Dominion of God Brett Edward Whalen,2010-02-15

Whalen explores the belief that Christendom would spread to every corner of the earth before the end of time During the High Middle Ages the Western followers of Rome imagined the future conversion of Jews Muslims pagans and Eastern Christians into one fold of God s people assembled under the authority of the Roman Church

The Franciscan Invention of the New World Julia McClure,2016-11-30 This book examines the story of the discovery of America through the prism of the history of the Franciscans a socio religious movement with a unique doctrine of voluntary poverty The Franciscans rapidly developed global dimensions but their often paradoxical relationships with poverty and power offer an alternate account of global history Through this lens Julia McClure offers a deeper history of colonialism not only by extending its chronology but also by exploring the powerful role of ambivalence in the emergence of colonial regimes Other topics discussed include the legal history of property the complexity and politics of global knowledge networks the early and neglected history of the Near Atlantic and the transatlantic inquisition mysticism apocalypticism and religious imaginations of place

The Christopher Columbus Encyclopedia Silvio A. Beding,2016-02-08 The European discovery of the Americas in 1492 was one of the most important events of the Renaissance and with it Christopher Columbus changed the course of world history Now five hundred years later this 2 volume reference work will chart new courses in the study and understanding of Columbus and the Age of Discovery Much more than an account of the man and his voyages The Christopher Columbus Encyclopedia is a complete A Z look at the world during this momentous era In two volumes The Christopher Columbus Encyclopedia contains more than 350 signed original articles ranging from 250 to more than 10 000 words written by nearly 150 contributors from around the world The work includes cross references bibliographies for each article and a comprehensive index The work is fully illustrated with hundreds of maps drawings and photographs

Hernando Colon's New World of Books Jose Maria Perez Fernandez,Edward Wilson-Lee,2021-01-26 The untold story of the greatest library of the Renaissance and its creator Hernando Col n This engaging book offers the first comprehensive account of the extraordinary projects of Hernando Col n son of Christopher Columbus which culminated in the creation of the greatest library of the Renaissance with ambitions to be universal that is to bring together copies of every book on every subject and in every language P rez Fern ndez and Wilson Lee situate Hernando s projects within the rapidly changing landscape of early modern knowledge providing a concise history of the collection of information and the origins of public libraries examining the challenges he faced and the solutions he devised The two authors combine meticulous research with deep and original thought shedding light on the history of libraries and the organization of knowledge The result is an

essential reference text for scholars of the early modern period and for anyone interested in the expansion and dissemination of information and knowledge *The friars and Jews in the Middle Ages and Renaissance* Susan E. Myers, Steven J.

MacMichael, 2004 Historians some specializing in the Middle Ages some in religion and some in a particular European country describe the major areas scholars are working in with regard to the friars preaching to and writing about the Jews from the early days of the mendicant order about the turn of the 13th century to the 16th century Their topics include the

of Stargazers Michael A. Ryan, 2012-03-27 Astrology in the Middle Ages was considered a branch of the magical arts one informed by Jewish and Muslim scientific knowledge in Muslim Spain As such it was deeply troubling to some Church authorities Using the stars and planets to divine the future ran counter to the orthodox Christian notion that human beings have free will and some clerical authorities argued that it almost certainly entailed the summoning of spiritual forces considered diabolical We know that occult beliefs and practices became widespread in the later Middle Ages but there is much about the phenomenon that we do not understand For instance how deeply did occult beliefs penetrate courtly culture and what exactly did those in positions of power hope to gain by interacting with the occult In *A Kingdom of Stargazers* Michael A. Ryan examines the interest in astrology in the Iberian kingdom of Aragon where ideas about magic and the occult were deeply intertwined with notions of power authority and providence Ryan focuses on the reigns of Pere III 1336-1387

and his sons Joan I 1387 1395 and Mart I 1395 1410 Pere and Joan spent lavish amounts of money on astrological writings and astrologers held great sway within their courts When Mart I took the throne however he was determined to purge Joan's courtiers and return to religious orthodoxy As Ryan shows the appeal of astrology to those in power was clear predicting the future through divination was a valuable tool for addressing the extraordinary problems political religious demographic plaguing Europe in the fourteenth century Meanwhile the kings contemporaries within the noble ecclesiastical and mercantile elite had their own reasons for wanting to know what the future held but their engagement with the occult was directly related to the amount of power and authority the monarch exhibited and applied A Kingdom of Stargazers joins a growing body of scholarship that explores the mixing of religious and magical ideas in the late Middle Ages *Readings from the Edges* Jean-Pierre Ruiz, 2011 Weaving together a range of border themes migration postcolonialism living in exile and the immigrant experience these readings bring fresh new insights to scholars clergy and others with backgrounds in contemporary theology and biblical study **Aztec Latin** Andrew Laird, 2024 In 1536 only fifteen years after the fall of the Aztec empire Franciscan missionaries began teaching Latin classical rhetoric and Aristotelian philosophy to native youths in central Mexico The remarkable linguistic and cultural exchanges that would result from that initiative are the subject of this book Aztec Latin highlights the importance of Renaissance humanist education for early colonial indigenous history showing how practices central to humanism the cultivation of eloquence the training of leaders scholarly translation and antiquarian research were transformed in New Spain to serve Indian elites as well as the Spanish authorities and religious orders While Franciscan friars inspired by Erasmus' ideal of a common tongue applied principles of Latin grammar to Amerindian languages native scholars translated the Gospels a range of devotional literature and even Aesop's fables into the Mexican language of Nahuatl They also produced significant new writings in Latin and Nahuatl adorning accounts of their ancestral past with parallels from Greek and Roman history and importing themes from classical and Christian sources to interpret pre-Hispanic customs and beliefs Aztec Latin reveals the full extent to which the first Mexican authors mastered and made use of European learning and provides a timely reassessment of what those indigenous authors really achieved **The Holy Land in Observant Franciscan Texts (c. 1480-1650)** Marianne P. Ritsema van Eck, 2019-09-16 In *The Holy Land in Observant Franciscan Texts c. 1480-1650* Marianne Ritsema van Eck analyses the development of the complex Observant Franciscan engagement with the Holy Land during the early modern period During these eventful centuries friars of the Franciscan establishment in Jerusalem increasingly sought to cultivate strong ideological ties between themselves and the Holy Land participating actively in contemporary literatures of geographia sacra and Levantine pilgrimage and travel It becomes clear how the friars constructed a collective memory using the ideological canon of their order featuring Bonaventurian theology marvels of the east cartography apocalyptic visions of history calls for Crusade and finally a pilgrimage possessio of the Holy Land by Francis **Christopher Columbus and the Age of Exploration for Kids** Ronald A.
