Buchanan, 2025-06-01 He wakes to pain and

a name that isn't his N57 Engineered, erased and expelled, he carries only fragments of a past he doesn't understand, a creator's conflicted gaze, the ghost of a brother with golden eyes and powers that defy nature. His journey through a desolate America is one of brutal discovery, both of the world and of the immense volatile potential within him. Guided by chance encounters and haunted by fractured visions, N57 searches for identity and purpose. But the organization that made him is relentless, and the truth of his existence pushes him beyond the limits of sanity and form. When N57 is irrevocably broken, two forces emerge from the ruins of one life. One seeks to purify the world through annihilation, the other struggles to build a future from love and loss. Their collision is inevitable. N57 is a profound and violent exploration of free will, the nature of good and evil, and whether a being forged in trauma can ever truly choose its own destiny. **Past The Fringe** Josh

Coker, 2025-05-01 She escaped one nightmare and flew straight into another. Dash thought she'd finally put the chaos of the crimson forest behind her. But when a mysterious specter starts hunting her through the depths of space, survival becomes her only priority. Now stranded in Fringe Space with a rogue cyborg stranger, her nerdy alien friend, and an annoying automaton, Dash must navigate asteroid fields, cryptic realmic lore, and secrets buried deep within her past. But the real danger isn't the treacherous expanse of the Fringe; it's the dark force closing in. A shadowy order of warriors long thought extinct has awakened, and they'll stop at nothing to reclaim what Dash unknowingly possesses. With reality itself unraveling and time running out, she must decide: uncover the truth about her past or risk becoming another lost soul in the void. The

Role-Playing Society Andrew Byers, Francesco Crocco, 2016-03-04 Since the release of Dungeons & Dragons in 1974, role-playing games (RPGs) have spawned a vibrant industry and subculture whose characteristics and player experiences have been well explored. Yet little attention has been devoted to the ways RPGs have shaped society at large over the last four decades. Role-playing games influenced video game design, have been widely represented in film, television, and other media, and have made their mark on education, social media, corporate training, and the military. This collection of new essays illustrates the broad appeal and impact of RPGs. Topics range from a critical reexamination of the Satanic Panic of the 1980s to the growing significance of RPGs in education to the potential for serious RPGs to provoke awareness and social change. The contributors discuss the myriad subtle and not so subtle ways in which the values, concepts, and mechanics of RPGs have infiltrated popular culture. **Unchained by a Forbidden Love: A Second Chance Fated Mates Dark Elf Paranormal Romance** Felicity Heaton, 2017-12-16
