## Of Cain:

*The Mark of Cain* Ruth Mellinkoff, 2023-04-28 For few verses in the Bible is the relationship between scripture and the artistic imagination more intriguing than for the conclusion of Genesis 4 15 And the Lord set a mark upon Cain that whosoever found him should not kill him What was the mark of Cain The answers set before us in this sensitive study by art historian Ruth Mellinkoff are sometimes poignant frequently surprising An early summary of rabbinic answers for examples runs as follows R Judah said He caused the orb of the sun to shine on his account Said R Nehemiah to him For that wretch He would cause the orb of the sun to shine Rather he caused leprosy to break out on him Rab said He gave him a dog Abba Jose said He made a horn grow out of him Rab said He made him an example to murderers R Hanin said He made him an example to penitents R Levi said in the name of R Simeon b Lakish He suspended judgment until the flood came and swept him away After a review of such early Jewish and Christian exegesis Mellinkoff divides physical interpretations on the mark into three groups A Mark on Cain s Body A Movement of Cain s Body and A Blemish Associated with Cain s Body Her discussion of these groups is the heart of her study and offers its richest examples of interplay among medieval art and imaginative literature on the one hand and biblical exegesis on the other Thus in one remarkable tour de force she shows us how a poetic misprision of Genesis 4 24 Sevenfold vengeance will be taken for Cain but for Lamech seventy times sevenfold made Lamech the murderer of Cain how there then grew up the legend that Lamech a hunter had killed Cain when he mistook him for an animal how from that the notion that the mark of Cain was a horn or horns on Cain s head arose in the poignant formulation of the Tanhuma Midrash Oh father you have killed something that resembles a man except it has a horn on its forehead and how from that in the maturity of the legend there flowered Cornish drama Irish saga and stunning reliefs of a dying antlered Cain in the cathedrals of Vézelay and Autun Like Genesis 4 15 itself *The Mark of Cain* is suggestive rather than comprehensive Concluding chapters on Intentionally Distorted Interpretations of Cain s Mark and Cain s Mark and the Jews bring the history down to our own day but Mellinkoff does not claim to have said the last word on the subject Her achievement is neither documentary nor exegetical but rather demonstrative she shows us with brilliant economy how the artistic imagination functioned in a world whose intellectual definition was a closed canonical text For few verses in the Bible is the relationship between scripture and the artistic imagination more intriguing than for the conclusion of Genesis 4 15 And the Lord set a mark upon Cain that whosoever found him should not kill him What was the mark of

storm among Tories and clergymen from Kentish town to Pisa From 1821 to 1830 more was printed about its eighteen hundred alarming lines than about the twenty thousand of Don Juan One solemn Frenchman even translated the work in order to supply his countrymen with a text that he could then rewrite and confute After the initial controversy readers began to regard Cain not merely as revolutionary propaganda but as a fictional portrait of common youthful experience a sequence of aspiration discontent uncertainty confusion misunderstood isolation fear frustration anger and finally a rash inevitable but futile revolt that led to a future of hopeless regret Truman Guy Steffan here presents a text arrived at by collation of the first and several later editions with the original manuscript presently in the Stark Collection of the Miriam Lutcher Stark Library at the Harry Ransom Center the University of Texas at Austin The first eight essays which comprise Part I cover a number of literary topics Byron s defense of his purposes in Cain and the relevance of his dramatic theory to the poem the characterization that is an ideological confrontation a revelation of personal conflict as well as a rendering of individuals who have an existence independent of the author the principles that controlled Byron s absorption and expansion of biblical materials the integration of the imagery with the dramatic substance the incongruities of the language the metrical heterodoxy and a description of the manuscript and of Byron s insertions Part II contains the text of Cain accompanied by notes on the variants the manuscript cancellations and additions certain linguistic details and the scansion of some unusual verses Then follow annotations on allusions sources and analogues and on a few passages of the play that have elicited unusual conflict over interpretation Part III provides a history of Cain criticism from the opinions of Byron s social and literary circle and of the major periodicals and pamphlets to the more complicated contribution of the twentieth century This important work stands not only as a valuable addition to Byron scholarship but also as an illuminating record of the changing critical and cultural attitudes from the early nineteenth century to the 1960s Steffan has done a remarkable job in bringing together and synthesizing an enormous body of material

**The Curse of Ham** David M. Goldenberg, 2009-04-11 How old is prejudice against black people Were the racist attitudes that fueled the Atlantic slave trade firmly in place 700 years before the European discovery of sub Saharan Africa In this groundbreaking book David Goldenberg seeks to discover how dark skinned peoples especially black Africans were portrayed in the Bible and by those who interpreted the Bible Jews Christians and Muslims Unprecedented in rigor and breadth his investigation covers a 1 500 year period from ancient Israel around 800 B C E to the eighth century C E after the birth of Islam By tracing the development of anti Black sentiment during this time Goldenberg uncovers views about race color and slavery that took shape over the centuries most centrally the belief that the biblical Ham and his descendants the black Africans had been cursed by God with eternal slavery Goldenberg begins by examining a host of references to black Africans in biblical and postbiblical Jewish literature From there he moves the inquiry from Black as an ethnic group to black as color and early Jewish attitudes toward dark skin color He goes on to ask when the black African first became identified as slave in the Near East and in a powerful culmination discusses the resounding

influence of this identification on Jewish Christian and Islamic thinking noting each tradition's exegetical treatment of pertinent biblical passages. Authoritative, fluidly written and situated at a richly illuminating nexus of images, attitudes and history. The Curse of Ham is sure to have a profound and lasting impact on the perennial debate over the roots of racism and slavery and on the study of early Judaism, Christianity and Islam. *Revised Chronology of the Bible* Anthony Lyle, 2013-10-15. This book is a culmination of that research. After trashing his work 10 times and starting over, he managed to get a revised chronology that seemed to be more accurate than that being put out by the status quo universities. It combines secular world history with Biblical history in a far more even and smoother match than that proposed by former historians who have attempted the same. This is his version 12, which doesn't try to match different histories based on dates but rather by matching people and events and then applying revised dates to those events and people. This work will call into question the conclusions of historians of the last 200 years about the ancient periods of time and provide an alternative dating for those times. It is a World History in that it incorporates the ancient history of India, China, Japan as well as the traditional Middle Eastern and European societies of ancient times. It re-evaluates the beginnings of civilization and the solar system, refuting common historical and scientific beliefs of the modern world. Documents that have previously been written off as Mythology have been re-evaluated as well as they give a different perspective of ancient times and what happened back then. The use and creation of calendars is an important feature added to this work, which is seldom taken into account by modern histories. Incorporated in this work are many of the more recent archaeological finds that have yet to be incorporated in status quo works and institutions. He makes no apology for the fact that this is Biblically based and the conclusions that have been reached by this work fit very well in Biblical contexts and adds some understanding to the events that took place in the Biblical narratives. *Cyclopaedia Bibliographica* James Darling, 1859. **Flying Serpents and Dragons** R. A. Boulay, 1999-07. A highly original work that deals a shattering blow to all our preconceived notions about our past and human origins. Worldwide legends refer to giant flying lizards and dragons that came to this planet and founded the ancient civilizations of Mesopotamia, Egypt, India and China. Who were these reptilian creatures? What was the real reason for man's creation? Why did Adam lose his chance at immortality in the Garden of Eden? Who were the Nefilim who descended from heaven and mated with human women? Why did the serpent take such a bad rap in history? Why didn't Adam and Eve wear clothes? What were the crystals or stones that the gods fought over? Why did the ancient Sumerians call their major gods USHUMGAL, which means literally great fiery flying serpent? What were the boats of heaven in ancient Egypt and the sky chariots of the Bible? This book tells it all. **The Mark of Cain** Ephraim Kishon, 1976. **Legends of the Patriarchs and Prophets and Other Old Testament Characters from Various Sources** Sabine Baring-Gould, 1884.
