For Boston:

The City-State of Boston Mark Peterson, 2019-04-23 A groundbreaking history of early America that shows how Boston built and sustained an independent city state in New England before being folded into the United States In the vaunted annals of America's founding Boston has long been held up as an exemplary city upon a hill and the cradle of liberty for an independent United States Wrestling this iconic urban center from these misleading tired clichés The City State of Boston highlights Boston's overlooked past as an autonomous city state and in doing so offers a pathbreaking and brilliant new history of early America Following Boston's development over three centuries Mark Peterson discusses how this self governing Atlantic trading center began as a refuge from Britain's Stuart monarchs and how through its bargain with the slave trade and ratification of the Constitution it would tragically lose integrity and autonomy as it became incorporated into the greater United States Drawing from vast archives and featuring unfamiliar figures alongside well known ones such as John Winthrop Cotton Mather and John Adams Peterson explores Boston's origins in sixteenth century utopian ideals its founding and expansion into the hinterland of New England and the growth of its distinctive political economy with ties to the West Indies and southern Europe By the 1700s Boston was at full strength with wide Atlantic trading circuits and cultural ties both within and beyond Britain's empire After the cataclysmic Revolutionary War Bostoners aimed to negotiate a relationship with the American confederation but through the next century the new United States unraveled Boston's regional reign The fateful decision to ratify the Constitution undercut its power as Southern planters and slave owners dominated national politics and corroded the city state's vision of a common good for all Peeling away the layers of myth surrounding a revered city The City State of Boston offers a startlingly fresh understanding of America's history *Fodor's Boston* Fodor's Travel Guides, 2023-01-24 Whether you want to explore Boston Common follow the Freedom Trail or grab a cannoli in the North End the local Fodor's travel experts in Boston are here to help you experience our New England favorites Fodor's Boston guidebook is packed with maps carefully curated recommendations and everything else you need to simplify your trip planning process and make the most of your time This new edition travel guide has been fully redesigned with an easy to read layout fresh information and beautiful color photos Fodor's Boston travel guide includes AN ILLUSTRATED ULTIMATE EXPERIENCES GUIDE to the top things to see and do MULTIPLE ITINERARIES to effectively organize your days and maximize your time MORE THAN 20 DETAILED MAPS and a FREE PULL OUT MAP to help you navigate confidently COLOR PHOTOS throughout to spark your wanderlust HONEST RECOMMENDATIONS FROM LOCALS on the best sights restaurants hotels nightlife shopping performing arts activities and more PHOTO FILLED BEST OF FEATURES on Boston's Best Things to Eat and Drink Free Things to Do in Boston Boston's Best Best Places to Experience History Boston's Best Museums and more TRIP PLANNING TOOLS AND PRACTICAL TIPS including when to go getting around beating the crowds and saving time and money HISTORICAL AND CULTURAL INSIGHTS providing rich context on
