent temperament Do I have my own class and my original elegance Am I capable of innocence and passion dedication and betrayal I only ask for the best from my life and the people I surround myself with If all the answers are yes you are the ideal candidate for growing orchids You don t need much else In fact it is possible to grow orchids even in a small vase held on the windowsill as you would do with basil Some varieties may require temperature and humidity which is not difficult to recreate in an ordinary apartment or on a balcony Other varieties can grow outdoors in the garden If you really want to dedicate yourself to the cultivation of orchids you will surely find the right compromise between the needs of the plants and those of your spaces and your wallet This book will provide you with all the information you need to start the journey that will turn you into an expert grower ready to participate in all flowers contest **Orchids** IUCN/SSC Orchid Specialist Group,1996 This action plan chronicles the threats faced by wild orchids but more importantly to critical habitats that host extraordinarily high orchid diversity and endemism It explores and recommends specific ways that national and local government legislators scientists and orchid conservationists as well as growers can all help to reverse present trends The facts and viewpoints presented in this comprehensive document update and supplement the information available to conservation organizations and agencies through the world so that they can lobby their appropriate government offices more effectively

Of The Orchid Introduction

In the digital age, access to information has become easier than ever before. The ability to download Of The Orchid has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Of The Orchid has opened up a world of possibilities. Downloading Of The Orchid provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Of The Orchid has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Of The Orchid. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Of The Orchid. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Of The Orchid, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Of The Orchid has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
