Arbuthnot in his humorous work on Political Lying commends the Whigs for occasionally trying the people with great swingeing falsehoods When these are once got down by the populace anything may follow without difficulty Excellently as this practice has worked in politics compare the warming pan lie of 1688 in the telling of ghost stories a different plan has its merits Beginning with the common place and familiar and therefore credible with the thin end of the wedge in fact a wise narrator will advance to the rather unusual the extremely rare the undeniably startling and so arrive at statements which without this discreet and gradual initiation a hasty reader might justly or unjustly dismiss as great swingeing falsehoods The nature of things and of men has fortunately made this method at once easy obvious and scientific Even in the rather fantastic realm of ghosts the stories fall into regular groups advancing in difficulty like exercises in music or in a foreign language We therefore start from the easiest Exercises in Belief or even from those which present no difficulty at all The defect of the method is that easy stories are dull reading But the student can skip We begin with common every night dreams Sleeping is as natural as waking dreams are nearly as frequent as every day sensations thoughts and emotions But dreams being familiar are credible it is admitted that people do dream we reach the less credible as we advance to the less familiar For if we think for a moment the alleged events of ghostdom apparitions of all sorts are precisely identical with the every night phenomena of dreaming except for the avowed element of sleep in dreams In dreams time and space are annihilated and two severed lovers may be made happy In dreams amidst a grotesque confusion of things remembered and things forgot we see the events of the past I have been at Culloden fight and at the siege of Troy we are present in places remote we behold the absent we converse with the dead and we may even let us say by chance coincidence forecast the future All these things except the last are familiar to everybody who dreams It is also certain that similar but yet more vivid false experiences may be produced at the word of the hypnotiser in persons under the hypnotic sleep A hypnotised man will take water for wine and get drunk on it Now the ghostly is nothing but the experience when men are awake or apparently awake of the every night phenomena of dreaming The vision of the absent seen by a waking or apparently waking man is called a wraith the waking or apparently waking vision of the dead is called a ghost Yet as St Augustine says the absent man or the dead man may know no more of the vision and may have no more to do with causing it than have the absent or the dead whom we are perfectly accustomed to see in our dreams Moreover the comparatively rare cases in which two or more waking people are alleged to have seen the same ghost simultaneously or in succession have their parallel in sleep where two or more persons simultaneously dream the same dream Of this curious fact let us give one example the names only are altered *A Stream of Dreams* Leon Nacson, 2003-12-31 This book by dream expert Leon Nacson is more than just a dream dictionary or a thesaurus It is a definitive dream decoder Finally you can simply and effortlessly discover the true meaning behind the

symbols in your dreams Unlike traditional dream dictionaries this book presents the meanings behind modern day symbols such as mobile phones boom boxes and DVD players For example spiders are becoming more common in dreams because we spend more time on the World Wide Web these days Traditional dictionaries might simply describe spiders as symbols of danger and entrapment Ultimately this book will become the benchmark for accurate dream interpretation

Dreams and Dreaming in the Roman Empire Juliette Harrisson, 2013-07-04 The history and literature of the Roman Empire is full of reports of dream prophecies dream ghosts and dream gods This volume offers a fresh approach to the study of ancient dreams by asking not what the ancients dreamed or how they experienced dreaming but why the Romans considered dreams to be important and worthy of recording Dream reports from historical and imaginative literature from the high point of the Roman Empire the first two centuries AD are analysed as objects of cultural memory records of events of cultural significance that contribute to the formation of a group's cultural identity The book also introduces the term cultural imagination as a tool for thinking about ancient myth and religion and avoiding the question of belief which arises mainly from creed based religions The book's conclusion compares dream reports in the Classical world with modern attitudes towards dreams and dreaming identifying distinctive features of both the world of the Romans and our own culture

Haunted Greece and Rome Debbie Felton, 2010-07-22 Stories of ghostly spirits who return to this world to warn of danger to prophesy to take revenge to request proper burial or to comfort the living fascinated people in ancient times just as they do today In this innovative interdisciplinary study the author combines a modern folkloric perspective with literary analysis of ghost stories from classical antiquity to shed new light on the stories folk roots The author begins by examining ancient Greek and Roman beliefs about death and the departed and the various kinds of ghost stories which arose from these beliefs She then focuses on the longer stories of Plautus Pliny and Lucian which concern haunted houses Her analysis illuminates the oral and literary transmission and adaptation of folkloric motifs and the development of the ghost story as a literary form In her concluding chapter the author also traces the influence of ancient
