Case Ghost The:

The Case for Ghosts J. Allan Danelek, 2006 Offers an objective analysis of hauntings the ghost psyche spirit communication and spirit guides providing amazing insights into a phenomenon that has fascinated mankind for centuries

The Case of the Green-Dressed Ghost Lucy Banks, 2017-03-07 Banks's debut marks the start of a promising urban fantasy series something like Ghostbusters with a British accent Publisher's Weekly Kester Lanner didn't know what to expect when he followed his mother's dying request to contact the mysterious Dr Ribero but he wasn't expecting to find his long lost father Nor was he expecting to join the family business catching supernatural spirits Kester is intrigued despite his fear and finds himself drawn into an ancient ghost story that will test the entire agency He soon becomes enmeshed in a struggle with the spirit who is so malevolent and haunting that his first real case might just be his last The Ghost Hunter's Strangest Cases Hans Holzer, 2012-02-21 What would it be like to share your home with a ghost How would you adjust to apparitions or voices or things that go bump in the night This fascinating collection contains more than twenty astounding yet true stories about psychic occurrences and uncanny phenomena With the aid of reputable psychics famed ghost hunter Hans Holzer has researched these cases interviewing numerous ordinary people who share their days and nights with spectral visitors both friendly and hostile In The Ghost Hunter's Strangest Cases Dr Holzer reopens his files to unfold the most striking cases of people in various walks of life who suddenly without warning crossed paths with the Unknown Before their paranormal encounters most of the witnesses interviewed herein knew little or nothing about ghosts none of them sought out these strange visitations The true stories in this book come from all corners of this country from New England to our nation's capital to deep in the heart of the South and all the way to California these inquiring people went to Holzer for advice often because they could not obtain satisfactory counsel from ordinary sources such as psychologists or psychiatrists

Shakespeare's Ghosts Live Adrian Parker-Reed, Annekatrin Puhle, 2017-03-07 Shakespeare has been one of the most cited authors since his plays were performed and yet little attention has been paid to his views on psychic phenomena It took another 300 years of paranormal experiences before scholars at Cambridge University helped to found the Society for Psychical Research which brought scientific scrutiny to the area and the UK is now a world leader in university research on this topic This book throws new light on many historical case reports from Shakespeare's time onwards It identifies the core experiences that transcend time and give clues to an understanding of psychic phenomena The book highlights Shakespeare's insights showing how these relate to and even amplify the conclusions of later and on going research In our time of disconnectedness from nature the book discusses neglected human experiences which represent an important part of life and which do in fact occur to most of us In doing so the book raises awareness against the emptiness of a zombie like existence in today's society and offers a new approach to life and death and their deeper meaning **Department of Justice's**
