[The Book of Mormon](#) Joseph Smith,2017-01-05 The Book of Mormon is a sacred text of the Latter Day Saint movement which adherents believe contains writings of ancient prophets who lived on the American continent from approximately 2200 BC to AD 421 It was first published in March 1830 by Joseph Smith as The Book of Mormon An Account Written by the Hand of Mormon upon Plates Taken from the Plates of Nephi According to Smith s account and the book s narrative the Book of Mormon was originally written in otherwise unknown characters referred to as reformed Egyptian engraved on golden plates Smith said that the last prophet to contribute to the book a man named Moroni buried it in a hill in present day New York then returned to earth in 1827 as an angel revealing the location of the book to Smith and instructing him to translate it into English for use in the restoration of Christ s true church in the latter days

[EGYPTIANISMS IN THE BOOK OF MORMON AND OTHER STUDIES](#) Robert F.

Smith,2020-12-31 Three studies of the Book of Mormon 1 Detailed analysis of the Egyptian characteristics of the Book of Mormon 2 editorial markers in the Book of Mormon and 3 a broad look at the realia of the Book of Mormon as evidences of historical authenticity

[How The Book of Mormon Came to Pass](#) Lars Nielsen,2024-04-01 Several explanations for the seemingly sudden appearance of The Book of Mormon in 1829 first published in 1830 have been put forth by both historians and apologists alike Each holds some value to its advocates while displaying obvious inconsistencies and unexplained features However significant new evidence necessitates the revision of all such authorship theories including and especially the sole authorship hypothesis that Joseph Smith Jr between the ages of twenty two and twenty three single handedly

composed all the sentences in The Book of Mormon through creative writing automatic writing or inspired dictation Neoteric observations reveal deliberately hidden details in Mormonism s keystone scripture that could not have been put there by Smith What is the real story behind how the two bookending characters Nephi and Mormon got their names Where did the idea of Nephi being guided through the wilderness by a spiritually magnetic compass a curious ball having pointers spindles and writing on its sides truly come from In this book such details are called Kircherisms a new class of anachronisms in The Book of Mormon These Kircherisms have revealed a fresh set of influences an undiscovered source text and a wellspring of intriguing evidence that has never been published anywhere else With an infusion of new data this book presents a novel and distinctive exegesis as well as a mutually exclusive and collectively exhaustive framework for organizing and evaluating the merits of all prior authorship theories One mechanism in particular has emerged as the most comprehensive evidence based and satisfying explanation for how The Book of Mormon came to pass Trigger Warning This book is not written for true believing Mormons TBMs If you are a TBM and you do not yet have a robust support system outside of the Mormon church do not read this book If you continue to read it you accept the responsibility of managing your immediate or eventual faith crisis in a way that will not result in harm to yourself or others

David

Persuitte,2010-07-27 Just as a growing interest in millennialism at the turn of this century has rejuvenated religious debate and questions concerning the fate of the world so did Mormonism develop from millennial enthusiasm early in the nineteenth century Joseph Smith the founder of Mormonism and a provocative even controversial figure in history declared that he had been given the authority to restore the true church in the latter days The primary source of Smith s latter day revelation is The Book of Mormon and to fully understand his role as the founder of the Mormon faith one must also understand The Book of Mormon and how it came to be Unfortunately the literature about Joseph Smith and The Book of Mormon is permeated with contradiction and controversy In the first edition of this impressive work David Persuitte provided a significant amount of revealing biographical information about Smith that resolved many of the controversies concerning his character He also presented an extensive comparative analysis positing that the probable conceptual source for The Book of Mormon was a book entitled View of the Hebrews or the Tribes of Israel in America which was written by an early New England minister

named Ethan Smith Now in an expanded and revised second edition incorporating many new findings relating to the origin of The Book of Mormon Mr Persuitte's book continues to shed much new light on the path Joseph Smith took toward founding the Church of Jesus Christ of Latter day Saints     The Book of Mormon and its relationship with the Bible David J. Richards, 2017-11-17 The Book of Mormon is an influential and controversial book It launched a religious movement has been believed by millions to be scripture and has been derided by others as fraudulent Despite this or perhaps as a result the book's contents have been subject to both academic neglect and popular myth This book challenges some of that neglect by examining the Book of Mormon through the lens of its relationship with the Bible a work which the Book of Mormon openly quotes and expects to be read alongside and the only text which everyone agrees is connected to the Book of Mormon Through close examination of the Book of Mormon text and biblical parallels including three substantial case studies this book examines the ways in which the Book of Mormon draws upon and interprets the biblical text This book demonstrates the complexity with which the Book of Mormon handles biblical material and the close correlation between its reading of the Bible and the Book of Mormon's own core themes     *Book of Mormon Critical Text, 3rd ed., vol 1: 1 Nephi - Words of Mormon* Robert F. Smith, 2024-12-31 Volume 1 of 4 volume study of the variant readings of the manuscripts and editions of the Book of Mormon with inter and intratextual parallels in a critical apparatus in footnotes and a full chronological matrix in footers The result of over 50 years of work on the Book of Mormon Critical Text Project     Interpreter: A Journal of Mormon Scripture, Volume 16 (2015) Daniel C. terms Mormons use and their views on the Bible Ankerberg and Weldon reveal the chasm between Mormonism and traditional Christianity This clear well written guide equips readers to use the truths of God s Word to defend the faith
