the quick voice of God came down and I wrote it Sometimes the voice turned into sentences so that I was amazed to see them come into my mind and I wrote them down These articles were not written one by one When the Lord gave dozens of titles at a time He also gave articles according to them So I wrote down them Sometimes I wrote articles without titles and after writing He gave the titles When I continue to write randomly the former and the latter are often matched Whatever message I received and wrote I did not do anything for it I wrote them only as an instrument of the Lord And sometimes I entered into the hearts of the people the Holy Spirit has opened and I heard and wrote what their inner voices There are also some articles that are based on what I heard from the conversations of others In the mysterious and incredible world of God and the ministry of the Holy Spirit I fell down before Him for twenty six months in order to write these articles The number of titles I received from Him was over one thousand and two hundred and the number of articles I received was over nine hundred When I received my first article I prayed and God forcefully gave it to me However at this time I just pray in front of the keyboard in order to receive messages I hope these messages from the Lord will reveal the greatness of the Lord and thereby I and all people glorify the Lord I hope that the leaders and people who have broken God's heart will turn to the right attitude because of these messages of the Lord and those who have made the Lord's heart sad will be the ones who please Him Finally at the end of each message of the Lord is provided the date or year of writing

The Sibyl and Her Scribes
Anke Holdenried, 2017-05-15 The Sibylla Tiburtina is a Latin prophecy attributed to a prophetess from classical antiquity It concludes with an account of the End of History involving the coming of the Antichrist and his battle with a Last World Emperor Approximately 100 manuscripts written between the mid 11th and the 16th centuries survive which testify to the Tiburtina's immense popularity in the medieval West as such the Tiburtina is a key text for understanding medieval apocalypticism and occupies an important place in the intellectual history of the Middle Ages However studies of the manuscripts and the history of the text have been largely neglected in comparison with other similar works so little is currently known about who copied and read the prophecy Dr Holdenried's research fills this gap This study is based on an examination of all surviving manuscripts and includes an analysis of the textual material which accompanies the Tiburtina a survey of titles and annotations as well as research on variant texts including several hitherto unknown Modern historiography regards the Tiburtina solely as a vehicle for expressing contemporary political concerns triggered by crises thought to herald the End of the World This book provides a much more varied picture and offers a new approach to the Tiburtina by placing it for the first time in the context of medieval traditions which saw Sibylline prophecy as independent non-Christian evidence of Christ's life and as confirmation of His divinity As is shown these traditions had a major impact on the reception of the Tiburtina The book concludes with a repertory of the manuscripts together with brief outlines of individual textual traditions as represented in groups of manuscripts which will constitute a valuable reference source for other scholars
