Contributions to Alternative Concepts of Knowledge Hebe Kuhn, Michael Vessuri,2016-09-01 In the past the European social sciences labelled and discredited knowledge that did not follow the definition for scientific knowledge as applied by the European social sciences as an alternative concept of knowledge as indigenous knowledge Perception has changed with time Not only has indigenous knowledge become an entrance ticket to the European social science world but the indigenization of European theories is seen by some as the contribution of peripheral social sciences to join the theories of the centers This book offers contributions to the discourses about alternative concepts of knowledge inviting the reader to decide if they are alternative indigenous or European types of knowledge However in order to make this decision the reader must know what the nature of the European concepts of science and of scientific knowledge is this might be a motivation to read a book that presents thoughts claiming to be alternative concepts of knowledge alternative to the European concept of science The Complete Compendium of Universal Knowledge, Containing All You Want to Know of Language, History, Government, Business and Social Forms, and a Thousand and One Other Useful Subjects William Ralston Balch,1895 **The Book of Universal Knowledge** Deborah McMahon,2004-07 We are all called by our internal wisdom to seek a higher state of being Some of us ignore the voice completely Others listen only to deny the truth with the clamorings of reality as the

everyday world dictates how it should be A few maybe a handful of us dare to listen and hear the sweetness of the sound of the perfection of life For those few this book is written For those few will change the world in this time of suffering and confusion by adding the element of peace needed to soothe the aching heart of our culture We will listen and pass the truth on to others and save the world The Book of Universal Knowledge is the internal wisdom the page so those of us who remember can remember again the sound of the gifts of the universe **The Century Reference Library of Universal Knowledge** W.H.
