**of Mormon** Terryl L. Givens, 2002-03-14 With over 100 million copies in print the Book of Mormon has spawned a vast religious movement but it remains little discussed outside Mormon circles Now Terry L Givens offers a full length treatment of this influential work illuminating the varied meanings and tempestuous impact of this uniquely American scripture Givens examines the text s role as a divine testament of the Last Days and as a sacred sign of Joseph Smith s status as a modern day prophet He assesses its claim to be a history of the pre Columbian peopling of the Western Hemisphere and later explores how the Book has been defined as a cultural product the imaginative ravings of a rustic religion maker Givens further investigates its status as a new American Bible or Fifth Gospel one that displaces supports or in some views perverts the canonical Word of God Finally Givens highlights the Book s role as the engine behind what may become the next world religion The most wide ranging study on the subject outside Mormon presses By the Hand of Mormon will fascinate anyone curious about a religious people who despite their numbers remain strangers in our midst *Understanding the Book of*

*Mormon* Ross Anderson, 2009-08-30 Mormons or members of the Church of Jesus Christ of Latter day Saints form a growing population in both numbers and influence Yet few people have more than a passing knowledge of the document that defines and drives this important movement the Book of Mormon A former Mormon and an adult convert to Christianity author Ross Anderson provides a clear summary of the Book of Mormon including its history teachings and unique features Stories from the author and other ex Mormons illustrate the use of Mormon scripture in the Latter day Saint church Anderson gives special attention to how the Book of Mormon relates to Christian beliefs about God Jesus and the Bible With discussion questions to facilitate group use and a focus on providing an accurate portrayal of Mormons beliefs Understanding the Book of Mormon is an indispensable guide for anyone wishing to become more familiar with the Church of Jesus Christ of Latter day Saints and its most formative scripture **The Anatomy of Book of Mormon Theology, Volume Two** Joseph M.

Spencer, 2021-11-16 Few scholars of the Book of Mormon have read this volume of scripture as closely and rigorously as

Joseph M Spencer And of those none have devoted as much time and effort as he to a theological reading of that sacred text that is as Spencer writes how it might shape responsible thinking about questions pertaining to the life of religious commitment p 1 173 The Anatomy of Book of Mormon Theology divides into two volumes exploring and thinking about these pertinent questions Whereas the first volume principally contains essays that deal with relatively traditional theological questions and concerns the essays in this volume ask about what new worlds might be discovered in doing theological work on the Book of Mormon focusing on what Spencer calls microscopic and macroscopic theological readings of the text Essays in the first set examine no more than a verse of the Book of Mormon more often just a single phrase or two to see what theological implications lie within the details of the text The second set of essays ask questions about the shape and intentions of the whole of the Book of Mormon as this can be discerned through the ways it deploys biblical texts and especially the writings of Isaiah A third set of essays follows the two on microscopic and macroscopic styles of theology and are invitations to blur the boundaries that separate different styles of Book of Mormon scholarship These final essays call on Book of Mormon scholars to move closer to theology and calls on theologians to move closer to the Book of Mormon

**By the Hand of Mormon** Terryl Givens, 2003-09-11 Finally in exploring what Martin Marty refers to as the Book of Mormon's revelatory appeal Givens highlights the Book's role as the engine behind what may become the next world religion

McElveen,1985 Revised and expanded edition This classic work on Mormonism has more than 135 000 copies in print **The Book of Mormon and its relationship with the Bible** David J. Richards,2017-11-17 The Book of Mormon is an influential and controversial book It launched a religious movement has been believed by millions to be scripture and has been derided by others as fraudulent Despite this or perhaps as a result the book's contents have been subject to both academic neglect and popular myth This book challenges some of that neglect by examining the Book of Mormon through the lens of its relationship with the Bible a work which the Book of Mormon openly quotes and expects to be read alongside and the only text which everyone agrees is connected to the Book of Mormon Through close examination of the Book of Mormon text and biblical parallels including three substantial case studies this book examines the ways in which the Book of Mormon draws upon and interprets the biblical text This book demonstrates the complexity with which the Book of Mormon handles biblical material and the close correlation between its reading of the Bible and the Book of Mormon's own core themes **Joseph Smith and the Beginnings of Mormonism** Richard L. Bushman,1987-01-15 The core of Mormon belief was a conviction about actual events The test of faith was not adherence to a certain confession of faith but belief that Christ was resurrected that Joseph Smith saw God that the Book of Mormon was true history and not philosophy and that Peter James and John restored the apostleships **Understanding the Book of Mormon** Grant Hardy,2010-04-07 This introduction adopting approaches from literature and religious studies

for the first time makes the contents of the Book of Mormon accessible to outsiders in a comprehensive detailed manner By identifying the organizing principles of the text which include multiple levels of narration Hardy demonstrates that the book has more coherence and literary interest than is often assumed
