

Of Sainte Foy

Frances Terpak Wands

Of Sainte Foy:

The Book of Sainte Foy Pamela Sheingorn, 2010-08-03 The miracle stories surrounding Sainte Foy form one of the most complete sets of material relating to a medieval saint's cult and its practices Pamela Sheingorn's superb translation from the Medieval Latin texts now makes this literature available in English The Book of Sainte Foy recounts the virgin saint's martyrdom in the third century Passio the theft of her relics in the late ninth century by the monks of the monastery at Conques Translatio and her diverse miracles Liber miraculorum also included is a rendering of the Provençal Chanson de Sainte Foy translated by Robert L A Clark The miracles distinguish Sainte Foy as an unusual and highly individualistic child saint displaying a fondness for gold and pretty things as well as a penchant for playing practical jokes on her worshippers In his record of Sainte Foy Bernard of Angers the eleventh century author of the first parts of the Liber miraculorum emphasized the saint's unheard of miracles such as replacing missing body parts and bringing dead animals back to life The introduction to the volume situates Sainte Foy in the history of hagiography and places the saint and her monastery in the social context of the high Middle Ages Sheingorn also evokes the rugged landscape of south central France the picturesque village of Conques on the pilgrimage road and most important the golden jewel encrusted reliquary statue that medieval believers saw as the embodiment of Sainte Foy's miracle working power In no other book will readers enjoy such a comprehensive portrait of Sainte Foy and the culture that nurtured her **The Treasure of Sainte Foy** MacDonald Harris, 1980

Writing Faith Kathleen Ashley, Pamela Sheingorn, 1999-07 Writing Faith demonstrates that clusters of miracles form sign systems and that it is those systems of meaning or representation that can be historically located Thus rather than treating individual miracle stories as transparent sources of specific historical data we can recognize representations common to groups of miracle stories as coherent historical formations For instance the negative characterizations of Muslims in the late miracles situate the stories composition in the eleventh century a period of rising hostility on the eve of the Crusades Jacket **The Cults of Sainte Foy and the Cultural Work of Saints** Kathleen Ashley, 2021-06-28 Bringing together artifacts texts and practices within an interpretive framework that stresses the cultural work performed by saints Kathleen Ashley presents a comparative study of the cults of the medieval Sainte Foy at a number of the sites where she was especially venerated This book analyzes how each cult site produced the saint it needed appropriating or creating whatever was required to that end Ashley's approach is thoroughly interdisciplinary incorporating visual religious medieval and women's and gender studies as well as literary studies and social history She uses the theoretical framework of cultural work to analyze how the cult of Sainte Foy was sponsored and received by specific groups in different locales in Europe The book is comprehensive in terms of historical as well as geographical range tracing the history of the cult from the early Middle Ages into the present day It also includes historiographical analysis examining the way the cults of Sainte Foy have been represented in various historical accounts Ashley's narrative challenges the boundary

between elite and popular culture and complicates the traditional vernacular vs Latin language binary A chief aim of the study is to show how art objects always operated in conjunction with other cultural texts to construct a saint's cult The volume is heavily illustrated showing artifacts such as stained glass windows and wall paintings which are not readily available from any other source This book will be of special interest to scholars in art history medieval history gender studies and religion

The Story of Ste Foy Foye Brewer, 2003-09-02 While on temporary duty with the US Army in Stuttgart Germany a fellow employee asked if I planned to take a side trip to the little village of Conques in south central France to visit the Ste Foy Church The Ste Foy Church I asked I had never heard about Ste Foy of Conques All my life people had questioned me on the origin of my name since it was so unusual I shared my aunt's name but the family had no idea of the origin More significantly when I was 18 years old living in the Philippines I converted to the Catholic faith The priest that baptized me told me that Foye was not a Christian name and I should select another name under which to be baptized So imagine my surprise to find out years later that I had been given a saint's name I never made the trip to Conques but I started collecting as much information as I could about Ste Foy I fell in love with her story and decided to write this book for my granddaughter who shares my name

Allegory of the Church Calvin Kendall, 2011-11-01 The Allegory of the Church is the first full length study of Romanesque verse inscriptions in the context of church portals and portal sculpture and is the product of a twenty year study

Women and Pilgrimage E. Moore Quinn, Alison T. Smith, 2022-03-08 Women and Pilgrimage presents scholarly essays that address the lacunae in the literature on this topic The content includes well trodden domains of pilgrimage scholarship like sacred sites and holy places In addition the book addresses some of the less well known dimensions of pilgrimage such as the performances that take place along pilgrims' paths the ephemeral nature of identifying as a pilgrim and the economic social and cultural dimensions of migratory travel Most importantly the book's feminist lens encourages readers to consider questions of authenticity essentialism and even what it means to be a woman pilgrim The volume's six sections are entitled Questions of Authenticity Performances and Celebratory Reclamations Walking Out Women Forging Their Own Paths Women Saints Their Influence and Their Power Sacred Sites Their Lineages and Their Uses and Different Migratory Paths Each section will enrich readers' knowledge of the experiences of pilgrim women The book will be of interest to scholars of pilgrimage studies in general as well as those interested in women travel tourism and the variety of religious experiences
