Bonanza Around The World:

Round the World & Across Russia in 21 Days, 30 Years Later Michael B. Butler ,2024-06-14 The just released book Round the World Across Russia in 21 Days 30 Years Later provides an in depth and historic look at a complex aviation adventure at a historical watershed moment in time Only months after the Soviet Union had collapsed this group of unlikely adventurers took off from Santa Monica Airport July 4 1992 and fly their single and twin engine privately owned general aviation aircraft 18 000 miles across some of the most inhospitable terrain in the world This unique aviation adventure took place in the wake of the dramatic and sudden collapse of the Soviet Union an event which unfolded during many months in midst of trying to organize this complex aviation adventure The World Flight Across Russia was the idea of Marcel Large President of Raid Intl and organizer of many car motorcycle and air rallies for decades prior to our event Hatched after taking the first private group of general aviation aircraft into the Soviet Union in early 1991 he wanted it to go beyond just flying around the world across Soviet Union Designed as an annual event with a different group flying a different route across the Soviet Union each summer it ended up being across Russia and only took place that one honeymoon summer right after the collapse in July 1992 A fascinating part of the story was Marcel his wife Michelle Eric Vercesi and Paul Hollenbeck dealing with Soviet and then Russian authorities with no one truly knowing who could answer the most pressing questions at hand Moscow January 1992 Four people were in Moscow weeks after the Soviet Union voted itself out of business trying to organize a World Flight Across Russia Confusion reigned supreme six months after hard liners tried to reverse all those gains made during Gorbachev s reforms when Boris Yeltsin and the people made their famous stand for freedom in August 1991 Odds were stacked against their success as the world was still reeling from one amazingly startling fact The Cold War had just ended The 1st Annual Around the World Air Rally was the first western or civilian group of general aviation aircraft to circumnavigate while crossing the entire landmass of Russia but that is only part of the story Our group was under protection of one of the highest officials Vice President Rutskoi in an effort to create updated cultural and business ties between old enemies and new friends Five days in Moscow and across Siberia we carried the highest authority in our back pocket but sometimes in some places that was not enough *The Day the Music Died: The Last Tour of Buddy Holly, the Big Bopper, and Ritchie Valens* Larry Lehmer,2012-03-07 The Last Tour of Buddy Holly the Big Bopper and Ritchie Valens The tragic deaths of these three fifties Rock n Roll stars was immortalised in Don McLean s classic hit American Pie The poignant story of the build up to events of and the fall out from the infamous Day The Music Died are told here in painstaking chronological detail A must for any serious rock n roll fan or student [A History of LSU School of Medicine New Orleans](#) Russell C. Klein MD,Victoria Barreto Harkin Ma,2010-08 **Re-living the American Frontier** Nancy Reagan,2021-12-01 The historic and mythic elements of the American Old West covered wagon trains herds of buffalo teepee villages Indigenous warriors on horseback cowboys on open ranges and white settlers taming a wilderness with their plows and log cabins have exerted a

global fascination for more than 200 years and became the foundation for fan communities who have endured for generations This book examines some of those communities particularly German fans inspired by the authors of Westerns such as Karl May and American enthusiasts of Laura Ingalls Wilder s Little House on the Prairie series But the Old West like all visions of the past proved to be shifting cultural terrain In both Germany and the U S Western narratives of white settlement were once seen as apolitical and were widely accepted by white people But during the Nazi period in Germany and in East Germany after 1945 the American West was reevaluated and politically repurposed Then during the late twentieth century understandings of the West changed in the U S as well while the violence of white settler colonialism and the displacement of Indigenous peoples became a flashpoint in the culture wars between right and left Reagan shows that the past that fans seek to recreate is shaped by the changing present as each new generation adapts and relives their own West
