*Shirts, Shifts and Sheets of Fine Linen* Pam Inder, 2024-01-11 *Shirts Shifts and Sheets of Fine Linen* explores how the jobs of the seamstress evolved in scope and status between 1600 1900 In the 17th and early 18th centuries seamstressing was a trade for women who worked in linen and cotton making men s shirts women s chemises underwear and baby linen some of these seamstresses were consummate craftswomen able to sew with stitches almost invisible to the naked eye Few examples of their work survive but those that do attest to their skill However as the ready to wear trade expanded in the 18th century women who assembled these garments were also known as seamstresses and by the 1840s most seamstresses were outworkers for companies or entrepreneurs paid unbelievably low rates per dozen for the garments they produced notorious examples of downtrodden exploited womenfolk Drawing on a range of original and hitherto unpublished sources including

business diaries letters and bills Shirts Shifts and Sheets of Fine Linen explores the seamstress s change of status in the 19th century and the reasons for it hinting at the resurgence of the trade today given so few women today are skilled at repairing and altering clothes Illustrated with 60 images the book brings seamstresses into focus as real people granting new insights into working class life in 18th and 19th century Britain
