## Of Matthew:

*A Commentary on the Gospel of Matthew* Craig S. Keener, 1999 This excellent commentary on Matthew offers a unique interpretive approach that focuses on the socio historical context of the Gospel and the nature of Matthew's exhortation to his first century Christian audience By merging a careful study of Matthew's Gospel in relation to the social context of the ancient Mediterranean world with a detailed look at what we know of first century Jewish Christian relations Craig Keener uncovers significant insights into the Gospel not found in any other Matthew commentary In addition Keener's commentary is a useful discipleship manual for the church His unique approach recaptures the full shock effect of Jesus teachings in their original context and allows Matthew to make his point with greater narrative artistry Keener also brings home the total impact of Matthew's message including its clear portrait of Jesus and its call for discipleship both to the Gospel's ancient readers and to believers today The Gospel of Matthew Rudolf Schnackenburg, 2002 From ancient times the Gospel of Matthew has been regarded as the church Gospel its aims are preeminently catechetical pastoral and missionary But recent research raises many questions regarding Matthew's creation theological intentions and shaping for the circle of its first recipients This highly original commentary by Rudolf Schnackenburg follows Matthew chapter by chapter and verse by verse carefully explaining and interpreting the text against both its primitive and current horizons Schnackenburg sees Matthew's purpose as simply the proclamation of Christian salvation His commentary gives extra attention to the great discourses of Jesus found in Matthew such as the Sermon on the Mount showing how Jesus words and works have special currency for the self understanding of the church and for the task of Christian living today Written by a master exegete with a pastor's sensitivity this commentary will fast become a classic study of Matthew's Gospel The Gospel of Matthew R.T. France, 2007-07-11 The English translation at the beginning of each section is France's own designed to provide the basis for the commentary This adept translation uses contemporary idioms and where necessary gives priority to clarity over literary elegance BOOK JACKET *The Hebrew Gospel of Matthew* George Howard, 2005-07 For centuries the Jewish community in Europe possessed a copy of Matthew in the Hebrew language The Jews use of this document during the Middle Ages is imperfectly known Occasionally excerpts from it appeared in polemical writings against Christianity **The Vision of Matthew** John P. Meier, 2004-09-30 In this volume Father Meier explores how Matthew remodeled the form the Christological message and the moral demand of the gospel Part I shows Matthew's church in crisis It was experiencing a shift in its Christian existence from a narrow Jewish Christian past to a universal Gentile future To preserve yet reinterpret the particularistic traditions of that Jewish Christian past Matthew drew up a model of salvation history and then reshaped the gospel message to fit it Part II offers a mini commentary on the whole gospel to illustrate this reshaping of the message Pericope by pericope Matthew presents Jesus as Son of God and Son of Man and therefore as the definitive teacher of his Church Indeed the nexus between Christ and his Church emerges as the outstanding characteristic of Matthew's gospel Part

III studies Matthew's construction of a unified moral vision on the basis of this connection between Christ and Church. The basic stance of Jesus and his disciples towards the Mosaic Law is one of fulfillment, a prophetic fulfillment which involves at times a deepening of at times the abrogation of the letter of the Law. *The Gospel of Matthew* John Nolland, 2005-11-01

Having devoted the past ten years of his life to research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church. Without neglecting the Gospel's sources or historical background Nolland places his central focus on the content and method of Matthew's story. His work explores Matthew's narrative technique and the inner logic of the unfolding text giving full weight to the Jewish character of the book and its differences from Mark's presentation of parallel material. While finding it unlikely that the apostle Matthew himself composed the book Nolland does argue that Matthew's Gospel reflects the historical ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition. Including accurate translations based on the latest Greek text, detailed verse by verse comments, thorough bibliographies for each section and an array of insightful critical approaches Nolland's Gospel of Matthew will stimulate students, preachers and scholars seeking to understand more fully Matthew's presentation of the gospel narrative.

**The Zechariah Tradition and the Gospel of Matthew** Charlene McAfee Moss, 2009-02-26

The Zechariah Tradition and the Gospel of Matthew is a comprehensive study of the ways Matthew utilizes Zechariah texts and traditions. Against the background of materials from Qumran and apocryphal and deuterocanonical writings Matthew's explicit citations of Zechariah are examined; the influence of Zechariah elsewhere in the First Gospel is identified and the extent to which Matthew alludes to characteristic Zechariah themes alone or in combination with other prophetic traditions is explored. Zechariah traditions appear in Matthew's distinctive materials as well as in texts Matthew has transmitted or altered from Mark and Q. The impact of Zech 9:14 is not limited to the Passion Narrative but extends through Matthew's Infancy and Galilean healing narratives as well. Important concepts from Zech 1:8 are also discerned in the Infancy and Passion Narratives. Moss works through the canonical order of Matthew; this enables readers to appreciate the cumulative effect of Zechariah's influence at each stage of the Gospel story. Two appendices, one arranged according to Zechariah and the other to Matthew, list possible references to Zechariah in Matthew. This monograph is useful for Matthean studies and it is an insightful investigation of how one set of Old Testamental traditions are appropriated in one canonical Gospel and in the New Testament.

**The Gospel of Matthew and Christian Judaism** David C. Sim, 1998-01-01

In this meticulously researched study David C. Sim reconstructs the Matthean community at the time the Gospel was written and traces its full history. Dr. Sim demonstrates that the Matthean community should be located in Antioch in the late first century and he argues that the history of this community can only be understood in the context of the factionalism of the early Christian movement. He identifies two distinctive and opposing Christian perspectives: the first represented by the Jerusalem church

and the Matthean community which maintained that the Christian message must be preached within the context of Judaism and the second represented by Paul and the Pauline communities in which Christians were not expected to observe the Jewish law Dr Sim reconstructs not only the conflict between Matthew's Christian Jewish community and the Pauline churches but also its further conflicts with the Jewish and Gentile worlds in the aftermath of the Jewish war *Sacra Pagina: The Gospel of Matthew* Daniel J. Harrington, 2017-07-14 Matthew wrote his Gospel from his perspective as a Jew It is with sensitivity to this perspective that Father Harrington undertakes this commentary on the Gospel of Matthew After an introduction he provides a literal translation of each section in Matthew's Gospel and explains the textual problems philological difficulties and other matters in the notes He then presents a literary analysis of each text content form use of sources structure examines the text against its Jewish background situates it in the context of Matthew's debate with other first century Jews and reflects on its significance for Christian theology and Christian Jewish relations Bibliographies direct the reader to other important modern studies **The Theology of the Gospel of Matthew** Ulrich Luz, 1995-05-04 This book first published in 1995 introduces retells and analyses the Gospel of Matthew **Original Gospel of Matthew Vol. 2** Standford Rives, 2012-12-15 Standford Rives seeks to provide the best approximation of the original Gospel of Matthew based upon Hebrew sources There is no disputing Matthew wrote his gospel in Hebrew In about 400 AD Jerome translated it from a copy at the Library of Caesarea It was quoted dozens of times by the earliest church commentators Jerome explained that our Greek version of Matthew came from this Hebrew version Jerome noted a score of variants that were interesting The Shem Tob version of Matthew is the best candidate to reflect the original Hebrew Matthew Standford Rives a Christian attorney tries to meticulously assemble what likely was the original Matthew from all these sources It is hoped that this will be edifying to the faithful This first of three volumes collects all viable earliest variants for Matthew overlaid on the framework of the American Standard Version of Matthew from 1901 These variants are color coded for easy identification The variants are footnoted so the reader can read its source and weigh its strength and viability The second volume will collect important scholarly material on the validity of the early variants and the significance of the changes to the traditional text Topics covered in volume two include whether the virgin birth was originally present whether Yahweh's name was originally used and on the aid to apologetics which the original Matthew variants provides The third volume is intended for devotional reading It attempts to represent the best estimate of what the entire original Gospel of Matthew contained There is no commentary It is simply a smooth flowing text with the best variants reflected in the text using color coding to signify the source of each variant The same color codes are used in volume three as used in volume one They will tell the reader the general source of the variant but to know the precise citation for the variant one must refer back to Volume I The first and third volumes are separated to keep customer purchase costs down This allows the readers to choose whether to purchase just volume one or also volume three to know the contents of the Original Gospel of Matthew **The Gospel of Matthew**

Wilkins, 2025-10-07 A Theology of Matthew's Gospel develops the perspective that Matthew wrote his Gospel to identify defend and proclaim Jesus Immanuel God with us as the Davidic Messiah who fulfilled the OT expectations of humanity's redemption Matthew's Gospel establishes Jesus's identity as the heir to the promises of Israel's throne through King David and heir to the promises of blessing to all the nations through the patriarch Abraham 11 So this first Gospel offers evangelistic hope in Jesus's message of the gospel to Jews contending that they should turn to Jesus as their long-awaited Messiah Matt 11:26 But strikingly Matthew's Gospel also offers evangelistic hope to Gentiles emphasizing that salvation through Jesus Messiah is available to all the nations 28:19 The book emphasizes the three horizons that comprise Matthew's gospel history theology and literature The first horizon focuses on Jesus's history ministry Here Matthew provides for us a record of God's activities in history in the arrival of Jesus Messiah and the kingdom of heaven The second horizon develops Matthew's theological perspective for his audience's Here we attempt to understand and isolate Matthew's unique theological perspective of God's activities in Jesus Messiah This is a central focus emphasizing Matthew's theological perspective of the Old Testament Christology the kingdom of heaven discipleship the Church church Israel past present and future the death and resurrection of Jesus mission commission and eschatology eternity The third horizon emphasizes today's reader's engaging with Matthew's Gospel as literature Here we attempt to capture the significance of the perspective of today's reader's understanding of Jesus Messiah's activities in history and Matthew's theological perspective for the contemporary church In this book we view Matthew's perspective of God's activities in Jesus's unfolding earthly ministry The alternating sections of narrative and discourse provide for his readers Jesus's example to follow and Jesus's words to obey Therefore Matthew's Gospel is at least in part a manual on discipleship to Jesus Messiah in the kingdom of heaven In the six Narratives Matthew reveals Jesus's true identity in his deeds and introduces themes that will lead to instructions to Jesus's disciples in the Discourses The six Narratives provide the example that Jesus's disciples are commanded to obey In the five Discourses Matthew records Jesus's instructions commands parables directives and prophecies that will guide his followers in their discipleship to Jesus until the end of the age Combined the narratives of Jesus's life provide Jesus's example to follow and the discourses give Jesus's instructions to obey and are the basis of our ongoing transformation to become like Jesus

**The Works of Matthew Arnold** Matthew Arnold, 1904      **The Gospel of Matthew** Donald Senior, 1997 Biblical texts create worlds of meaning and invite readers to enter them When readers enter such textual worlds which are often strange and complex they are confronted with theological claims With this in mind the purpose of the Interpreting Biblical Texts

series is to help dedicated students in their experience of reading and interpreting by providing guides for their journeys into textual worlds. The controlling perspective is expressed in the operative word of the title: interpreting. The primary focus of the series is not so much on the world behind the texts or out of which the texts have arisen as on the worlds created by the texts in their engagement with readers. In this volume, Donald Senior provides an up-to-date introduction to the Gospel of Matthew. The seven chapters of Part One focus on modern biblical scholarship and the interpretation of Matthew, discussing the sources and structure of the Gospel, its use of the Old Testament, its understanding of Jewish Law, its setting as a part of the mission of Christianity to the Gentiles, its Christology, its understanding of the nature of discipleship and the community from which the Gospel originated. The six chapters of Part Two provide a structured guide to reading and interpreting Matthew's Gospel.

**Masculinities in the Gospel of Matthew** Kendra A. Mohn, 2024-02-28. In *Masculinities in the Gospel of Matthew*, Joseph John Peter and Judas Kendra A. Mohn examine the masculinity of four figures in Matthew's Gospel in light of ancient understandings of masculinity exemplified by Roman emperors and emulated by figures such as Herod the Great and Herod Antipas. Utilizing three criteria common to elite Roman hegemonic expressions of masculinity: wealth, divine service, and dominating control over self and others, Mohn argues that the nonelites represented by the New Testament texts negotiated ancient expectations of masculinity in a variety of ways that both subverted and upheld Roman imperial ideals. This response to dominant masculinity, marked by hegemony, has important implications for the understanding of critical concepts such as discipleship and leadership, as well as the expectations for masculinity expressed in contemporary religious contexts.

*Healing in the Gospel of Matthew* Walter T. Wilson, 2014. Walter Wilson adopts an interdisciplinary approach to the healing narratives in the Gospel of Matthew, combining the familiar methods of form redaction and narrative criticisms with insights culled from medical anthropology, feminist theory, disability studies, and ancient archaeology to understand the New Testament's longest and most systematic account of healing, Matthew chapters 8 and 9. Close exegetical readings culminate in a final synthesis of Matthew's understanding of healing, how Matthew's narratives of healing expose the distinctive priorities of the evangelist, and how these priorities relate to the theology of the Gospel.
