The Gaelic-English Dictionary Colin B.D. Mark, 2003-09-02 This book fulfils a keenly felt need for a modern comprehensive dictionary of Scottish Gaelic into English The numerous examples of usage and idiom in this work have been modelled on examples culled from modern literature and encompass many registers ranging from modern colloquial speech to more elaborate literary constructions The main contemporary terms and idiomatic phraseology often not available in other dictionaries provide excellent models for easier language learning In addition to the main dictionary the volume contains introductory material providing guidance on using the dictionary spelling and pronunciation There are also twelve useful appendices which cover not only the various parts of speech lenition and proper nouns but also address the more difficult issues of expressing time direction and numerals The clarity of the design and layout of the volume will greatly ease the process of attaining mastery of the Gaelic language

Teacher Training for English-Medium Instruction in Higher Education Sánchez-Pérez, Maria del Mar, 2020-02-07 English medium instruction EMI has become a pervasive teaching model in recent higher education The implementation of EMI programs requires changes in university teaching methods since most lecturers need to adapt their contents and the way they teach them to successfully work in foreign language environments The rapid proliferation of such programs has resulted in concern among teaching staff who have felt pushed towards teaching their subject content through a non native language with little or no previous training As a result many recent studies have highlighted the importance and urgency to train teaching staff in terms of language proficiency and the appropriate teaching methods techniques and strategies to be applied in EMI lessons Teacher Training for English Medium Instruction in Higher Education is an academic research

publication that provides comprehensive research on effective approaches and experiences in teacher training for EMI at universities both in terms of language skills and teaching methodologies and that analyzes the design and development of comprehensive teacher training programs that successfully engage these EMI programs It has profound implications for the development of the international profile of higher education institutions as it provides information on how to train highly qualified lecturers to successfully teach students from different nationalities Featuring a wide range of topics such as assessment curriculum design and learning styles this book is ideal for pre and in service teachers language specialists content specialists administrators deans higher education faculty researchers practitioners curriculum designers policymakers academicians and students *Punctuation as a Means of Medium-dependent Presentation Structure in English* Sebastian Patt, 2013 GUIDE PRINTED BOOKS AND MANUSCRIPTS RELATING TO ENGLISH AND FOREIGN HERALDRY AND GENEALOGY GEORGE GATFIELD, 1892 **The Oxford Handbook of World Englishes** Markku Filppula, Juhani Klemola, Devyani Sharma, 2017 This collection heralds a direct mutually constructive engagement with current linguistic theories questions and methodologies toward World Englishes It achieves this through areal overviews theoretical chapters and case studies its 36 articles are divided between four themes Foundations World Englishes and Linguistic Theory Areal Profiles and Case Studies Cumulatively it offers detailed accounts of the structure and social histories of specific varieties of English spoken across the globe **Alliterative Poetry in Middle English the Dialectal and Metrical Survey** James P.
