Dreams of Re-Creation in Jamaica Diana Cooper-Clark, 2017-07-06 Diana Cooper Clark has written a book that uncovers a hidden history in the Holocaust narrative The stories of seventeen Holocaust survivors who escaped to Jamaica and who are among the last eyewitnesses to the Shoah are inspiring As well she reveals the involvement of Jamaican Jews with the refugees and the Holocaust and the virtually unknown story of the killing of Caribbean Jews in Nazi concentration camps In addition *Dreams of Re Creation in Jamaica* has dozens of never before published photographs shared by the Jewish refugees This book also sheds light on the Sephardim and their marginalization in the history of Hitler s extermination policies These compelling tales bring together World War II Jewish refugees and Jamaican Jews stories that have previously slipped through the cracks of history As a child of six years old in Jamaica Cooper Clark read a book about the Nazi Karl Eichmann thus changing her life She swore to spend the rest of her life bearing witness to the Holocaust For everyone inspired by survival stories and the triumph of life over death for both individuals and communities this book is a must read **The Pakn**

Companions for Each Day A. J. M. & J. K. Mousolf, 1986 *Jesus as Mother* Caroline Walker Bynum, 2023-09-01 From the Introduction by Caroline Walker Bynum The opportunity to rethink and republish several of my early articles in combination with a new essay on the thirteenth century has led me to consider the continuity both of argument and of approach that underlies them In one sense their interrelationship is obvious The first two address a question that was more in the forefront of scholarship a dozen years ago than it is today the question of differences among religious orders These two essays set out a method of reading texts for imagery and borrowings as well as for spiritual teaching in order to determine whether individuals who live in different institutional settings hold differing assumptions about the significance of their lives The essays apply the method to the broader question of differences between regular canons and monks and the narrower question of differences between one kind of monk the Cistercians and other religious groups monastic and nonmonastic of the twelfth century The third essay draws on some of the themes of the first two particularly the discussion of canonical and Cistercian conceptions of the individual brother as example to suggest an interpretation of twelfth century religious life as concerned with the nature of groups as well as with affective expression The fourth essay again on Cistercian monks elaborates themes of the first three Its subsidiary goals are to provide further evidence on distinctively Cistercian attitudes and to elaborate the Cistercian ambivalence about vocation that I delineate in the essay on conceptions of community It also raises questions that have now become popular in nonacademic as well as academic circles what significance should we give to the increase of feminine imagery in twelfth century religious writing by males Can we learn anything about distinctively male or female spiritualities from this feminization of language The fifth essay differs from the others in turning to the

thirteenth century rather than the twelfth to women rather than men to detailed analysis of many themes in a few thinkers rather than one theme in many writers it is nonetheless based on the conclusions of the earlier studies The sense of monastic vocation and of the priesthood of the authority of God and self and of the significance of gender that I find in the three great mystics of late thirteenth century Helfta can be understood only against the background of the growing twelfth and thirteenth century concern for evangelism and for an approachable God which are the basic themes of the first four essays Such connections between the essays will be clear to anyone who reads them There are however deeper methodological and interpretive continuities among them that I wish to underline here For these studies constitute a plea for an approach to medieval spirituality that is not now and perhaps has never been dominant in medieval scholarship They also provide an interpretation of the religious life of the high Middle Ages that runs against the grain of recent emphases on the emergence of lay spirituality I therefore propose to give as introduction both a discussion of recent approaches to medieval piety and a short sketch of the religious history of the twelfth and thirteenth centuries emphasizing those themes that are the context for my specific investigations I do not want to be misunderstood In providing here a discussion of approaches to and trends in medieval religion I am not claiming that the studies that follow constitute a general history nor that my method should replace that of social institutional and intellectual historians A handful of Cistercians does not typify the twelfth century nor three nuns the thirteenth Religious imagery on which I concentrate does not tell us how people lived But because these essays approach texts in a way others have not done focus on imagery others have not found important and insist as others have not insisted on comparing groups to other groups e g comparing what is peculiarly male to what is female as well as vice versa I want to call attention to my approach to and my interpretation of the high Middle Ages in the hope of encouraging others to ask similar questions From the Introduction by Caroline Walker Bynum The opportunity to rethink and republish several of my early articles in combination with a new essay on the thirteenth century has led me to consider the continuity both of argument and of approach that un

Saints Dawn Marie Beutner, 2020 Jesus told us to be perfect and the Second Vatican Council highlighted this command by speaking of the universal call to holiness for all Christians How do we answer this call One great way is to learn from and pray with the saints the ordinary men and women who fought the good fight to be holy until the end of their lives and won The saints have inspired Christians for more than two thousand years because they show us what it looks like to follow Jesus Christ despite countless challenges and obstacles This unique book contains short biographies of several saints along with prayers to each one for every day of the year It also provides definitions of Church terms and other helpful back ground information The saints in this collection come from every period of Church history and all walks of life They represent numerous countries cultures age groups and vocations They show us that holiness truly is a path open to anyone and by their example and prayers they help us to follow it New York Magazine, 1996-07-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made

Johnson,2020-03-30 This book examines how the writings of the thirteenth century nun Gertrude the Great of Helfta articulate an innovative relationship between a person s eucharistic devotion and her body It attends to her references to the biblical monastic and theological traditions including attitudes and ideas about the spiritual and corporeal senses in order to illuminate the affirmative role Gertrude assigns to the body in making spiritual progress Ultimately the book demonstrates that Gertrude leaves behind the dualistic aspect of the Christian intellectual and devotional tradition while exploiting its affirmative concepts of bodily forms of knowing divine union *Chronology of Women Worldwide* Lynne Brakeman,1997 Gift Local 11 22 2004 59 95 *Job 38-42, Volume 18B* David J. The Female Mystic Andrea Janelle Dickens,2009-05-30 The Middle Ages saw a flourishing of mysticism that was

astonishing for its richness and distinctiveness The medieval period was unlike any other period of Christianity in producing people who frequently claimed visions of Christ and Mary uttered prophecies gave voice to ecstatic experiences recited poems and songs said to emanate directly from God and changed their ways of life as a result of these special revelations Many recipients of these alleged divine gifts were women Yet the female contribution to western Europe s intellectual and religious development is still not well understood Popular or lay religion has been overshadowed by academic theology which was predominantly the theology of men This timely book rectifies the neglect by examining a number of women whose lives exemplify traditions which were central to medieval theology but whose contributions have tended to be dismissed as merely spiritual by today s scholars In their different ways visionaries like Richeldis de Faverches founder of the Holy House at Walsingham or England s Nazareth the learned Hildegard of Bingen Hadewijch of Brabant exemplary voice of the Beguine tradition of love mysticism charismatic traveller and pilgrim Margery Kempe and anchoress Julian of Norwich all challenged traditional male scholastic theology Designed for the use of undergraduate student and general reader alike this attractive survey provides an introduction to thirteen remarkable women and sets their ideas in context *Love, Peace, and Joy* Very

Calypso Jews Sarah Phillips Casteel,2016-01-12 In original and insightful ways Caribbean writers have turned to Jewish experiences of exodus and reinvention from the Sephardim expelled from Iberia in the 1490s to the Calypso Jews who fled Europe for Trinidad in the 1930s Examining these historical migrations through the lens of postwar Caribbean fiction and poetry Sarah Phillips Casteel presents the first major study of representations of Jewishness in Caribbean literature Bridging the gap between postcolonial and Jewish studies Calypso Jews enriches cross cultural investigations of Caribbean creolization

Caribbean writers invoke both the 1492 expulsion and the Holocaust as part of their literary archaeology of slavery and its legacies. Despite the unequal and sometimes fraught relations between Blacks and Jews in the Caribbean before and after emancipation, Black Jewish literary encounters reflect sympathy and identification more than antagonism and competition. Providing an alternative to U.S.-based critical narratives of Black Jewish relations, Casteel reads Derek Walcott, Maryse Condé, Michelle Cliff, Jamaica Kincaid, Caryl Phillips, David Dabydeen, and Paul Gilroy among others to reveal a distinctive interdiasporic literature.
