Pillars in the History of Biblical Interpretation, Volume 2 Stanley E. Porter, Sean A. Adams, 2016-11-03 This two volume set is part of a growing body of literature concerned with the history of biblical interpretation The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed Volume 1 contains fourteen essays on twenty two interpreters who were principally active before 1980 and volume 2 has nineteen essays on twenty seven of those who were active primarily after this date Each chapter provides a brief biography of one or more scholars as well as a detailed description of their major contributions to the field This is followed by an often new application of the scholar's theory By focusing on the individual scholars and their work the book recognizes that interpretive approaches arise out of certain circumstances and that scholars are influenced by and have influences upon both other interpreters and the times in which they live This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed

Bonhoeffer John Queripel, 2016-01-17 In the final days of World War II early one frosty morning a young German pastor was taken from his cell by his Nazi captors and led to his place of execution Coming from one of Berlin's leading families Dietrich Bonhoeffer's already brilliant academic and church career was thus brutally

terminated Bonhoeffer found himself in such a strange place for a theologian being one of the very few in the German Church who stood resolutely opposed to the Nazis to the point where he as a one time pacifist became deeply involved in the conspiratorial plot to kill Hitler and bring down the regime This course of action saw him enter the murky sphere of secrecy and duplicity as a member of the conspiracy while two timing the Nazis as a member of military intelligence Using that official role Bonhoeffer was able to travel and communicate with his international ecumenical contacts as part of the conspiracy s attempt to strike a deal with the Allies to end the war From a dark period Dietrich Bonhoeffer brave and resolute stands as a bright and shining light Dietrich Bonhoeffer and Neo-Calvinism in Dialogue George Harinck, Brant M.

Peace and Violence in the Ethics of Dietrich Bonhoeffer Trey Palmisano, 2016-01-01 Not many theologians have had as great an impact on the study of peace and violence as Dietrich Bonhoeffer who was labeled an Enemy of the State and eventually executed in April 1945 In this book Trey Palmisano examines the theological connection between peace and violence across a range of Bonhoeffer s writings sermons and letters Despite the challenges Bonhoeffer experienced in his personal life and in the life of his country Palmisano asserts that a strong consistency emerges in Bonhoeffer s approach to ethics that resonates in the positing of Christ as the center of all ethical discourse and orients one to the ever present challenges of a changing world Palmisano creates distance from former studies that sought to define Bonhoeffer as a committed pacifist a situational pacifist or one who compromised his values to accommodate an exception for violence By prioritizing methodology as the key to interpreting Bonhoeffer s thought Palmisano argues that the ethical dilemma thought to be caused by Bonhoeffer s actions is avoided The result is one that creates an authentic ethical openness by responsiveness to Christ rather than Christian virtue and frees the individual from redundancies of action derived from deeply embedded patterns of theological engagement Engaging Bonhoeffer Matthew D. Kirkpatrick, 2016-06-03 Engaging Bonhoeffer documents the extraordinary impact of Dietrich Bonhoeffer s life and writing on later thought Despite his lasting legacy little substantial scholarship has been conducted in this area In this magisterial collection leading international scholars fill this striking gap and critically demonstrate the ways in which Bonhoeffer has been one of the most original inspirational and provocative writers of the twentieth century Bonhoeffer s work has proved foundational for a wide variety of thinkers and movements across such areas as ecclesiology Christology spirituality ethics hermeneutics phenomenology

epistemology and systematic theology more generally Whether one considers his writings to have been faithfully interpreted critically adopted or justifiably rejected Engaging Bonhoeffer describes those who have engaged with Bonhoeffer's work been inspired by his actions and found a way to express and explain their own ideas through interacting with his life and thought In addition to shedding light on the different theological trajectories that Bonhoeffer's work may forge this challenging volume offers a critical window through which to view and appreciate the ideas of many leading voices of modern theology

Negativism of Revelation? Edward van't Slot, 2015-10-19 What do those who believe have when they have faith What traces does the experience of faith leave in the believer's existence And can theologians assure that their studies will genuinely have something to do with the wholly Other Dietrich Bonhoeffer 1906-1945 operating within the framework of Karl Barth's 1886-1968 theology addressed those questions in order to complete this framework The ensuing dialogue between those great theologians affords us a deeper insight in fundamental concepts such as revelation faith christological concentration analogy church and discipleship In this study Edward van't Slot reads this dialogue with regard to both its historical and its theological significance He shows what Bonhoeffer means when he attacks Barth's positivism of revelation and compares it with Barth's earlier negativism of revelation Pacifism, Just War, and Tyrannicide David M. Gides, 2012-03-02 Dietrich Bonhoeffer's perplexing and controversial shift from admitted pacifism to tyrannicide has been the source of scholarly and popular inspiration and criticism How could an admitted Christian pacifist be involved in a plot to assassinate a political figure Is there a way to understand and explain this phenomenon comprehensive enough to encompass all relevant data One that takes into account the nuances of Bonhoeffer's theology and all of the elements of his complex historical and personal contexts This study attempts to offer an explanation by linking Bonhoeffer's political thinking and action with his understanding of the church world relationship and by evaluating the changes in that thought action dyad as his life progressed What emerges is a portrait of a bold and visionary thinker and political agent whose church world theology while discontinuous is consistent enough to be authentic and yet flexible enough to meet the extraordinary challenges presented by Nazism and its intrusion into the churches Gides suggests that it is actually Bonhoeffer's malleable church world thinking that ultimately distinguishes him from his theological and ecclesial contemporaries and even from the mass of German church persons and citizenry it allowed him to confront evil by reaching beyond the constraints of traditional Lutheran thinking **Ontology and Ethics** Adam C. Clark, Michael Mawson, 2013-08-27 Recent scholarship in a number of disciplines has explored the relationship between ontology and ethics The essays in this collection indicate what the German theologian Dietrich Bonhoeffer 1906-1945 has to contribute to this discussion By engaging the breadth of his academic and pastoral writings these essays retrieve Bonhoeffer's theology for a contemporary audience They do so by critically clarifying and extending key concepts developed by Bonhoeffer across his corpus and in dialogue with Hegel Heidegger Dilthey Barth and others They also create dialogues between Bonhoeffer and more recent figures like Levinas Agamben Foucault and

Lacoste Finally they take up pressing contemporary ethical issues such as globalization managerialism and racism The Church for the World Jennifer McBride, 2014-03-05 Drawing on the work of German pastor theologian Dietrich Bonhoeffer Jennifer McBride constructs a new theology of public witness for American Protestant church communities based on the public expression of repentance and redemption Satire on a Sad Second Millennium James B. Platts, 2007
