Of The Yorkshire Dales Landscapes Through Time:

Book of the Yorkshire Dales Robert White, English Heritage, 1997 This introduction to the archaeology and landscape history of the Yorkshire Dales ranges from the geological bones of the landscape to the industrial archaeology of the 20th century *Yorkshire Dales: a Landscape Through Time* Robert White, Yorkshire Dales National Park, 2002-04-01 *The Yorkshire Dales* Robert White, 2005-06-01 **People, Places and Prehistory in Swaledale** Helen Bainbridge, 2013-01-29 Helen Bainbridge takes us on a wonderful journey through the written history of prehistoric Swaledale from a time when flint arrow heads were thought to be petrified thunderbolts through the early and surprisingly perceptive antiquarians and the certainties of the digging and writing clergymen to the ground breaking work of Robert White Andrew Fleming and Tim Laurie which has inspired the 21st century investigation you can explore on the SWAAG website We now know that good history and archaeology raise more questions than they answer but the journey remains as exhilarating as ever This publication will be of interest to both newcomer and well seasoned enthusiast to the history of Swaledale and Arkengarthdale Drawing upon a wide range of text focussing on local prehistory fact fiction and anecdote are connected with actual finds to create a lively trawl through time Many of the illustrations have never been published and draw upon the riches of the Swaledale Museum archive **Ideas of Landscape** Matthew Johnson, 2008-04-15 Ideas of Landscape discusses the current theory and practice of landscape archaeology and offers an alternative agenda for landscape archaeology that maps more closely onto the established empirical strengths of landscape study and has more contemporary relevance The first historical assessment of a critical period in archaeology Takes as its focus the so called English landscape tradition the ideological underpinnings of which come from English Romanticism via the influence of the father of landscape history W G Hoskins Argues that the strengths and weaknesses of landscape archaeology can be traced back to the underlying theoretical discontents of Romanticism Offers an alternative agenda for landscape archaeology that maps more closely onto the established empirical strengths of landscape study and has more contemporary relevance *Corpus of Anglo-Saxon Stone Sculpture* James T. Lang, 2001 The visual heritage of Northern Yorkshire in the pre Conquest period is revealed in this addition to the Corpus series This volume surveys the sculpture in the historic North Riding of Yorkshire excluding those parts covered in Volume three **Tod Inlet** Gwen Curry, 2015 Shortlisted for the 2016 Roderick Haig Brown Regional Prize Tod Inlet has been a place of refuge for hundreds if not thousands of years but few are aware of its history This tiny fjord less than a half hour from downtown Victoria is part of Gowlland Tod Provincial Park and is accessed by a forested path beside Tod Creek For centuries it was the home of the WS NE Saanich people providing everything for their spiritual and material sustenance In the early part of the twentieth century a small company town grew on its shores Houses a railway a clay mill a factory and a dock for steamships were built for the Vancouver Portland Cement Company When the cement company had exhausted the limestone quarries Jennie Butchart began her ambitious gardening project Butchart Gardens Developers made

plans for marinas golf courses and hotels to be built on this quiet inlet but local citizens environmentalists scientists and First Nations people fought back Almost all the buildings have been demolished but concrete and iron are not easily disposed of and reminders of the past confront the walker everywhere shell middens spill into the sea fruit trees and garden flowers mingle with indigenous plants and century old industrial relics litter the creek the forest and the Inlet But despite the ravages of the past century Tod Inlet retains a spirit of peace and renewal In other environments this clash of the man made with the natural can create an unsettling mix Here time has allowed nature to begin the healing process and has morphed into a present that speaks softly of its past Gwen Curry takes us on her walks down to the Inlet Her beautiful photographs capture the spirit of present day Tod Inlet while her sensitive prose gives us glimpses into the Inlet s natural industrial and First Nations history

Geological Landscapes of Britain Julian Ashbourn,2010-11-26 This book discusses the geological history of Britain from the early geological formation of the British Isles through to the variety of currently visible rock formations and ensuing natural landscapes It is presented as an accessible narrative which may be utilised in a variety of educational contexts or simply enjoyed as an holistic overview of the subject It additionally provides an important visual record of British geology in the 21st century via a portfolio of high quality scientifically accurate photographs which are themselves part of a larger collection being developed to become the definitive image library for British geoscience In addition the book provides an insight into the relationship between the geology of Britain and how early settlers interacted with the landscape throughout Mesolithic and Neolithic times It is a book which serves equally as a scientific reference an introduction to the subject of British geology and no doubt as an edition which will remain a pleasure to own in its own right

Anglo-Saxon England: Volume 28 Michael Lapidge,Malcolm Godden,Simon Keynes,2000-06-22 This volume is framed by articles that throw interesting light on the achievement and reputation of the greatest of Anglo Saxon kings Alfred

Landscape and History since 1500 Ian D. Whyte,2004-03-03 Landscape and History explores a complex relationship over the past five centuries The book is international and interdisciplinary in scope drawing on material from social economic and cultural history as well as from geography archaeology cultural geography planning and landscape history In recent years as the author points out there has been increasing interest in and concern for many aspects of landscape within British European and wider contexts This has included the study of the history development and changes in our perception of landscape as well as research into the links between past landscapes and political ideologies economic and social structures cartography art and literature There is also considerable concern at present with the need to evaluate and classify historic landscapes and to develop policies for their conservation and management in relation to their scenic heritage and recreational value This is manifest not only in the designation of particularly valued areas with enhanced protection from planning developments such as national parks and world heritage sites but in the countryside more generally Further Ian D Whyte argues changes in European Union policies relating to agriculture with a greater concern for the protection and

sustainable management of rural landscapes are likely to be of major importance in relation to the themes of continuity and change in the landscapes of Britain and Europe

Drivers of Environmental Change in Uplands Aletta Bonn, Tim Allott, Klaus Hubacek, Jon Stewart, 2009-01-13 The uplands are a crucial source of ecosystem services such as water provision carbon retention maintenance of biodiversity provision of recreation value and cultural heritage This puts them in the focus of both environmental and social scientists as well as practitioners and land managers This volume brings together a wealth of knowledge of the British uplands from diverse but interrelated fields of study clearly demonstrating their importance in 21st Century Britain and indicating how we may through interdisciplinary approaches meet the challenges provided by past and future drivers of environmental change The upland environments are subject to change They face imminent threats as well as opportunities from pressures such as climate change changes in land management and related changes in fire risk increases in erosion and water colour degradation of habitats altered wildlife and recreational value as well as significant changes in the economy of these marginal areas This book presents up to date scientific background information addresses policy related issues and lays out pressing land management questions A number of world class experts provide a review of cutting edge natural and social science and an assessment of past current and potential future management strategies policies and other drivers of change After appraisal of key concepts and principles chapters provide specific examples and applications by focussing on UK upland areas and specifically the Peak District National Park as a key example for other highly valuable upland regions

Deviant Burial in the Archaeological Record Eileen M. Murphy, 2008-08-19 This edited volume contains twelve papers that present evidence on non normative burial practices from the Neolithic through to Post Medieval periods and includes case studies from some ten countries It has long been recognised by archaeologists that certain individuals in a variety of archaeological cultures from diverse periods and locations have been accorded differential treatment in burial relative to other members of their society These individuals can include criminals women who died during childbirth unbaptised infants people with disabilities and supposed revenants to name but a few Such burials can be identifiable in the archaeological record from an examination of the location and external characteristics of the grave site Furthermore the position of the body in addition to its association with unusual grave goods can be a further feature of atypical burials The motivation behind such non normative burial practices is also diverse and can be related to a wide variety of social and religious beliefs It is envisaged that the volume will make a significant contribution towards our understanding of the complexities involved when dealing with non normative burials in the archaeological record

Moorlands of England and Wales Ian G Simmons, 2019-08-07 The huge expanse of the moor The millennia of the hunter gatherers The millennia of an agriculturalist economy Into an industrial economy Vegetation management and nature conservation More detailed histories Representations from the imaginations Too far for you to see **Landscapes and Landforms of England and Wales** Andrew Goudie, Piotr Migoń, 2020-05-10 This book presents the geomorphological diversity of England and Wales These regions are characterised by an extraordinary range of landforms and landscapes reflecting both the occurrence of many different rock types and drastic climatic changes over the last few million years

including ice sheet expansion and decay The book begins by providing the geological and geomorphological context needed in order to understand this diversity in a relatively small area In turn it presents nearly thirty case studies on specific landscapes and landforms all of which are landmarks in the territory discussed These include the famous coastal cliffs and landslides granite tors of Dartmoor formerly glaciated mountains of Snowdonia and the Lake District karst of Yorkshire and many others The geomorphology of London and the Thames is also included Providing a unique reference guide to the geomorphology of England and Wales the book is lavishly illustrated with diagrams colour maps and photos and written in an easy to read style The contributing authors are distinguished geomorphologists with extensive experience in research writing and communicating science to the public The book will not only be of interest to geoscientists but will also benefit specialists in landscape research geoconservation tourism and environmental protection *Protected landscapes and wild biodiversity* Nigel Dudley,2012 *Landscape and Sustainability* John F. Benson,Maggie H. Roe,2005-11-29 Sustainability is highly topical but no one has yet examined its relationship to landscape architecture in any detail Contributions from leading academics and professionals in the field Will be regarded as the definitive work on the subject Breadth of approach subject examined from planning design science and management perspectives
