Bonds Of Attachment:

Bonds of Attachment Emyr Humphreys, 1991 *Building the Bonds of Attachment* Daniel A. Hughes, 2006 This book will be of use to social workers therapists and parents striving to assist poorly attached children It is a narrative composite case study of the developmental course of one child The author blends attachment theory research and trauma with general principles of parenting and family therapy to develop a solid model for intervention It will prove a practical guide for all adults trying to help high risk youth [Bonds of Attachment](#) Emyr Humphreys, 2005-11-01

The Psychology of the Human-Animal Bond Christopher Blazina, Güler Boyraz, David Shen-Miller, 2011-06-22 There have been dramatic increases in the financial emotional and psychological investment in pets over the past four decades The increasing importance of animal companions in people's lives has resulted in growing emphasis on the human animal bond within academic literature This book introduces practicing and emerging professionals to vital subject matter concerning this growing specialty area by providing an essential framework and information through which to consider the unique contextual backdrop of the human animal bond Such contexts include a wide array of themes including issues of attachment and loss success and frustration with making and sustaining connections world views regarding animal ethics familial history of neglect or abuse and cultural dynamics that speak to the order of things between mankind and nature Adopting a contextual stance will aid mental health professionals in appreciating why and how this connection has become a significant part of everyday life for many As with any other important clinical dynamic training and preparation are needed to gain competence for professional practice and research To this end an ensemble of international experts across the fields of psychology and mental health explore topics that will help both new and established clinicians increase and understanding of the various ways the human animal bond manifests itself Perspectives from beyond the scope of psychology and mental health such as anthropology philosophy literature religion and history are included to provide a sampling of the significant contexts in which the human animal bond is established What brings these divergent topics together in a meaningful way is their relevance and centrality to the contextual bonds that underlie the human animal connection This text will be a valuable resource that provides opportunities to deepen one's expertise in understanding the psychology of the human animal bond [Handbook of Attachment](#) Jude Cassidy, Phillip R. Shaver, 1999 Pre eminent authorities in the field cover the origins and development of attachment theory biological attachment theory biological perspectives measurement of attachment across the lifespan and emerging topics and perspectives , *Love as Pedagogy* Tim Loreman, 2011-10-25 Love is a necessary ingredient of effective pedagogy yet to this point there has been a distinct lack of serious theoretical and practical work on the topic What does it really mean to adopt a loving approach to pedagogy This book provides a pragmatic and thoughtful treatment of the topic of love as pedagogy examining the use and role of love in teaching and learning and providing suggestions on how educators can effectively recognise and use love in their work This text begins with a discussion of what love is what pedagogy is and how

the two are inseparable in an effective educational context It then moves on to address ethical considerations Drawing on discourse on love found in psychology philosophy and religion the text examines various aspects of love and their relationship to effective teaching and learning including kindness and empathy intimacy and bonding sacrifice and forgiveness and acceptance and community This book concludes with a photographic case study of loving pedagogy in action and practical suggestions for educators wishing to adopt the approach This text is suitable for educators at all levels especially those in early childhood elementary and secondary school settings along with students in education and related programs at universities and colleges Tim Loreman PhD is Professor in the Faculty of Education at Concordia University College of Alberta Canada

Archaeologies of Attachment Sanna Lipkin,Taryn Bell,Tiina Väre,2024-09-03 This edited volume offers a new approach to the study of emotion in the past focusing on the experience of emotional attachment Psychological research has demonstrated that all humans are capable of forming a variety of close social and emotional attachments from cradle to grave yet archaeology has not to date considered the significance of these attachments in any detail Inspired by Bowlby s theory of attachment one of the key theories in developmental psychology over the last 60 years this volume sheds light on what attachment is how it functions and how it has influenced human life and material culture from the Palaeolithic to the present This volume brings together contributions from authors focusing on a variety of subjects related to attachment from social relationships with people and animals to places to material culture from the deepest reaches of prehistory to the contemporary era It aims to improve our understanding of where and how archaeologists can look for evidence of these attachments and in doing so it helps us to consider how these shape our understanding of human behaviour cognition and life more broadly This volume is of interest to archaeologists and scholars of social attachment theory
